Happy New Year! Diary, I
hope you will continue to in
record as happy days as we
your sixteen predecessors.
I dragged myself out of bed too
at eight to get the children too
up and let Hargis sleep till let
eleven while I attended to in
the furnace and any other &
duties. Then Ellen & I went
down to call on Aunt L. the
still in bed with neuritis. I
Matthew & Heine came to &
a sauerkraut dinner and lay
after Hargis was fed Heine &
I took a walk leaving the was
children with M-D. Charles so
& Hargis came in from their in
walk & we talked over the
dance last night. We went in
over there to supper & then from
M-D. & I beat Hargis & Heine
at bridge. But we were not
all asleep & beat on a party then.

Thursday, January 2, 1930

I got up to dress the children but went back to bed & let Dorothy feed Henry & Elsie & eat with her daddy - which he didn't like - too much conversation so early in the A.M. I got up in time to breakfast before bathing Henry. After lunch I took a nap until time to get Henry up. Put them out on the porch and was writing to Cousin Marnie when Gen came with little Jane. We put her on porch, too and had a peaceful time for an hour when the children came down & we had tea & Heinie came in & there was turmoil. It was fun tho. I finished my letter when Gen left. After dinner Hugie took me to a short chain practice for Sunday night & then I read the Post instead of the paper.

Friday, January 3, 1930

Fel been but I got up and fed Henry his breakfast in my bathroom and later gave him his bath, but let Dorothy do my washing. I must take life easy - I think I work too hard - for my purposes right now. After lunch I lay down to rest but Henry decided differently so I dressed & fed him & put them both out on the porch & then I napped - blissfully, but was awakened at 3:30 by terrific screams from the babies when I asked Ellen what was wrong she said she was hungry! I brought them in & managed to write to Kate & Fannie. Heinie came in & then the babies began to fuss they know her! After dinner Hugie & I saw George B. in the night - very good.

Saturday, January 4, 1930

Did not set the alarm for 4 A.M. & Ellen slept thru successfully. A.M. as usual, Reini went down with me. After lunch I took a nice nap, fed Henry & put their bath on the porch. Maureen arrived & we chatted & sewed. Then Reini & Cat came in from a walk, Mary Helen arrived & we had tea quite a party - the children had to be brought in, but they played nicely, although noisily with pans in the dining room. After dinner Hugo went down town to bowl and I wrote letters till my arms ached to Stewart & Aunt Gertie, thanking them for their presents and then to Bebe & Ma, sending them all pictures of Henry in his bathrobe!

Sunday, January 5, 1930

Again Ellen passed the night in aridity! And how I am worried! Went to church with Hugo & we stopped in to see Aunt L. afterward. He was very bright today. After dinner Hugo did not go to walk as Charlie is out of town. Instead he took Edna & Henry & me for a ride and we did enjoy it so much. A beautiful afternoon but too cold. Home in time for the cooked apples. M-D. has a bad cold so Hugo & I did not go there to supper, instead. Hugo laid out a feast while I put babies to bed. Then went to sing in the choir at a special musical service & poor Hugo had to stay home with babies. Then he & Reini called on Mr. Bridges. Popped on

Monday, January 6, 1930

My, but it is dark at seven!
got to work right after breakfast on a big pile of wash-
and went down town quite
early so I had a lot of
shopping to do. After lunch
I napped till 2:30 and then
had to rush to get Henry
ready to take a walk with
Ellen & Jim & Jane. Quite a
long walk we took so it is
a gorgeous day. Then we
came in time to make tea
& Mrs. Cliffe & her Katherine
came too - quite a gathering
Henry & Jane same age - Ellen
& Katherine same age & they
were all very cute. After
dinner I went to Mrs. Poe's to
a very nice meeting of St.
Mary's Guild. Mrs. Blain
elated pres. again - thanks
goodness. Lots to eat. Aunt
Sarah [unclear] door.

Tuesday, January 7, 1930

A very spring-like day. I did
another big washing - so
big in fact that it was ~~hard~~
done when I had finished.
Ellen & I had lunch alone -
I hurried around and soon
Henry began to cry so I dressed
him & took him out on the
lower porch while I cut Ellen's
hair. Hugie came in for a run
with one of his agents. Then I
fed Henry & Martha arrived
& we took the babies down
town. When we got home
I put the babies on the upper
porch with their apples &
Martha & Heine & I had
tea. Then the babies came in.
After dinner Hugie took
me to see Harold Lloyd in
"Danger Welcome" - a very
good comedy - how we did
laugh! And when we got home
we, in triumph of the tea - said

Wednesday, January 8, 1930

This warm weather is fine for Ellen's new habit of sleeping unmolested but my word hard it is to get up in the A.M. Today I tackled so many extras to wash that I had to leave them hurried to go down town. After lunch I bathed my duck boots & ordered blankets for Ellen's bed - that's there present. Then I fed Henry & put him out on the porch with Ellen while I finished my washing. By that time I was overcome so I lay down on davenport but was interrupted as after I finally gave up. Henry came in, just as did the babies & I began to darn. After supper Hugi is had it all arranged for his me to stay here while we went to see Mary Pilaford & Douglas Fairbanks in "Darning of the Shaver." Enjoyed it very much. Darned Cuts - M. 2 + 1. Done.

Thursday, January 9, 1930

Tried out my new roll-up clothes line in the bathroom. Henry caught & caught when he saw it. Went down town & mailed the ~~receiving~~ to Mary to exchange. After lunch I took a nap while Ellen played beside me. She is very good when Henry is asleep. Then I fed Henry & we came down here to talk to Betty Galt who had brought her knitting, which I had to fix for her. We had tea too - some cakes Aunt A. sent - and I actually got 4 pairs of darned. After dinner Hugi went out to fowl and Henry came over with her sewing. I wrote to Sarah Hastings, sailing for Africa & to Betty M. When I sewed too. Hugi came at 10:30 - O.

Friday, January 10, 1930

It has got cold again. more like January. I did various chores and attended to Henry then went down town. After lunch I started a letter to Mae but was interrupted by Grace who stayed while I fed Henry and told me all her physical troubles. Then she left in her car and I took the children for a walk. I left them in back to yard while I went in to see Aunt L. for a few minutes. She is not so well today, altho always looks the same. Heinie & I had tea when we got home. After dinner Hugie & I went to the Union service at our church. Mr. Thompson, Presb. preached a very good sermon on sects. believing different parts of Bible, losing main point Christ. Hugie walked with C. + I.

Saturday, January 11, 1930

I just couldn't get down to work this morning - did everything but what I should. Started down town at 12! - Heinie + Hugie was patiently waiting. After lunch I read until time to feed Henry, then Heinie & I took them for a brick walk. Heinie went home to sleep off a head and I, after serving apples, etc. made some candy out of a can of coconut. Mae donated some. Then I smoked a bit - that ever-lasting gray goon. After dinner Hugie went down town. I called up the bridge club - we are asking to become permanent in Mary's place. When that was finally done I fell asleep! Hugie woke me & read to me when he returned.

Sunday, January 12, 1930

went to church and to see Aunt L. afterward. she looked very well today. Then home to our dinner party - we had expected Stew & Margaret but when they sent word that Stew had gripped we invited M-2, Heinie & Charley & came to partake of the roast beef. And we all seemed to enjoy it. Charley certainly is crazy about these children. M-2 & Hugie went for a walk & after Heinie & I had fed Henry, etc. we took a stroller out and then settled down to sew with M-2. Nice day. Had supper next door - Heinie & Hugie chummed but I helped M-2 with the dishes & then came home to write to Ma - I think this was Berta's birthday. Sorted Mrs. cards & kept a few ones. Hugie read to me

Hugie asleep when I went to bed & then on hang-a-tale!
Monday, January 13, 1930

Don't feel so well today - I wonder - Did my look after a fashion and went down town in the warm drizzle to meet Hug. After lunch she arrived and we settled down to make more talleys. I made 16 for Mary's birthday present. It was an effort as I feel so poppy. Dorothy took care of the babies and made tea for us. I won't tell five-thirty & then rushed the children to bed. After dinner Hugie went to towel & I got ready for my bridge club. Jo came as a new member in Mary's place. Betty substituted for Martha. Heinie & I played against Jo & Passy. Sandwiches & wine.

Tuesday, January 14, 1930

After dressing babies I slept till
time to feed Henry his break-
fast - such dark sleepy
mornings. Got to work on
large wash. I didn't do
yesterday. Worked right up
till time Heine & M-D. came
to lunch. Heine called up later
to say Dr. at school couldn't
give my babies topin anti-topin
so after I had fed Henry I
took them bath down with
fear & trembling. Ellen went
first & never made a sound
but Henry yelled. Then I
stept in to see Aunt L.
Do they put babies to bed
& I went to State College with
Hugie to supper. Called up
Dorothy to see how babies
were - fine! - so went to the
movies - Ronald Colman &
Ann Harding in "Condemned"
a very good movie. Niceing, 0

Wednesday, January 15, 1930

Got interested in a Post story
at breakfast and almost
forgot to get to work. Ironed
a few lace doilies I had
mended. Got Henry to bed
& then Hugie appeared in his
car & as it was late took
me down town. We presented
M-D. with another bridge
table as it is her birthday -
60, I think. After lunch I
took a nap, fed Henry etc
& then Martha came for
our usual pleasant after-
noon & tea. I actually got
a lot of mending done, too.
Then the babies to bed. &
Heine & M-D. came to dinner.
A surprise for M-D. We used
all the best china & silver etc
& ate a stew! Then we played
duplicate - M-D. & I won.
And still later Heine & I made
& ate with which some, 10

Thursday, January 16, 1930

Got to work on a great pile of diapers which had been soaking. put the clamp to bed and then stop to see Aunt L. on my way down town. Dr. Dale was there, teasing as usual. After lunch I napped - when I have so much to do, too. After I had fed Henry I put them both in their room, windows open & let them play there for an hour - not so cold as the porch. Dressed on the machine put away the wool, etc and then we came downstairs. I ordered blankets for Ellen & wrote to Ma. After dinner M-2. stayed with babies while rest of us went to a church card party - quite a few of our friends there so it wasn't as bad as some of those parties. Henry was privy!

Friday, January 17, 1930

Buised around, sewing on the machine, etc before time to give Henry his bath. Then I did the wash & went down town. After lunch I did some mending - I keep it on downport so I can't get away from it. Then I fed Henry & put him & Ellen to play in their cold sunny room and I mended in place. Of course just when I had to go next door to help Henry's poor corse for M-2's bridge club they wanted to come downstairs. I left them here alone with their apples. When I got back Ellen had got into my wig box & I spanked her & she sort of passed out & scared me. Took little walk with Henry when D. came. Henry went to his fight & I mended all evening.

Saturday, January 18, 1930

Beautiful snowfall during night. Got busy with my eternal mending - if I shall only get caught up! Put Henry to bed - & he wouldn't stay covered. Went down town with Heinie & seemed to carry most of the stores home with us. After lunch I replanted my ivy box etc until feeding time, then Heinie & I took the babies out front to coast. It was lots of fun, but soon they got cold & I had to bring them in. I made tea & then Heinie deserted me so I had to drink it alone, with babies trying to climb all over me. Finally put them to bed & Hugie & I feasted on onion etc. sandwiches that Dorothy made - she wanted tonight off. Then I sewed & Hugie mended things around

Sunday, January 19, 1930

Zero when we got up at eight. Rushed about trying to keep the babies & myself warm. Hugie came home after church school to fix furnace & we went to church together - on time! Stopped to see Aunt L. - looked quite badly today. After lunch Hugie went off with Charlie & Heinie & I was trying to get up nerve to ask Mr. with headache to keep babies while I walked. Cat & Pussy came for Heinie to walk & Pussy like an angel stayed while I went for a lonely snappy walk with Cat & Heinie. Pussy played with them in their cold room. Then Pussy waited while I stayed home. I sat next door. I painted Post Stories together & Charlie came

Monday, January 20, 1930

Cold again so I made the babies stay in bed till the house warmed a bit. They talked to each other & had lovely time. Did my washing early & was on time meeting Hugie. After lunch I went to Gen's to make tally cards which Martha ordered \$1.50 a doz. It was fine until Dorathy, who wanted to see a boy friend in the hospital left Henry & Ellen with us & Jane came down stairs when our peace was disturbed. Henry "gallied" on floor, broke a glass & squeezed paste all over everything. Hugie came & took Ellen away - to coast. But we each made a dozen tally. After dinner I got inspired to make & cover a box to keep Post-It in!! Later Hugie & Dorathy.

Tuesday, January 21, 1930

Warmer today & more snow. Fussed around not accomplishing very much and so was very late going down town but Ellen & I lunched alone so no one was delayed. Hugie was at a Trust Co. Braquet. After lunch I wrote to Ma, sealed it & then received a box of Ellen's under clothes from her. Ted Henry & got them bath ready to go coasting. We coasted on the sidewalk for a while & then took to the street & had a glorious time - but, oh, the uphill! Henrie came along & we came in & had tea & apples. Cat & Pussy & Henrie to a sauer brant dinner lots of fun - then we had the boards - interrupted by Pussy & H. won - fine time.

Wednesday, January 22, 1930

Was stitching up on the 3rd floor when Heinie telephoned that inoculation doctor was at the school, so I rushed Henry & Ellen down there as the doc. Ellen cried a little this time so did Henry but not so much as last time. Then I wearily pulled them home & put Henry to bed & went down town. I must be on time to meet Huguie he says. After lunch I took a much needed nap, fed Henry & put them out to play in the snow while I did the wash. Then Grace came & I made her some popcorn. After I brought the children in Huguie came to take them coasting & I had to bundle them up again! After dinner Heinie & I went up to Grace's to the bridge club. Dined with her & enjoyed it. Long one cold.

Thursday, January 23, 1930

Dorothy & I washed the blanket that used to be on Ellen's bed before she got her own. It looks nice too. Probed around & got down town in plenty of time. After lunch I dressed Henry who would not stay under his covers - his very restless these days, cutting stomach & eye teeth & gets me up in the night. Then Dorothy & I got to work cleaning brass. I put the children in their cold room to play. Huguie came about four & took me to see the new P.O. & then we had a soda & took a nice ride on the snowy country roads. After dinner we read & then I included his milk while he read aloud. Nice.

Friday, January 24, 1930

A.M. as usual. Keeping in step with time. After lunch I ~~remembered to do~~ ~~do~~ I drew a little girl on a piece of muslin which I shall work with candle-wick for a bedspread for Ellen's bed. Fred Henry & put both children to play in their room & Martha came & we sewed in peace downstairs for a while, then tea - & apples. Betty's guest dropped in for a few minutes. And after dinner we got the guests to come and play bridge with us. They held all the cards. Mr. Gast is a funny combination of intellectual priest & school boy. We had ice cream & it was very late when they left. Babies got me up early in the

Saturday, January 25, 1930

Reluctantly rose - Hugie shaved in evening now to avoid our bathroom quarrels! Seemed to do a great deal of washing and at 11:30 Hugie came home to get me to go to the college with him. We had a delicious lunch at the Corner Store & then went to the gymnasium to see State box W. Virginia 6-1 and wrote Penn. 28-6. When we came out there was a regular blizzard blowing. We waited in vain for string for my tallys and then had a very nice home. I did so enjoy it all. After dinner we went to Joe's surprise birthday party for Pete. We played all kinds of games with cut-out ads, baby pictures & silhouettes. It was great fun. 13 people there. And he

Sunday, January 26, 1930

Ellen had me up so many times for nothing that finally I spanked her & then we both slept. Didn't intend to go to church but Dorothy thought I should! so off I went with Hugie when he came to fix the furnace. He stopt in to see Aunt J. & she seemed very well. After dinner Charley came for Hugie and I attended to my duties & then Annie came over & persuaded me to leave the babies with M-D. while we took a walk - which I enjoyed very much. Then M-D. & I sat & talked & admired the babies. Supper next door. Hugie went to church & I wrote to Ma. He tried to go to bed early but Henry was troublesome. Henry & Toot

Monday, January 27, 1930

Did a large washing and went down town - in at Hazel's Joe gave me a printed muslin sample I've been coveting and after lunch when Gus came we used it to make a tally card. Dorothy kept the babies upstairs and we had a delightfully peaceful time. But I felt funny and couldn't seem to make my talkies look right - and later I discovered why! We had tea & cake. Got the babies to bed with the aid of a large drink and after dinner I let Hugie go to the church meeting. I was going to bed but M-D. came in so I talked to her & made Tally cards for Tally cards. Bed.

Tuesday, January 28, 1930

Stayed in bed & Hugie got Dorothy
to feed Henry, etc and I finally
got up at 9:30!! Bathed Henry
& enclosed while Dorothy
did my wash. After lunch
alone with Ellen took a
nap and then Helen phoned
that the doctors were there &
I rushed to get Henry dressed
& fed & got Hugie to take us
down to the school for the
last inoculation thank
goodness. Ellen didn't cry.
Brave girl. Later Martha
came & we both darned &
drank tea & discussed babies.
After dinner Hugie took Helen
& me to the college to see
John Barrymore in "Guard
Crack" - one of the very best
movies I have ever seen.
We had to wait in line but
it was well worth it. A beauti-
ful picture of the 14th century wars & loves

Wednesday, January 29, 1930

Let Dorothy feed Henry a-
gain while I slept peace-
fully. Got out some pre-
marriage shirts to wear
everyday & save my silk
ones. Bathed Henry & did
some darning. After lunch
took a nap & was wakened
by Gen & Jane - hurried
to feed Henry & put the
children in their room to
play while Gen & Jane
were tallying. Jane soon
began to cry & was brought
down & at apple time time
came down & then Gen & I
had to struggle to get any
thing done. Henry got a lot
of green water cold. (Dorothy
finished our dinner. After
dinner Hugie went out & Helen
came over & I cut out piles
of tally card dresses! Betsey M.
phoned that her mother died.

Thursday, January 30, 1930

Henry lost his supper twice during the night - the green paint?? Did my work & stop in to see Aunt L. on my way downtown - she was X-rayed & there is something the matter with the bone in her leg - poor darling was all upset. After lunch I took a nap, fed Henry & put him & Ellen to play in their room & ripped, ironed & started to sew up again a blue flannel georgette - too tight & too short. In the midst of it Heinie got me to go over there & have tea with her & a school teacher, Mary Rogers. M.D. played with children. Hugo & Charlie & Father down. Walked to dinner at the club. Date alone & Mrs. Blair brought me \$1.50 from Tally sold! Heinie came over for the evening.

Friday, January 31, 1930

Did large washing and went down town to meet Hagio & Norman White who came to lunch. He ordered a dozen Tally cards as I set to work to make them as soon as they left. Dorothy stayed to keep the babies you couldn't come but I did not lack company - men fixing refrigerator. & then Jo came with her 2 off spring & then Heinie & Betty. Dorothy made us all some tea & I went right on working & finished 2 dozen! But I was tired. After dinner Hugo had to hurry off to bowl. I put strings in my cards then Heinie & I went to Geo's & the bridge club. I had to play with Betty last. Good catch.

Saturday, February 1, 1930

Did my work & pleasure
as usual & went down
town - mailing the tallies
to Norman Wolcott. After
lunch I paid a depressing
joke of pills, fed Henry &
put them in their room &
stitched some slits for
Heinie, then we sat sewing
& I suddenly got an over-
powering desire for an elec-
tric sewing machine &
called up the salesman!
He came & got me all ex-
cited & after he left Heinie
& I were figuring ways &
means when Hugie came
in & blew me up because it
was 6 & babies still down-
stairs!! I rushed them to
bed & after dinner Hugie
calmed down & talked machine
with me. Martha & John came
to bridge & H. & I beat them.

Cloudy - did the ground-hog
come out?
Sunday, February 2, 1930

Dorothy has today "off" - so I
did not go to church but
took care of my babies and
cooked pork & sauerkraut
for dinner. Hugie stopt
in to see Aunt F. After
dinner I let Ellen feed
Henry while I washed the
dishes - she is too cute and
does it very well. Finally,
everything in order, I sat
down to make a dozen
tally-cards. Heinie came
over & saved - Betty fast
came in, too & offered to
help me but I shooed her.
Supper next door and
then Hugie took his ma to
church and I wrote a
very long letter to Ma & Dad
& then finished my tally-
cards. I love to make them
- if only I could sell them
for a few & make some money.

Monday, February 3, 1930

was getting my work done energetically when Jo came in for some of the corn cake she gave me; then the man brought a beautiful electric sewing machine & another man came to fix something on the stove. Dorothy had to put Henry to bed and I rushed down town just before twelve. After lunch I tried various positions for the machine & various ornaments for on top. It is in dining room like a sewing table. For Henry did the wash I left this A. M. & finally got settled to trying out the machine with my blue georgette dress. It is wonderful! After dinner Heino & I went to Dorothy Schab's to St. Mary's Guild where I saw old red leather bag - I miss my cigarettes at the

Tuesday, February 4, 1930

Dorothy's mother is sick & she didn't come! I rushed about - and later got hold of Dorothy to come this afternoon as I wanted to go with her & her guest, Dotie Bateman, Cat, & Dorothy Schab to the college to lunch and the movies. We had a delicious lunch at the top corner but there were two movies so we came back to Martha's & had tea! - and completed a large jigsaw puzzle she had there!! Dorothy stayed to get dinner - & baked chocolate cakes as a surprise for me! After dinner Hughie bawled & I took some silver over to Mrs Blair - who will sell it - then I wrote to Joe Boyd -

Wednesday, February 5, 1930

Dorothy stayed away again today. I washed around, got Henry to bed early & went down to Aunt L's to have Holy Communion with her - just the two of us & Mr. Gost. I felt very complicated. She is being taken to a hospital in Phila. tomorrow. Then went down town, met Augie & we cooked lunch - I had put potatoes in my rice new oven before went out. After lunch the man came with another sewing machine for me to try out - I'd one. Then I had to feed Henry but finally got quiet & four. I had the dishes & coal thing washed. Then apples then I stitched on the new machine & Annie came in & pinned on ruffles for me. Put babies to bed, Augie & Pat & went & reached down to see just say no & Charles Farrell in

Thursday, February 6, 1930

Dorothy back again, praises be! But I seemed to be just so busy. Went down town & bought materials for dresses for Ellen & me because they would make nice tallies! After lunch I took a long blissful nap. Fed Henry, or rather Ellen fed him while I washed his pants, then came downstairs to sew first on one machine then the other. Martha came. Henry upset the ink box all over the floor! Had tea. Ellen made a pie in the dining room - in potty - just as Augie came in - and then it all struck me as funny. After dinner I wore the blue dress I stitched today to the card party at the church - rather bringing for some queer. O.B.

Friday, February 7, 1930

Slept late and hurried to
catch up again. Went down
town. After lunch the sewing
man came to take one of
them away. Gen came, too
& we made Tally cards -
altho I had to take care of
the children too. Ellen fed
Henry while I washed & then
I put them in their room.
They threw all their toys out
the window! When I got
those picked up Hugie came
to take them coaxing - thanks
heaven. Gen & I had tea, too
but in spite of it all I
finished a dozen & gave
them to Heinnie for her party.
Then I dressed & went with Gen
& Brickley to elect where Brickley
had a dinner & bridge for 16
as surprise to Gen & she was!
Her birthday & I was one of her
honorees. It was lots of fun.

Saturday, February 8, 1930

Seemed to do every thing
but what I should do -
finally got every thing
done & went down town.
After lunch I hung around
waiting for the sewing machine
man who took me to his
house to see a mahogany one.
Then I dressed & went next
door to a lovely party - 3
Tables - in honor of Agnes
Scott who is making sundries
with Heinnie. She liked my
tatties so I liked her. She
came over afterward to
see the babies while I put
them to bed. After dinner
Hugie & I suddenly decided
we would take a trip on Fri-
day! So I wrote to Isabel
Wacy & Stebbie & Hugie went
out to mail them. I started one
to Ma but was interrupted by Heinnie
& Gen & Charley - & I forgot to write.

Sunday, February 9, 1930

Went to church when Dorothy came to take over the babies Heine & Agnes there, too. An early dinner which gave me time to finish Ma's letter & write to Betty Martin before time to wash Henry. Ellen started to feed him but made such a mess wiping soup & apple sauce I had to finish the job. Put them in their room but Ellen was terrible - cried all the time. Finally I brought them down & finally finished patching an evening dress & take on our trip. Supper next door - Agnes is so nice. Hugie went to church & when he returned he & I beat Agnes & Heine at bridge. They stayed quite late - Hugie & I just never got to bed early any more. Beautiful & superb day.

Monday, February 10, 1930

Got my work done promptly & went down town early - to see Miss Cooney about wares she's selling for me & to buy curtains at etc. I was late meeting Hugie! Terrific snow storm at noon.

After lunch I talked to M. J. about ordering materials for dresses and then rushed down to Gus's where I saw a dozen tallies. We had tea & she gave me books on Sex!

Jane was yelling around, she is a spoiled brat. Rushed home to put the babies to bed and after dinner I wrote to Aunt Louise & then went coasting with Hugie. It was marvelous. But we saw Mary Curtin & 3 boys being carried away on stretchers from an accident coasting on Saint St! But we kept on! We read up books & tallies.

Tuesday, February 11, 1930

Washed my knitted dress
for our trip - seemed to wash
everything else in the
house, too. Put Henry to
bed and finally rushed
down town. After lunch I
wrote a note to Kelly to ask
if we can visit there & then
foolishly got interested going
over the old list of my
wedding presents to see what
I still have!! Consequently
I was late when Martha
came. Put the children out
on the porch & started to
fix first one dress & then
another, accomplishing
nothing. We had tea, Martha
getting it ready! Hugie brought
home a wonderful new
iron - Valentine! - He went
out to Kinross. I wrote to
Rachel - visit her? - mended
clothes & did a bit of sewing.

Wednesday, February 12, 1930

Got my work done early
& rushed down town to
do a bit of shopping.
After lunch I started
right in making tallies.
Had to stop to feed
Henry and then M-D.
very kindly offered to
take them out walking.
So, in a nice silent room
I cut & pasted. Hugie
brought home white &
gray another dozen. I
just can't get three
dozen to take on my trip.
Miss Cooney brought a
dozen this A.M. Finally
I had to stop & put the
babies to bed but after
dinner Hugie went to
school & Helene came over
& I finished them and
hemmed the dress I washed
last evening. Bed later.

Warm melting day - Henry fell all the way down stairs Ellen grumpy. Did another big wash & went down town. Got Valentine's from Daddy. After lunch I made tally strings - Jim & I are getting orders! - just when Jim is going away! Ellen had sort of a chill & scared me. M-D. Came over & fed Henry while I made various schedules for Dorothy. Then I packed. Ellen got queer & queerer - couldn't eat an apple - I saw her trip floating away on thin air. She ate a little supper & then seemed to feel better - me, too. After dinner I went to a "children's" party at the church, dressed like a little girl. It was a scream! I won a prize modelling in waxing gum.

Friday, February 14, 1930

Hugie and I packed up & left home about 8:30 in the fog. Dorothy is to stay at the house & take care of the babies. It is a beautiful sunny day. We had a fine lunch in Harrisburg at the Penn Harris and then on thru York & Baltimore to Annapolis - got there at five. We drove up to Courthouse in Hacy's name in the Naval Academy & were welcomed by Percy & Isabel. We had tea. I got a lot of Valentine's from Hugie - & he one from me! We sat & talked & then dressed to go to a large buffet supper at Commodore Carter's. A dandy looking bunch. My too gave me great pain. Changed shoes before going to an officer's ball which was more fun than the dinner. It is all very interesting.

Hugie + Isabel - in one bed! until
ten! Then we went marketing
with Isabel. After lunch we
four set out to see what
athletics we could see - saw
a basket ball game + then Is-
abel + I went shopping while
the men went to the wrestling
matches. I tried to sell my
tallies at a gift shop - too
expensive. But I got some
string for the tally tassels.
Then we went back for the m.
Isabel had a dinner party -
Conrad + Mrs. Dague, Conrad +
Mrs. Scott + Mrs. Barry. The
latter a scream with her
duty + totes! Then we rushed
over to see the Navy box Dem.
24-3. Very good. We came
home + had a few more
drinks + went to the Carnival
Hall field + drinks + dances.
Then to the Scotts for a night cap!

Sunday, February 16, 1930

Got awake at ten + drowsily
dragged out of bed to go to
chapel with Isabel + then
found her sound asleep. But
later Benny took Hugie + me
to see the midshipmen come
out of chapel - fine clear look-
ing bunch - + then showed
us Memorial Hall + other
points of interest. It is bitter
cold today. After dinner we
got in front of the fire and
later I fell asleep. Was
wakened by a large highball
put in my hand, then we
went over to watch the
rehearsal of the play.
Benny is putting on. We
got ourselves some
supper. Then we played
bridge until for my Benny
cheerily put the cards
away - so we got to bed
"early" at 12! Fine! O.

Monday, February 17, 1930

Got up about ten again & after breakfast packed up & left for Washington. I tried to go. Beautiful morning however. We got to Wash. at one and found the National Museum where we had some lunch & wandered about looking at all manner of marvels until my tea gave out. Then we bought a box of candy for Stubby & some post cards & proceeded to find Stubby's house. She lives with her husband's uncle, old Dr. Marshall, a dear, in a funny old house with no tin bathtub! Very interesting. George Marshall her husband is very nice - made some delicious cocktails - had a fine turkey dinner and played bridge & talked till midnight.

Tuesday, February 18, 1930

Got up at nine and after a large breakfast Nuggie left for the Capitol & Stubby took me to the chiropedist from whom I got great relief. Then we went out to old N. C. S. It was not so bad as I thought - everything looked much the same - saw Misses Davis, Peck Moore, Hobart and Mrs. Smith, all looking the same as 10 years ago! Mrs. Smith had her same old line, saving on about me & finally "tell me your name again!" Then Stubby & I went to Nuggie & had lunch at Allie's Inn. Then on to Mt. Vernon. It was a beautiful day and Mt. V. was wonderful. We saw everything & bought some little box tins. Another good dinner here then the Allens & Swifts came in & we drank & played cards & had a great time. We didn't

Wednesday, February 19, 1930

Got up at nine & after a large breakfast of waffles & creamed sweet breads we said goodbye to George & the doctor & Stet went with us out to the school where we dropped her, looked around & then headed our way toward Baltimore where we had synties & lobster at Miller Bros. This! Then on to Philadelphia. It is a warm & springy day and I got a bit sleepy at times. We finally reached Media & then worked for miles around Phila. till we finally reached Chestnut Hill & I recognized the Whitman's street. Rachel & Ellen welcomed us properly then we dressed for a dinner party - Mrs. Mrs. Shearer, Jack Ringa & Ralph Fairies he played bridge & Hugie & Dwan prizes! That Ralph Shearer on the

with the play from Penn!
and such a while! But we

Thursday, February 20, 1930
enjoyed it. Saw Ellen at
bedtime!

Rachel let us sleep till 9:30 & then had breakfast with her. Old Tottie Appel & her strenuous son came in to see us. Same old girl. Then Rachel took Hugh & me into town where we separated - Hugie & I slept a little then had a sea food lunch & then went to the theatre where we met R. again. We saw Constance Collier & an English company in "The Matrilock" - a very good Jewish play. Then Rachel took us to see Aunt Louise at the hospital. We took her some sweet. She looked well & is doing nicely. Then we dashed back to Chestnut Hill to dinner & dashed back again - Rachel took us to Geo. White's School which was as usual except the theatre was particularly filled &

Friday, February 21, 1930

Got up about nine again and after breakfast we once more packed up our belongings and said our farewells. We drove into Phila. and after some little difficulty got the Ford packed & then went shopping and had another seafood lunch at Booth's. Went to my favorite, the "5+10" where I couldn't resist a run over of things. Finally at three we started our way out of town toward Lancaster. Another lovely spring day. Arrived at the Appels in time to dress for dinner. Susie & Phil there too. Susie is pretty big - maybe twins!! We played bridge after a fashion, but most of it was talk. This is such a nice holiday family. O-

Saturday, February 22, 1930

After we finally got up & breakfasted I wrote a very long letter to Ma & Dad - the first in 2 weeks! - and a note to M-D. Kelly came home then & walked with Hugie & me to the new P.O. After lunch Ting helped me make tassels for telly cards until we decided to call on Mrs. Welmer who was not at home - Hugie & I. So we went in to see Kitty & her dear little Molly. She was having her second birthday party. Then we picked up Ting & went out to Susie's where we saw the baby things & had a drink. Phil took Hugie to Pole's for synters & we girls went to the news. Mrs. Iselman & Mrs. Tater, Tony & John & Kate & Ted came to a very nice bridge party. Hugie was going to sleep!

Sunday, February 23, 1930

Slept late but had breakfast with the family. I am "cursing" mad today. Later around the doctor came home from Phila. Later Bugie, Nell & I went to call on Tilly & Miss Daisy but no one was at home. After a large dinner we rested till we got up again. Bugie, Nell & I. to go out to see the Hopkins. They were nearly all at home much to the bafflement of Bugie. Reynolds & Annie's baby was in dear, but Harriet's little bastard had them all atop, such a cute lively little fellow I never saw. Sinner & Phil came here later & we got ourselves some supper. Then Tilly & I made more telly strings - 27 day in all! - & some other things. Finally said good night & went to bed!

Monday, February 24, 1930

The maids woke us at nine! All the family have gone!! We had a nice breakfast, packed up & departed. We went over betting until our back end was full, then set out for Harrisburg where we had lunch. On the way to Bellefonte it began to rain - tears of sorrow that our trip is over. Reached home at 4:30 & found Henry with a nearly-developed high fever! No other symptoms - it must be a tooth, poor little soul. Ellen looked very cute & pretty. We put Henry in his bed & he slept while we gave out our presents & talked about our trip. Dorothy had a fine dinner for us. M. J. & Herbie came back again after supper. Box of candy from my Valentine in N.Y. Sweatin Ma made for Ellen. Later on in the night.

Tuesday, February 25, 1930

Henry woke only once during the night - thirsty & still very hot. I got Ellen up at 7, let Henry drink some orange juice & was willing to go back to bed. Medicine very heavy. I put things in order, put away the wash, etc. called up Gen & Martha & washed a few diapers. Henry was at Kivania so Ellen & I dined alone. Then I got an order from Jane Boyd for 18 tallico so I sat in my room & made them, Ellen playing in there & Henry lying limp on my bed. Later he began to be frothy but Hiram came in & held him & I finished my job. Corned beef from home for dinner. Then I wrote to Jane & Nicholas Beauregard about the tallico & to Isobel & Edna. Henry is better.

Wednesday, February 26, 1930

Henry slept well and his fever was all gone when I got him up, but he was hungry & testily let us know it. After my breakfast I got right to work on my pile of washing & then had time to sit & rock Henry a bit before giving him his bath. Also wrote in my diary etc before time for lunch. Then Dr. tented us to make tallico to fill Agnes Scott's order for 4 doz - I made one dozen & Martha came & sat with me - she brought the pillow she made for me. Also some lovely etched valencyards. I can't get ahead after. Henry sat at this table with me & was good but quiet. After dinner I wrote to Rachel & Aunt Louise. M-2. was over here and then I read my translated number 2 in the

Thursday, February 27, 1930

Henry was quite fussy between 2+3 A.M. but finally fell asleep. I did my work early & got him to bed & then went down town, Ellen out in the sunshine. Met Peggy down town & she walked home with us. After lunch I again sat down to my tallies - two dozen today but oh, what a time I had with Henry insisting on sitting on my lap & with Betty Gooty her ma coming to call! I went right on working but did give them some tea & Heinnie came over with some cake. M. D. came in, too. Hugie went to an American Legion dinner so Dorothy served me my dinner alone. Then I finished the tallies & tied them up with the doz. I had at Blairs. Wrote to Dean & Mrs. [unclear] Bed late.

Friday, February 28, 1930

Glorious day. Henry still a bit cranky. I shrank the materials for crosses I'm going to make & did various odd jobs. Put the little fuses to bed & went down town. After lunch I blissfully took a nap. Was wakened by Heinnie Upstario - she lay in hammock on upper porch & I put children out there. Cut Ellen's hair. Henry wanted to come in so I wrote to him on my lap. Then I made tea for Heinnie & myself. M. D. came over & answered Henry's thank goodness & sort of cleaned things up. Rhoned the sewing machine man about the water marks on this borrowed machine & he said not to worry! After dinner Heinnie & I went to bridge club at [unclear] - the [unclear] game.

Saturday, March 1, 1930

Dorothy baked cakes for auction
of these wretched food sales - I
passed the morning much
as usual, went down town &
met Cat for cow party while
shopping. After lunch I tried to
nap until Pussy came to
take me for a ride with Kate
& Ellen Winter & Cat. As Heinnie
couldn't go at last minute,
Pussy asked Ellen & Henry. His
ride up to Mohamau. Pussy had
tea & doughnuts for us! But it
rained hard & thwarted us. My
children very good. At 5:30 we
had our supper & left Dorothy
to put children to bed while we
went with Pete & Jo & Heinnie to
college to see Navy & State box
our tickets went out on way up
& made us late. Lecture smashed
into some good seats. Crowded.
Very good match, Navy won 4-3.
Then we had ice cream at 6.00.

Sunday, March 2, 1930

Put Henry in bath tub & then
Dorothy came & I was off to
church - Communion. After
that Hugie & I went to call
on Ellen up at Martha's -
Heinnie & my Ellen were there!
After dinner Hugie went
walking with the Scott & I
got Heinnie to come over &
feed Henry & then she wrote
letters here while I made
some place cards, like the
tallies. Henry seems to feel
pretty well today, but we
were glad when the Walkers
came back & sat in the kitchen
with their drinks & the babies!
And so I finished the cards.
Supper next door. Hugie
went to church and I came
home & read Harper's Monthly
about Bermuda - and an
article on Religion, but it
only upset me. He read too.

Monday, March 3, 1930

Rushed off with Hugie at 9. Had to go to the dentist - many little holes. Did my mending & came home to find Dorothy just putting Henry into bed. Then I made beds, etc & did a lot of washing. After lunch Dorothy stayed to take care of babies & I settled down to make a dozen talies & a dozen cards. Got them almost finished before Martha, Cat, Winnie & Rachel Whitman (just come) arrived for tea - and pretzels! Hugie came in too & we had quite a party - Rachel is such a screamer. And I went on with my work. M.D. thought Henry had a fever at bed time & got me all alarmed, but he cooled down & ate his supper happily. After dinner Hugie went to bowl & I wrote out my check & tried to figure out how to

Tuesday, March 4, 1930

Henry is rapidly regaining his good humor. I was getting my work done nicely with plans of lots of shopping, but Mr. & Mrs. Clokey brought the mahogany machine & said nothing about the water marks on the one I was using. He's very nice. I rushed down town after he left - met Cat & Heinie. M.D. & Heinie came to lunch & afterward I sewed some new curtains from bed room. Fed Henry & they came downstairs & helped me sew & cut out a dress for Ellen! I love this new machine. After dinner Hugie took me to the college to see R. Barthelmus in "Son of the Gods" - a fair movie, but we enjoyed the little trip all by ourselves.

Wednesday, March 5, 1930

got up at 6:30 & went to church with Hugo - it's Ash Wednesday. Later on I cleaned out the toy box - mended toys & had a fine time! Still later I went down town. I had lunch alone with Ellen so Hugo & his ma drove to Williamsport - left insurance meeting. I took a nap & then Ellen fed Henry while I got things ready to go out. We took a walk with Gus & Jane - went to Bess Cooney's where I got \$15 for things she has sold for me - toward my sewing machine. It was a lovely day for a walk. When I got back I wrote to Laura Wright & to Fyette in Baltimore, sending samples of tellies. Hugo's came home to dinner but went out again to church. I read. Then I wrote to Aunt V.

Thursday, March 6, 1930

Another lovely springy day - did my washing early and went down town as soon as I got Henry into bed. After lunch however, I was overcome by drowsiness, in spite of reading a murder story at the time. Then I fed Henry & put him & Ellen out on the porch - he barked at that & yelled. After he had had it out I brought them both downstairs to play outside while I painted out there - flower pots & M-D's cake boxes. Heinie joined us. It was lovely in the sun. After dinner I took Heinie & me to the city to see one of the most wonderful movies I've ever seen - Kenneth McKenna - in "Men without Women" - about a sunken submarine. So far!

Also wrote to Agnes & Matt & Mary D.

Friday, March 7, 1930

after breakfast I started to transplant my Mt. Vernon boxwoods into the painted pots & discovered I had 4 instead of 2! I rushed to the Blair's barn & got 2 more pots & painted them. Then gave Henry his bath, washed & went down town on the gallop. It is raining today, so after lunch I got to work at my beautiful sewing machine & put pockets in 10 new shirts for Hugie - for 2! Fed Henry during the process & he & Ellen played & scopped around me while I worked. Then I put new quilts on the kitchen table & cupboard & Heinie came in & chattered. Still not satisfied I planted the other 2 boxwoods. After dinner Hugie & I went to church. Father says preached. Then Hugie went to school & I wrote to my

Saturday, March 8, 1930

I did my work promptly and after I had Henry in bed Heinie & I went down town - lots of time & lots of fun. Met Hugie as usual. After lunch I napped a bit & then Heinie took Ellen out for a walk & I fed Henry & and Martha came & we sewed. Later on when Heinie came back we had tea. Martha has finished the second pair of night pants for Henry - she is good to me. After dinner I deserted Hugie & went over to Heinie's to play duplicate with Kate versus Heinie & Mary. A return engagement of Feb 21st - & this time after a close & exciting battle, Kate & I won. Then we indulged in onion sandwiches. Hugie had gone to bed - I did.

Sunday, March 9, 1930

Phone rang early & I knew it
was Dorothy - she has had cold.
As I got to work on her job
& mine too Ellen helped me
shell peas - out on the porch
as it is a glorious day. I had
a great time getting the chicken
ready to cook but finally
we sat down to a fine dinner.
Then I got M.-I. to feed Henry
while I washed the dishes
and eventually I was ready
to take the children out for a
walk. We met Grace who
walked with us & then came
in here. She kept on, telling
me about the tumor she has!
Poor girl. Cousins Ann & Mary
came to see us, too - & Huguie
& Charley came in from their walk.
After supper my door Heinie
& I went to church with Huguie.
And then I read instead of
doing all I should be doing.

Monday, March 10, 1930

Dorothy back again, thank
goodness. A. M. much the
same as usual - so much
the same as two rowdy chil-
dren can make it. Went
down town & met Huguie. After
lunch I took a nap, fed
Henry & put them out on
the upper porch & then got
to work on Ellen's dress.
That new machine certainly
works like a dream. Got
stuck on the vest of the
dress so I took it over to
M.-I. who worked on it &
sat on the porch with the
children & Heinie & sewed.
After dinner Heinie & I
went to St. Mary's Guild
at Helen Harper's. It was
a very nice meeting, al-
tho I got restless in my
uncomfortable chair. I'm
still mending the baby dress.

Tuesday, March 11, 1930

A nasty rainy day, so after my duties were done I did not go down town but started to sew on the machine. A. I. came to lunch - Kiwanis - and stayed all afternoon! It was awfully nice - she fed Henry while I was cutting out another dress for Ellen & then she served a little for me, with the children playing around us. I really enjoyed it very much. Her stories of fifty years ago made the time fly very fast. After dinner Hugie went to a Netty meeting & I sewed on the machine a bit - it has a light on it - & then made button holes until I got so sleepy I pinched, when Hugie came home - & looked at advertisements!

Wednesday, March 12, 1930

Made the bed & did the wash before going to church - quite a number of people there - then I walked down town with Uncle Fred - Aunt Louisa is improving so very slowly. Did a lot of shopping & came home alone, to find Dorothy had put Henry to bed & every thing - so I fell asleep on lavender! After lunch I sewed again - fed Henry & then took him & Ellen & my sewing to Betty Gusto. They were very glad there, except Henry getting in the radiator! Martha was there too. After dinner Mr. McCloskey came to show Hugie how to oil the machine. The Hugie went for a walk & I sewed - Henry came in. Still later Hugie & I made & covered a box for Martha's silver.

Thursday, March 13, 1930

It keeps me busy on sunny days
moving my five little green
flower pots to the sun. A. M.
much as usual except that I
had to get Huguie to bring me
some cigarettes from downtown.
After lunch I wrote up my
neglected diary, first time I've
neglected it in three months!
Then I started to go out but
was insisted on my feeding
bird instead of Dr. H. who
kept the children while I
went up to Martha's with her
box. We took a walk - met
Cat on way & she walked with us.
Then we went to Martha's &
I finished the green dress while
Martha put new feet in her
slippers!! We had tea, two & I
did enjoy my little holiday.
After dinner Helge went out &
Huguie & I got beaten at duplicate
cate by Grace & Cat. Nice game

Friday, March 14, 1930

Put Huguie & Ellen out early as
it is a beautiful day - did
a bit of sewing before bathing
Huguie. Took a great pile of
melodies to Agnes on my
way downtown. After lunch
Gen came & we made
tally cards. The children
were simply angelic but
on the porch. Gen helped me
get them ready to go out
& they stayed out till 5!
I made 15 Tetris & 3 place
cards - 6 of them to be used
as samples to send people.
We had tea & much gossip
today. D. & Gen. After
dinner we all went to church
& in the choir. Mr. May-
nard preached a good
sermon & so nice to hear
him again. Then Huguie & I
went to see Clive Brook in
"Charles Holmes" near 9 o'clock.

Saturday, March 15, 1930

Another springy day - Ellen went out in the garden with Heinie while I hustled around putting Henry to bed, etc. Then Heinie went down town with me. I got a letter from Laura Watt of the Hamilton News, ordering 3 dozen cards & promises of mine. Very exciting. After lunch I went in the 24, all different, but I had to make just one today to complete the set. Fed Henry etc. & finally went out on the upper porch with the children & Heinie who was in the hammock & there I wrote to Laura & to Nan Burke, sending her some samples. After dinner I actually got Haggie started on Mary R. Rhinehart's "The Door" in the Post & then I wrote to Ma & Mally & later fell off on his shoulder - O.

Susie Appel had a son today!

Sunday, March 16, 1930

got the washing done somehow before time for me to go to church - good sermon during which I planned some modeling of third floor! Then Haggie & I walked to the P.O. After dinner I fed Henry & put him out with Ellen & Heinie on the lower back porch. I joined them & tried to model a whiskers out of soap for a contest. When I tried by that I worked on Ellen's bedspread & later joined Haggie & Charley in the kitchen. Supper next door - helped Heinie with the dishes before going to church with Haggie, Peter & Jo & Charley here when we got home again. I wish people would drop in on us more often, although I am interrupted by...

Monday, March 17, 1930

At nine Hugie took me to the dentist where I spent most of the morning. Then I slept & took my big white coat to Mrs. Beck to wash - it was lovely walking in the springlike breeze. When I got home Dorothy had done every thing as I wrote to Aunt Lavinia. After lunch I slept soundly till nearly three! Ellen was out in the back with M.D. & all was so quiet. I fed Henry & sent him out to join the others & then I began cutting out a suit for Henry to match Ellen's green dress. Got it partly sewed up, too, in spite of Henry falling on the cement & making a large welt. After dinner I sewed again & then wrote to Lavinia. Hugie was reading & later we walked home with Betty cat.

Tuesday, March 18, 1930

Nasty rainy day, so after I had done my usual work, I stitched on the machine until Mattie & Martha came to lunch! It was nice having Martha. She wanted to so long - as both our husbands go to Kiwanis. Dorothy stayed to take care of the children in the afternoon & while Martha knitted I made 20 talies to her order - we had tea & were unmolested by children - quite novel for Martha at this house. After dinner I was writing to Aunt L. when I realized it was nearly Beal's birthday! So I wrote to him & then ordered some writing paper to be sent to him - "deciding between" N. Y. & L. I.

Wednesday, March 19, 1930

Rushed around to do the washing before going to church. Again walked down town with Uncle Ted who of his own accord gave some good news of Aunt L. Got home in time to sew a bit. After lunch I cut out a suit for Henry & a dress for Ellen. I fed Henry & took them both down to Gen's where they behaved right well while Gen & Dulade tellies - she wanted me to help her make a bride but I was not inspired. After dinner Hugie took me up to the College to see "Bishop Murder Case" a very thrilling picture and afterwards we had a milkshake & cozy ride home, altho it is quite cold.

wrote to me sometime today.

A morning at home - so I attended to many things that have been neglected - and when I was on my way down town I decided I'd have the bridge club tonight! After lunch I successfully called up the girls - all but Jo so I got brimful to take her place. Then I read the final installment of the murder story. After I had fed Henry I put the table out on the porch & sat in the dining room making a bride talk card - inspired today, but too late for Gen. Hugie came & went to the club. Heirio came in & I sewed a little, & washed the bridge table covers! Finally got children to bed, ate shredded wheat, ironed covers & club

Friday, March 21, 1930

off again at nine to the dentist - stayed there until 11:30! but he actually accomplished something! Then I went shopping till time to meet Hugie. Dorothy had done every thing at home & got a very nice lunch for us. What would I do without her? I took a nap & still sleepy after I put the children out I lay in the hammock & Henry lay quietly with me - in the warm sun. Apple time came so we went down stairs but I could not get to work at any thing - except mending a tub! After dinner Hugie & I went to church & then to the movies! saw Claudette Colbert in "The Lady Lies" - quite a good movie - sort of different than the average

Another month of hopes gone! I stayed really in bed after I dressed the children, until nine thirty - finally had my breakfast & started to bathe Henry when the sewing machine man came again & Henry made a "pue" in the tub! After lunch I took a nap - Heinie came over & fed Henry & took them both out for a walk while I lay in the sun in the hammock. Then Heinie & Betty came in & we had tea - loan Heinie & I got dressed & got into Charlie's Ford & I drove it down to the club where we found Hugie & Charlie who walked down. We had some drinks & then a children's waffle supper. Charlie kidded me saying I was on my way to see a specialist.

Sunday, March 23, 1930

got up leisurely and when Dorsetty came I went to church. Then Hugie & I went to call on Charlie & his mother in their new house - half of Mr. Morris. After dinner Hugie & Charley went to play golf - it is like spring. Fed Henry & put the children out in the back and I wrote in this diary and figured out how much money I'm making etc. - half heartedly so I feel like the dickens. Heinie came in later & we just sat & the children squabbled around us. I finally got them to bed with the aid of a drink from Hugie. After supper next door he went to church and I worked on Ellen's bedspread - bed early.

Monday, March 24, 1930

got up in time but let Dorsetty do my wooling & after I had Henry in bed I cut off the sleeves of a dress I had made once for Ellen & resewed them. After lunch I took a nap, fed Henry and put them out & also sat out in the sun myself on the lower porch. Martha came & asked me to make a sweater string for her which I did. and we had tea. After dinner - and I still have a headache - rushed to the movies to see Maurice Chevalier in "Love Parade" - but, oh, it was stuffy in there & I felt sick - Hugie took me for a cooling ride.

Tuesday, March 25, 1930

The children were out soon after breakfast - blessed summer time! I did a very large washing right up until lunch time. M-D. & Heinie were here & immediately afterward I took M-D. up to the college in the Ford & we saw Greta Garbo in "Anna Christie" - a truly marvelous movie and then we had a milkshake - all M-D's treat - and a nice ride home - I enjoyed it very much & I trust she did, too. When we got home I wrote to Aunt Louise. After dinner Hugie rushed off to school & I rushed off with Cat to the movies to see Marylyn Miller in "Sally" & then stayed on for the Red Arrow Sale. But Hugie didn't

Wednesday, March 26, 1930

went to church at ten and again walked down town with Uncle Fred, hearing good news of Aunt L. When I got home I did the washing - Dorothy had put the baby to bed. After lunch I sat right down to make 30 place cards for Cousin Marie who ordered \$10 worth!! I had to stop to feed Henry but was back at work again when Jo & little Peter came. It is snowing today! The children played indoors & Heinie came & we all had tea & I actually finished my cards - in no hurry as Hugie went to Altoona with Mr. Gast. After I had eaten I did what I hummed Betty's diapers! M-D. told me

Thursday, March 27, 1930

At last a normal morning
did my work as usual &
marched downtown in
the snow - without a hat
as usual - and walked
home with Hugie. After
lunch Ellen & I cut pictures
out of a pile of Posters &
had a beautiful time,
scattering paper everywhere.
Then I got Henry up & he
wanted to go "bye-bye" so
I put them both out in the
snow. I wrote to Beato's for
shells, to Cousin M. & Mildred
Deamegard about Talhis,
& to Ma. When I was putting
the children to bed Aunt
Eva came in to see them. She
is staying next door for
several days. After dinner
Hugie & I actually had nothing
to do - we walked downtown
for candy & then he read to me.

Friday, March 28, 1930

A.M. as usual - went
down town & rushed
about my shopping &
walked home with Hugie
as usual, he eating an
apple, I a banana. After
lunch I took a nap and
then left the children with
Dorothy & rushed to the
dentist. I was there two
hours & he finished me
till October - I sort of hated
to say good-bye - I have
such fun with him &
Lillie. When I got home
I found Grace already
diapers for me to wear! I
got to work & we finished
the dozen. put the children
to bed in no hurry as Hugie
is at the college with Rau.
Ate a shredded wheat,
ate my disk a bit & then
all alone & sewed & sang!

Saturday, March 29, 1930

Heinie took Ellen down town with her early so later I went alone - after lunch Dorothy stayed & I made a dozen talks - did them so quickly I cut out dresses for more, interrupted by Blanche Locke playing with Henry out front - Ellen is out driving with Heinie & Aunt Eva in Heinie's new Ford roadster. Then Hug is home & we dressed & went to the college to supper & then to the national wrestling matches. It was very interesting - all the bright colors of the tights of the different colleges - & some wonderful muscular backs! My, I loved it - Oklahoma A. & M. won every thing. And I ached from watching them.

Start in to see Cat after church - stitches in the back from a fall!

Sunday, March 30, 1930

After breakfast I darned a nightie on the machine! Then Dorothy came & I rushed off to church! After dinner I went next door to say good-bye to Aunt Eva, then got Henry up & Heinie took him & Ellen & me for a nice ride in the new car - she is so pleased with it & well she - may be after Della Dodge! Then I started to him - more for Betty & Charles & Hug is home & we all had drinks. Supper - next door & then Hug & I went to church - no & I - got sort of nervous so I got all excited & asked him after church if Betty had gone to hospital - yes! - so I hurried home & finished the diapers! Bed - O.

Monday, March 31, 1930

Betty had a son this morning at seven! I took the deeper to the house when I went down town - Stewart a grand father! After lunch I once more ascended to the daventryport. Ellen went next door & all was so very quiet - after I got Henry up I made Ellen a new tam & pressed Henry's coat which I had washed & then Annie came & we took the children down to Uncle Fred's where we welcomed Mary & Bill & Erce! The latter two have grown but Mary is just the same. My, it was nice to see them. After dinner I dressed Hugie & went to the College with Mrs. Love, John, Martha & Katherine to hear Lawrence Tibbitt himself sing.

Tuesday, April 1, 1930

"Took" Hugie before breakfast. Later I went down town & walked home all alone & found M-D. & Heine waiting for their lunch. Mr. Gast came in right afterward with the matter for Betty's crib which I immediately started to cover & finished before time to dress for Martha's tea for Katherine Wolff. M-D. took care of the children until Dorothy came. Very nice tea party. After dinner I settled down to change D's to P's on Hugie's thick unpopular hankies to give to Dad! But Mary & Heine & M-D. came over to play bridge later when Hugie came home from Natty he took my hand & I got to work.

Wednesday, April 2, 1930

As full of plans I got nothing done before time to go to church - went down town after that & shopped so long that it was lunch time when I got home. Mary came to lunch. She stayed & talked afterwards while I worked on Dad's handkerchiefs. Ted Henry & put them out to play while I did the morning's wash & got things ready for the party which I am giving tonight. Later I helped Doris make sandwiches. M.D. made the salads, tomato jelly. After dinner the guests began to arrive at 6:30. The house was full. Mary, Martha, K. Wolff, Walburn, Hallcrosses, Henry, Charlie, Jo Perry, Glen & us.

Thursday, April 3, 1930

Did my "daily dozen" & dressed in my best & went down town - waited at Carpenters - hoping to see Nogie - until Gen came for me & took me to the college with her & Martha & Perry & K. Wolff & little Betty. We had a very nice luncheon at the corner store & then saw Vilma Bailey in "A Lady to Love" - quite good & very different - she was an Italian rancher. When we got home I walked down the street with my children & father & met Jane out with Gen. After dinner I was just worn out - so all I did was sleep on down with head out Nogie's

Friday, April 4, 1930

Did various odds & ends around the house & then my usual routine. Met Huguie down town. It is like spring today - so after lunch I went out & with Ellen's help raised the leaves off the Lily beds. Then I fed Henry & put him out & felt so tired I threw myself on a lawn port. Perry came to call! After she left I felt so perked up I went out & attacked the big flower bed. By the time I was weary Huguie came & helped me & I certainly was glad - he's a dear. After supper I went to blunder with him & then we went to see Mary at Uncle Fred's house. Ninnie was there, too - just - I served.

Saturday, April 5, 1930

Stained seven pairs of shoes! including Weddie's who came to see Ellen. Mary came to see me later & I walked down the street with her when I went down town. After lunch I took a nap. M. D. was sitting out on the back porch & I took the children out there & myself out out there & wrote to Aunt L. & Ma. & wrote to Best's about my sandals. I want blue instead of navy. Then I sewed Ellen's dress. Mary came to dinner - meat loaf - & Huguie almost went to a poker party - but didn't quite - instead he played bridge with Mary & Ninnie & me & we had lots of fun until I got sleepy.

Sunday, April 6, 1930

went to church and after-
ward heard that poor
Betty is so weak & sick.
Stop to see her on my
way home - she is nearly
well again. Mary was
there & came home with
me & Hughie gave us some
cocktails like George Marshall
makes. After dinner we
went next door - Mary & her
two over there. Ted Henry
& then they all came over
here - the children played
noisily upstairs - Mary,
Winnie, M. & I played
bridge. Hughie came in
later with Charley & made
us some more cocktails!
Bill & Weenie had supper
upstairs with Ellen & Henry!
Supper next door for us & then
church - Charlie was here
again & we had more drinks!

Monday, April 7, 1930

Big wash and another
rainy day - went down-
town however. After
lunch I took a nap
until nearly three! Got
poor neglected Henry up
& fed & brought them
downstairs to play and
after while Grace came
to see me. I was sewing
up the clothes for the
children which I cut out
ages ago. Grace helped
me & told me all her
troubles and we had
tea and a very congenial
time. After dinner I had
to go to St. Mary's Guild
alone - Winnie with Mary.
It was at Schads that
was Miss Hill's party. It
wasn't bad - Miss Hill
Mrs. Blair & I did all
the talking. I like Mrs. B.

Tuesday, April 8, 1930

Tied up the bandages for Dad & later when I went down town I mailed them, glanced in the barber shop & as it was empty I went in & got a haircut. Then met Heinie & Dr. Kilpatrick brought home. Mary & M-2 were already here waiting for lunch. They all left early & I got to work at my sewing. Ted Henry & as it is too nasty for them to go out they pestered around me. Later Janet DeWittmore who has moved here came to see me & helped a bit with my stitching. After dinner I got to work with a cake of ivory soap to carve a dog like Whiskers. It was not so bad but I broke off a hind leg. I am tired - we both went to bed.

Wednesday, April 9, 1930

Did my washing and then rushed off to church, & went down town my mind full of the "county fair". I have to put on next month for the Guild. When I got home I had time to bathe and then soap dog. After lunch I finished it & it is quite good. Ted Henry & put him out with Ellen & then stitched on the machine. Mrs. Morris not finding M-2 came in to see me & then Jo & her children - quite a nice visit with them. After dinner Augie took me for a ride to Peter's trying to buy a plant. When he & M-2 read & I made button holes in Henry's suit. Oh! I have so much to do.

Thursday, April 10, 1930

Right after breakfast Dorothy
& I started to clean the
third floor closet - what
a job! But we got it all
done before lunch & I went
down town on a gallop!
After lunch I conquered
an impulse to nap & wrote
in my diary. Did Henry
& put them out back
with M-D. - it is a
glorious warm day - off
the snow the first of the
week! I put the finishing
touches to the closet & then
went with Heine to the
hospital to see Betty & her
outlet little baby. Later Charlie
had a dinner party at
the College Corner store - we
two, Mary Heine & Janet
& George - very nice - then
saw Chester Morris in "Case
of Sergeant Grischka".

Friday, April 11, 1930

A very warm day - the babies
went out to play early - I
tried to take pictures of
the little dog made. Put
Henry to bed & went down
town. After lunch I worked
at my desk a bit & sewed
until feeding time - Henry is
trying to feed himself now.
Then we went to the back
porch with Mother & later
moved to the front porch
I, sewing, between inter-
ruptions. After dinner we
went to church & then in
search of a room for Anna
future cook for Ma. On our
home we stop at the gas
to call on M. & Mrs. Hatch
of Altoona - he preached to-
night. When we finally
got home to soon sleepy
M-D. I sewed, trying to
finish Ellen's & Heine's

Saturday, April 12, 1930

Another hot day - Dorothy & I washed bedspreads then I did my usual chores & went down town & wallet mainly home with Hugie. We both have spring fever. After lunch Dorothy stayed to take care of the children & I painted a few more flower pots before settling down to make tallies. Martha came & we discussed mostly what a lot we have to do! Anna came to see me about working for Ma. Later Martha & I had tea. After dinner I walked with Hugie to return Martha's shad planks while Heinie read over here. Then I finished the tallies and finished the children's outfits to wear tomorrow & gossiped with Heinie - Hugie over at the Ings - to -

Sunday, April 13, 1930

got up at 6:45, 7:45 & 8:45! Dorothy isn't coming today. so I dusted around & got the things washed & & Henry into bed before going to church. Katherine Bullock fainted in church! Then I got out a summer dress to wear & my new sandals & dressed Henry & we all went to the church to dinner at M. D.'s expense. By all - I mean Hugie, Henry, Ellen, Heinie, Mary, Bill, Weedie, M. D. & myself! Henry ate at the table with us - we had lots of fun. The Fones there too, but I don't - I worked. I came home with Fones as it stormed. Bill & Weedie here to supper again. I washed the dishes next door & then came home to smoke.

Saw Wm Powell in Streets of
"Chance" very good.
Monday, April 14, 1930

Bill & Evie stayed next
door all night so all
were out on porch before
breakfast. Did a very
large washing & went
down town - mailing "Old
Whiskers" to the soap
contest - good luck!
got a card from Ma
saying they are coming
next Tuesday! So I got
Charles Poorman to clean
cellar & got plumbers &
whatnot to start things
going. Went down to the
bakeshop right after lunch
& again then with the
children. Mary & Annie
& Betty Ray & I had tea on
front porch - I cut Henry's
hair for the first time.
Hugie went to Ellen's to be made
a union officer. I went to
movies with Mary & Annie.

Tuesday, April 15, 1930

Nothing & I got over work
done in good order, had
lunch at 11:30 & then
met her mother & went
to my mother's house
to start cleaning. M-D.
kept Ellen. We got
along beautifully - I
like Mrs. Hapt very
much. I came home
at 2 to feed Henry &
take him to poor M-D.
& they went back to
work again. At four
ate some sandwiches D.
had made for us & got
to work some harder - we
did the three bedrooms!
Perfectly clean except
the bureau drawers. After
supper everyone
me - I passed a few
in baby - books, etc. but
lives a basket for me.

Wednesday, April 16, 1930

Went to church at 10 leaving
my work to poor Dorothy - I had
to go to see Mrs. Beck about
Janet's work, but it was rain
& windy up there. Also opted
to see Mrs. Pickell about going
to church. After lunch I napped -
Dorothy went to Ma's to clean
& I went down at 3 after I had
fed Henry & Alma had come
to take care of them. It is a
neatly cold rainy day & I
did not feel like working.
I guess Dorothy & her mother
didn't feel like it either
as we got only the bathroom
& halls done, & part of the
living room. After dinner
the neighbors & Mary came
over. Mary leaves tomorrow
& it seemed very final now
with her furniture gone, &
Charlie's came in & we all
sat & talked - I loved of course.

Thursday, April 17, 1930

Again I did my work promptly
& went to church at ten
D - putting Henry to bed. But
I came right home & we
had lunch at 11:30 Ellen &
Hugie had to stay down
town, poor dear! Ellen went
next door & Dorothy & I
met her mother & got
to work & nearly finished
cleaning Ma's house -
just a little in the kitchen
left undone. Alma came
at 3 to take care of the babies
but I had to phone poor
Ma - I. to feed Henry for me
till Alma got there. We worked
till 5:30 & were a tired but
pleased group when finished.
After dinner Hugie went to
church but I sat at home,
smoking & Heine came
in & read & chatted. I do
not feel very tired tonight.

Friday, April 18, 1930

Did my work in an awful
rush & almost ran down
town to get my hat at Mrs
Cooney's - it wasn't right
I had to rush from store
to store trying to get ribbon
to match it. Finally Hugie
& I got home & ate a hurried
lunch & went to the three
hour service, a little late.
Hinnie left for Washington
with Cat. The service did
not seem so long & when
I came home Martha
came & we had tea &
dined & wondered what
our sisters-in-law would
be doing. After dinner
Hugie & I again went
to church - Mrs. Richell
wasn't there after all my
persuasion! Hugie read
to me for a while & then
we went to bed - O & 2

Saturday, April 19, 1930

I still have that awful
feeling of being rushed -
Dust Hugie down town
we bought bunnies, etc.
for the babies. After lunch
I peacefully napped
while Dorothy took care
of Henry. Then I dressed
Ellen & myself & we
went to Winifred's to a
party for the twins. Ellen
was a bit quiet but
entered into every thing
perfectly well - especially
the refreshments. I was
the only mother there &
helped Winifred entertain
them. Then I dressed again
while D. put babies to bed
& went to club to another
dinner by Charlie - Peter & Jo
& her sister & brother-in-law
& Sarah Ray - sort of quiet
party - came here & dyed eggs.

Easter.

Sunday, April 20, 1930

Hugie & I got up at 5 & attended a beautiful service at six. There was even a sermon at that hour! It is a beautiful day & the sun rose & lit the church. Dorothy had come at six & had the children dressed & fed when we returned - then they looked for their eggs & basket. Such excitement on Ellen's part! Henry enjoyed it more calmly. At 11 I took Ellen to church & afterward to see Betty Gast's baby. M-D. came here to dinner later. I took the children to see Janet & little Charlie. We went for a ride & poor Janet got seasick out the window. Most unpleasant! Took a walk with Hugie, looking for a room for Anna again. Took our supper next door. ^{Charlie} came.

Monday, April 21, 1930

Dorothy & I got Molly's room ready and I did a big wash & rushed downtown. After lunch I rested a bit & was just getting Henry's lunch ready when in came Molly! I didn't expect her till late! But, oh, it was nice to see her. We got the children ready and went down to Ma's where Dorothy & her mother were already working. Poor Molly had to help me hang curtains & make beds! Hugie came finally & chased us home. Henry made a "pne" in his pants when I was hurrying to get them to bed, as Molly's mother, Mrs. Brown & her cousin, Mrs. Seely Smith were coming to dinner - very nice evening with them. And then Ellen was seasick in bed!

Tuesday, April 22, 1930

Ellen slept well but was sick again in the morning. Molly went to the hotel for the family & then Henry decided to walk off down the street such excitement! Molly & her party left & I found Henry on the porch where he made another pee! I did not go down town, too much wash! Ellen & I lunched alone. Then we both napped & were awakened by Dad phoning from Lock Haven, they had missed the train! I got Henry up & a little later he made another mess in his pants! Finally Hugie came to take us down to Ma's where we soon greeted Ma & Dad, who both look well. Later they came here to dinner & brought me & the babies some lovely dresses. They left early & we went to bed at 12.

Wednesday, April 23, 1930

I was up most of the night with Henry! And Hugie also feels sick! It seems most of the town is sick! I gave each of the children a dose of oil - in orange juice which they drank to the last drop. Put them to bed & went down town. After lunch we all slept till nearly four! Then I gave them some bath. Henry feels fine but Ellen is very lifeless. I tried to sew but spent most of the time reading & showing them pictures. They went to bed nicely & I hope are over the worst. I did cover an awful rash on Hugie & he went to the doctor who said it was just "this thing". I wrote at 5 to Grace. Recall

Thursday, April 24, 1930

Ellen & Henry called for water several times during the night & Hugo talked in his sleep so I was really glad when morning came. It was very cold, to about 28°! Did my tinge washing & went down town we rode home as Hugo is still on the beam. After lunch I wrote on my accounts & got Henry up & put things in order in general. Then Ma came & I showed her things I've got since she went away, etc & we set Tallot & Hugo came home & ate a grape fruit! Heinnie came in, too - After dinner Heinnie & I went to see Ruth Chatterton & Clive Brooke in "Laughing Lady" - stop at Charley's for a piece of candy! Got home in time to write a letter to Aunt L.

Friday, April 25, 1930

At last, an unmolested sleep. Did my work as usual & went down town stopping on the way to see Dad & Ma. Ma is sick, too! After lunch I cut out paper dolls for Ellen and after I had fed Henry Martha came with her new curtains which I hemmed on the machine. It is still cold & no sun outside so the children were right with no. We had tea & Heinnie came in & had a cup, too. I made a sweater string for Martha. After dinner Hugo, Heinnie & I quitted our teeth & went to call on Janet & George. When we got home M. L. & Charley were talking wet & dry! - so I went to bed & in the morning, showed my

Saturday, April 26, 1930

At last the sun shines again.
The children went out to
play in it early, thank
goodness. I went down
town rejoicing in it later.
After church Ellen went
out with Heine & I had a
nice nap. When I had fed
Henry he & I started to
walk down to Granddad's.
Henry starts along in such
a cute manner - he is a
dear. Heine brought Ellen
down there & we left the
babies with Ma & drove
to Peter's hot house for some
"baby's tears" plants for
Ma. Hugie came to Ma's
& brought us home later.
After dinner I just felt
good for - nothing so I
slept onavenport while
Hugie talked to his Ma -
I did not a bit too.

Sunday, April 27, 1930

Dorothy came early & told me
to get to church on time! So
I did! After church I called
on M.D. & Heine who were
eating in the room on their
porch, until Dad & Ma ar-
rived for dinner here. Poor
Dad couldn't eat much
on this new diet of his.
Hugie went to golf & after
I had got Henry up we
all went down to Ma's.
Dad played nurse for a
while so that Ma & I could
go over & talk to Mrs. Watson
about a room for Anna. Anna
came to be interviewed
for Ma so I left & took the
children for a little ride.
The neighbors away so Hugie
& I ate supper here then
went to church and I
just sat & relaxed & read.

Monday, April 28, 1930

A rainy day, children underfoot - Did my work, put Henry to bed and went down town. After lunch I settled down to making tallies, Ellen helping. After I had dressed Henry, M. D. offered to keep him over there. And later he came back and Ellen went over so I had a blissful quiet afternoon. Stew Correll dropped in to see me but did not get away without a dozen tallies! Put the babies to bed promptly and after dinner Hugie had to go to one of his consulting meetings - altho I'm glad he's interested in things - so I went to the movies with Nina & Nina Lamb - "High Society Blues" Charles Brown & the

Tuesday, April 29, 1930

A. M. - as usual. Went down town & Helen met me. She & her ma came to lunch. Afterward I cut out four aprons for Dorothy, then fed Henry and Ma arrived. She fastened the aprons for me & started on my beloved machine. Dad strolled in, too, and so it was so nice & the children were playing outside, Ma & Dad sat on back porch and I had the window open by the sewing machine. After dinner Hugie took Cat & me to the movies before the Red Arrow sale. We did not get our first dress - & left as it was so hot, but Stewart held our tickets & won 5-10.

Wednesday, April 30, 1930

It is nice and warm this morning - did my work singingly, put the little rascal to bed & went down town mostly for the walk, smiling to myself when I think of the coming new member of the family! After lunch sat on the porch to sew but got too sleepy & went to the dozer part! Later however when Henry was up & Dad & Ma came. I did sew on the porch - got a box of taffy from Aunt L. oh - must be better! Hugie & I went on a spree with the \$ - he was lost - right - to the college to supper & then to see the "second floor mystery" which was not at all what it sounded.

Thursday, May 1, 1930

It is actually hot today. Attended to my duties and went down town. After lunch I wrote to Aunt L. - Mrs. Appel and Laura Watt. Ted Henry and Ma appeared. She is dear the way she comes every day - we sat on the porch and Dad came puffing up, too - he is also a bleat. Henrie & I had to go down to the church to put away communion things. Then we made tea onade for our parents and after they left Henrie & the babies & I took a little ride. After dinner I bid a fond farewell to Hugie & went all the way next door to the bridge club. Betty Malin was a cut - so pretty.

Later learned that a number
of the luncheon guests had

Friday, May 2, 1930 Paines!

Janet came down & got
Ellen to go up to play
with little Charlie. Henry
peacefully played while
I washed, and tried to
trim a hat - put him to
bed & then dressed to
go to Deborah Valentines
luncheon. It was lovely
delicious food, all done
by her. Then we played
bridge. Betty Harrod
was there & fascinated
me as usual. But I
felt full all afternoon
& when I got home I had
terrible pains in my
tummy. Baby? I couldn't
eat my supper but lay
on my bed. Later I felt
better & Heino & I called
on Ma and Augie came
for us there after he had
seen a man. Still being

Saturday, May 3, 1930

Feel fine today, did my
work as usual and went
down town. After lunch
I took a nap until time
to get Henry up - & looe is
me, he had made a "pee"
all over his bed & I had
to wash the blankets!
But finally I got out in
my garden & got to work
on it, spreading sheep
manure! Heino was
working in his & Augie
came to get the porch furni-
ture out & Dad & Ma ar-
rived & sat in the garden
with M. J. & the children.
Invite a party - but I won't
steadily on. After dinner
Heino & Janet & Ma at the
church & fixed the ~~table~~
on the altar. Heino & I sat
porch for a while - lovely
night. Then I wrote in diary

Sunday, May 4, 1930

The children woke at 6:30 but I managed to sleep after I dressed them. Hagie got their breakfast - it is easy for me now that Henry feeds himself. Later I gave Henry his bath & went to church, Dorothy having arrived. Mother was in church. I had to put away the Communion things. Then I woke Henry & dressed him & we four went to his to dinner. Henry ate with us. It was great fun. Hagie went to golf & Ma & I sat & talked outside while the children played in the dirt. Supper next door. I helped with the dishes & then came home for the arrival of my committee for a carnival "St. Mary's" which is going to + be.

Monday, May 5, 1930

I still feel fine - maybe I'm not going to have my seasickness this time!!! Did a large wash, bathed Henry & went down town. It is frightfully hot - over 80°. After lunch I went to Geo's & we had a good old-time afternoon making Tally cards. Geo was so nice - she & I have so many ideas in common. And we were quite free from children. I rushed home at 5:40 to put my hats to bed and after dinner walked with Helen to Nina Lamb's to the St. Mary's Guild meeting. It was quite nice and I was general opokes man, telling them what was expected of them for the coming carnival. Fired.

Tuesday, May 6, 1930

Another very hot day - I dressed the children in very little & sent them out to play & then I proceeded to wash most of the morning. I did not give Harry his bath he is growing up & when Hugie & I came from downtown he ate his lunch with us! Then I put him to bed which he didn't like much. I took a nap after cutting out some paper dolls for Ellen. When I got Harry up at 3 he wanted his lunch & was quite cranky for a while! Ma came & sat with M-D. & me on the porch for a while. Hugie went to Kiwanis to supper so I ate breaded wheat on M-D's back porch - after giving H. & E. a joint bath.

Wednesday, May 7, 1930

Dorothy & I got to work on the guest room - it is wonderful - not having to give Harry a bath in the morning. We were there before eleven then I hung some clothes out to air in the hot sun and went down town. Put Harry to bed after lunch and did the washing which I failed to do in the morning. Then I had to wash and put away all the clothes I had aired. A housewife's duties are endless. Harry cried for his lunch again when I got him up - that is remarkable. Sat on the porch sewing the rest of the afternoon and after dinner Hugie took Winnie & me to see Dennis King in "Vagabond King" - pretty picture.

Thursday, May 8, 1930

I didn't intend to clean today but Hugie got up at six & was off so Dorothy and I took advantage of the early start and finished the third floor - did not clean the "studio" so thoroughly as I shall discard it when the baby comes. Did my washing & went down town to meet Hugie. After lunch I sat on the porch with Ellen & we both sewed until time to get Henry up. He cried just a little today. I tried up some things I don't want for the grab bag at our carnival.

Then I sat on porch & talked to Ma & M-D. After dinner Hugie worked on the sand box on porch, putting lid on it & I sat out there with a light and worked hard, cross-stitching my gray dress.

Friday, May 9, 1930

Energetically got to work putting away winter things, but was interrupted by Mr. McLooney coming for the final payment of my sewing machine. So after I did my washing I met Hugie at the bank & took out my first note \$35. After lunch I again worked on my gray dress - trying so hard to finish it to go to Lancaster next week. After I had dressed Henry I got to work painting the sand box. Ma came & sat front with M-D. but I won't study on till I finished it - tired & my head ached. After dinner Hugie went to his office and later I took M-D. to the movies in the Ford & then waited for Hugie who finally came & drove me to the club - where I waited for him again - my head aching -

Saturday, May 10, 1930

Slept badly & my head still
aches, also seem to be getting
cure! Stayed in bed & sent
Hugie to Dr. for some pills ok,
my. I hope I'm not losing
my little baby! Slept till Hugie
came home & Dorothy brought
me some lunch and then I
proceeded to sleep again
until M. I. came up to dress
Henry. Heine took the children
for a ride. Ma came in
& did some of my mending.
Must get well to go to Lane.
With Mr. Gast, Hugie & Ellen.
We are expected at the Apples.
Heine put the babies to bed
& I told her what is the
matter with me. Hugie ate
his supper upstairs with me.
He went down town & Heine
& Doat on the upper porch; I
lying in the hammock.
Hugie told me with babies & friend

Sunday, May 11, 1930

Hugie helped me get the babies
up and later I got up & stay
altho I don't believe Dr.
Dale would approve. But I
did very little except sit in
the sun. Dorothy of course,
has today off, but Heine
washed the diapers. Henry
got fussy so I put him in
bed - he was asleep at one
so Hugie, Ellen & I went to
Ma's, leaving him to Heine.
There I served & did as
little as possible all after-
noon. Heine took Ma & the
children for a ride & I talked
to Dad. I put the babies to
bed & went next door to
supper & washed the dishes
as Heine went to church with
Hugie - then I was so tired
I got into bed & read.
Mrs. Blair came in - the carni-
val is ^{everyone} falling there -

Monday, May 12, 1930

Hugie took me down to see Dr. Dale who told me to go home to bed. But first I went over to see Mrs. Blair to help me about this St. Mary's Cardinal. She is going to call up each girl & get ~~it~~ instead. Then I went to bed & slept. Mother brought me some lunch & I slept again until Ma came bringing me a grape fruit. But I had an awful cramp in my left side almost like birth pains - it lasted about $\frac{1}{2}$ hour & then I felt well enough to eat grapefruit. I told her about the baby & when Dad came I told him, too. But then the curra is coming in a deluge. I wonder if I'm losing the baby? Oh, I pray not. Hugie ate his supper with me & then went out. Heine & M-D. came in & I told them about ~~the~~ - most ~~of~~ ~~the~~ ~~time~~.

This is the day we were
to have gone to Lancaster!
Tuesday, May 13, 1930

I got up and crossed the children and went back to bed leaving the rest to Hugie. I slept all morning, feeling just sort of limp. It is a nasty rainy day. I slept again after lunch until Ma came and ~~she~~ ^{she} ~~took~~ ^{took} some of my dresses. I had another pain then, but not nearly so bad as yesterday and after a while I ate the grapefruit Ma brought me again. Heine brought me a book to read "An arrow" by Edna Ferber. Hugie fixed a lamp on the little bed table Heine gave me at Mrs. and I was very comfortable. And after while Hugie unkindly beat me at cribbage. He got Henry up & I changed his pants & Hugie put us all to bed again. He is a dear.

Wednesday, May 14, 1930

I feel quite well altho I am
"leaking" at a great rate
never saw anything like it.
I am convinced now that I
have lost my little baby -
I read my book all morning
except when Janet came to
see me - she wanted to know
if I were getting a baby but
I said just the curse. After
lunch I napped & then my
good Mother came & served
for me - what would I do
without her. I haven't seen
M-I. but she sent me a cake.
Dorothy took the children
for a walk - she is good, too.
I am a lucky girl. After our
supper up here I finished
"Cimarron" and wept & Hugo
comforted me and then we
played cribbage and I
beat him tonight so we
are all down here now.

Thursday, May 15, 1930

Dressed the children & went
back to bed as usual. After
Dorothy brought my breakfast
I again slept & was
wakened by Dr. Dale whom
Hugo sent out to see me.
But I didn't learn much
from him except that I
must stay in bed. After
lunch Hugo went to play
golf and later Ma came
and lengthened my summer
dresses like the dear she is.
I did a little hemstitching
myself and Daddy puffed
up to see me. When they
left I read my post. Hugo
had his dinner up here
with me as usual and
then we read a bit and
finally he beat me at
cribbage, ending our
tournament 25-22. Then
we ate some grape fruit.

Friday, May 16, 1930

After I had ordered the meals, etc and Dr. Dale had come & gone I wrote to Mrs. Appel, explaining why we had not come & to Betty Martin telling her my pathetic story of having a miscarriage after all these months. After lunch Gen came to see me, but did not stay long. She wants some tally strings tho and I got to work on them. Mother came & served. Good Ma, she is so faithful coming to see me. After supper I learned with his may that Hugie was taking babies to the movies and I cried - I just couldn't bear to be alone all evening - so he didn't go but got some detection stories from Dad & read to me.

I am now reading "Visitors to Hugo" by Alice Grant Roseman

Saturday, May 17, 1930

After the morning operations were over I settled down to write up my poor neglected diary. The doctor came to see me - he says there is no reason why I can't start another baby right away! Oh, I hope so. If only I were recuperating from a little boy right now. I slept a little after lunch until I heard Mr. D. come to get me up. Mother came too & put my wash away & made it! Later Daddy arrived & Mr. D. brought us some cake. Heine put the children to bed - poor baby is having a rest. Heine brought me some shredded wheat, but soon Hugie came from the club and cheered me up by his presence.

Mrs. Blair brought me some
flowers.

Sunday, May 18, 1930

Dressed the children as
usual & then went back to
bed leaving Hugie to wait
hard getting all our break-
fasts which he did beauti-
fully. He is a good husband
He went to Sunday school
& church & Dorothy came
& then the doctor. I feel fine
today & maybe tomorrow
I can get up - it is stopping
at last. Had a good dinner
all by myself and then
took a nap. Was awakened
by many voices - Cat had
come & the children were
very noisy. Ma came, too,
for a little while & gave
me my grapefruit. Heine
put children to bed & Hugie
got our supper ready. He
went to church - Heine & I
read. Charley came to call.
Hugie read to me - same time.

Monday, May 19, 1930

Finished my book "Laughing
Boy" by Oliver Le Sage. Then the
doctor came & paid me a
nice visit, telling me about
various difficult births! He
said I could get up! So when
he left I wobbled around up-
stairs & ate my lunch at Hugie's
desk. But I was very glad to
crawl into bed again for a
nap, which lasted until 4!
It is raining hard so Ma
did not come to see me &
I missed her. Dorothy brought
me my grapefruit and
wrote in my diary. Hugie
& I ate our dinner at a card
table and then he took Heine
to the college to a good reunion
while I wrote to Aunt L. & to
Mary & then crawled into
bed again to read Anne
Parrish's "Methodist Farm".
When he came back we ate

Hugie took his ma + me to
vote at Primaries during

Tuesday, May 20, 1930

This is the day ^{we} were to have the ^{ceremony} ^{afternoon}

Dressed the children then
went back to bed for break-
fast and until nearly 11 -
Took a long-desired bath
+ put away various things
accumulated on my bureau -
and was worn out! Silly,
to be so weak! After
lunch, downstairs at last!
I napped and then M-D.
wakened me + Ma came
+ helped me dress Hugie.
I feel much better. It is
raining + cold, so we sat
inside + I nursed totes.

Janet came in to see us.
Later Heine helped me
put the children to bed
+ I went over there to sup-
per as Hugie is at a poker
dinner by Charlie at club.
Then Cat + I beat Martha
+ Heine at duplicate. I
enjoyed it very much.

Wednesday, May 21, 1930

Again I rose in mid
morning dressed and
played chiropraxist and
then looked over old
dresses etc piled in the
linen closet. I was dis-
tressed later to notice a
slight return of my trouble.
But after lunch I took
a nice nap and felt
better. M-D. helped me
get Hugie up + then I
secretly did a little
washing! Ma came +
helped me sort materials
for Cousin Maime's tallies
+ we sat on porch with
M-D. + I cut out the little
dresses. I gave the children
their bath myself + got
them clean! After dinner
I wrote to Lilly + to Molly
+ then Hugie read detective
stories to me while I ^{was} ⁱⁿ ^{the} ^{room}

Thursday, May 22, 1930

Stayed in bed again for breakfast. When I finally got downstairs I started to make some tallies, but was interrupted by the census man. After lunch I finished the tallies by 2.30 and then Martha came. I got Henry up & then we sat on the porch & served. When we were getting ourselves some iced tea Ma arrived and added to our company. The children very hot & dirty milled around. Martha tried to tell me I don't want any more children - enough. I gave Ma some tomato jelly Dorothy made for her. Then I put the Cowling hats to bed & ate shredded wheat. Hugie at club - when he came back he took me for a ride.

Friday, May 23, 1930

Once more I succumbed to temptation and stayed in bed till Dorothy brought me my breakfast. But then I got up & did a light washing and settled down to making the last of Cousin Marnie's tallies on the front porch. Hugie took me down town at noon to buy some lace for them. After lunch I continued to ~~work~~ get Henry up and worked on till Hugie came to take Henry & Ellen & me with him to the club for business. Those children are cute, if I say so myself! After dinner I finished the tallies, tied them to mail & then Hugie & I went to call on Aunt N. who came home today! It was fine seeing her again. At 20 Ma & Dad. Wrote Cousin

Saturday, May 24, 1930

Got up for breakfast! First
stuck in two wheels! Did
all my usual work, leisure-
ly as I did not go down
town. Picked some flowers
in the garden. After lunch
it began to rain so Ellen & I
sat inside and sewed - I
determined to finish the
gray dress! Heino joined
us and later Henry did,
too - with towels. At four
I began to ache & get very
restless so we all four
walked to the church and
fixed the altar. Janet was
here with some calves on
our return. Got terribly
tired putting babies to
bed and after dinner
felt worse so lay on
davenport aching all
over. Muggie read to me. I
made him ^{when} in the pin ¹⁷ 40

Sunday, May 25, 1930

Felt awful when I got the
children dressed so went
back to bed till after
ten then rushed to fix the
things at church - but
found Heino had al-
ready done so! So I stayed
at church to see the last
baby baptized with much
ceremony. But, oh, my
word, how I ached! Muggie
took me to the doctor who
gave me pills for grippe
Then we had dinner with
Dad & Ma at the Brookhals
But I couldn't eat much.
M. J. had chicken over
then. Ma came up here &
spent most of the time
on the davenport. Muggie
helped me put babies to bed.
Supper next door & then I
went to bed & when Muggie
came from church he read to

Monday, May 26, 1930

Still feel groggy so I stayed in bed till eleven and poor Dorothy did my work - it is cold & windy - such very crazy weather we have. Could eat only a grapefruit for lunch and then lay on theavenport but there were too many interruptions to sleep - once, a telegram from Cousin Maurine, who joyed at the Tallies! She is a dear. I dressed Henry & the Ma came & took charge of the children while I just lay - good for nothing. Heine came in - & read & Agnes came in, remembering the Red Arrow sale just in time. Dorothy put babies to bed - I ate a few prunes & then went to bed feeling very sick. M.D. came up - as Ma is went to Ellen

Tuesday, May 27, 1930

During the night I sweated 2 or 3 times! And now feel much better. Got up about ten and did the washing and what-not. I had a light lunch with the children and then wrote in my diary, etc until time to dress Henry. He & Ellen went out doors and Ma came and I stitched her curtains on the machine leisurely. Also drank a cup of broth - I hardly ache at all, except my stomach. After dinner Hugie took me to see Maurine Chevalier in "Big Pond" - a very good comedy and after it, the last red arrow auction took place - we bid on 4 things, won 2 of them but brought home only the coal.

Wednesday, May 28, 1930

A nasty rainy day so I had no desire to get up. Had Dorsetty bring my heels fast up stairs once more and dozed in bed until 11, in spite of howling babies. After lunch, at which Hugo was sort of cranky, too, he took me up to Martha's where I had a lovely quiet afternoon with her making tally cards for her. But I still have quite a bad queer pain in my stomach, so after dinner Hugo took me to Dr. Dale where I had a nice visit with him & got more pills. Then I went to bridge club at Joe's but did not stay for tea. Found John & Marie staying at the

Thursday, May 29, 1930

Actually got up for breakfast and put in a good morning's work. Then Hugo took M-D. & me to the Brookshof to meet Aunt Carrie, Rufa Will, Bill Horne & his wife, Bessie, who was very nice. We all had dinner there & then came out here to see the babies. After they left I took some babies to see Aunt L. until Nina Lant came to go to the church to polish brass! We polished until 6:30!! Dorsetty had put the babies to bed. And after dinner I washed altar clothes & while Willie polished them I polished the communion things. Quite a busy day. Hugo is busy with his gold work.

Decoration Day.

Friday, May 30, 1930

Hugie went off after breakfast to his golf tournament and I attended to my household as usual. At 12 Dorothy gave the children their lunch & then Bean arrived with Ma & Dad. He had a "car y" - Amos & Andy in it - for Henry & a doll for Ellen. Then we four went to the hotel to a nice dinner & ate beautifully. Heini came there for me & after watching the parade she & I went to the College to see Lawrence Tibbitt in "The Ragged Dicks" - a beautiful piece. Got home in time to put the babies partly to bed & leave them to Mr. D. While Bean, Heini & I picked up Hugie at the club & went to Fock Haven club to dinner with the home cousins. To Heini's house later - nice time.

Saturday, May 31, 1930

Busied myself around the house, ordering meals and washing, etc. After lunch I took Hugie in the car over to Father Dawnes & brought the car back - napped until time to wash Henry & then Bean took me & the children & Ma for a lovely drive up Buffalo run - we took the apples & Henry getting with us so all was well - no worries. It was a beautiful day, just a bit chilly tho for Ellen & me in the sunble. After dinner Hugie & I went to Martha's to a combination party of the bridge & poker clubs. Robert Whitman & his wife Laura were there. He is most attractive. The players stayed after we left - home at 4 with 27.

Sunday, June 1, 1930

We slept late as Hugie just calmly took a day off from Sunday school class!! O!
Instead of doing my work I sat on the back porch with Heinie & the children & sewed buttons on my gray dress which I finally darned for dinner - Ma, Dad & Beanie came to dinner and we had a lovely time. Beanie slept on the grass afterward but we woke him to take many family pictures. Then Beanie drove him car - Henry sat in the rumble with Hugie & me - we all got out at Ma's later & then said good-bye to Beanie. Put babies to bed peacefully - O! - & then supper - left door - no church - Charley came up & we just sort of lozied till bedtime

Monday, June 2, 1930

Spent a lot of time at the telephone asking each girl to bring a dollar to St. Mary's Guild tonight - for the carnival that week came off. Did my washing and rushed downtown late - we met Dad & Hugie had to take him home - he is going to Lancaster today. After lunch I got out a brass candlestick to send to Miss Cooney. Then I started making tally-cards - Cousin Marnie ordered 44 dozen more. Ma came in & the children played outside & all was peaceful. Father Olive Cliffe came to call with little Katherine & Jackie & the children had a fine time. Meeting of the Guild at the Mc Gawups in the evening - not bad - I collected 19 dollars for my

Tuesday, June 3, 1930 Ellen.

Mrs. Blain came over after
breakfast so I got a late
start and at noon rushed
down town & was glad
when the Dentlows
picked me up. I had lunch
alone with the children
& then started another
dozen Tabbies. Again Ma
came and when I had
finished the cards we went
to call on Aunt L. children
& all. Minnie picked us up
there - & alas - we ran
over the Fleming dog &
killed it. It made a great
impression on Ellen - she
talked of nothing else till
she went to bed & when then
kept at it - I hope it won't
worry her. Dorothy was away
& Hugie came home to our picnic
supper at 4:45! Then we each
read till our bedtime.

Ma came to lunch today
but had to go right
Wednesday, June 4, 1930
home afterward.

Mrs. Winters sent little ~~William~~
over to play with the children.
He is just one week older
than Ellen & they got along
beautifully. I did my
work early & went up to see
Grace home from the hospital
after having 11 tumors re-
moved! Walked down town
with Cat Lane & we met
Hennie & Hugie & all came
home together. After lunch
I again tackled the Tally
boy & when I had finished
& the children had had their
apples we went down to the
train to meet Dad. Henry
was afraid of the train! Ellen
was too! I rushed the
children to bed - Hugie at
last - & went to have dinner
at Ma's - I sat there &
chatted & sewed until tea
when I came up waiting for Ma.

Thursday, June 5, 1930

Dorothy & I cleaned the
linen closet - Hugie cleaned
the cellar yesterday so we
can start for the library now.
It took me a long time to
do those boxes of trash & so
I did not go down town but
went down to see Gen until
Hugie went by. After lunch
I did some stitching on the
machine until time to get
Henry dressed & then took
them & Ma in the Ford on
a nice ride to State
College. I bought some
plants there & Ma treated
to ice cream & then we
drove leisurely home. After
dinner I planted the
strawflowers & did a
little weeding. Then
Hugie read an Octavus Roy
Cohen story to me while I
did some mending - o.

Friday, June 6, 1930

Still just as hot as ever. I
attended to my usual work
and then cleaned the bureau
drawers and later went
down town. After lunch I
went to Geo's for a good
old tally-card session. We
each made 2 dozen and
gossiped & drank ginger
ale. It rained very hard
and then the sun would
come out - several times -
Wednesday to make tallies.
I rushed home after five
thirty to put my babies to
bed - they had been visiting
Charles Quintarino & were
very tired. I discovered that
Ellie scrapes Henry's meat
dish for him & makes him
say please! After dinner
Hugie & I went to Geo's to
the Bridge club & played
together & I doubled once ^{too} often.

Saturday, June 7, 1930

Cooler today but still cloudy.
Dorothy cleaned the
closets and seemed to
have a great deal to do
myself - especially when
Heinie & I went downtown -
& I rushed from store to store.
I got another order from
Cousin Mavis! I just
mailed hers today! After
lunch I took my precious
peonies down to the church
& arranged them on the
altar - thank so giving for
Henry! Then I dressed him &
we all including Heinie
went out in the garden to
weed. Ma came too, & M.
D. ventured out & it was very
nice & homely. But I worked
hard. After dinner I wrote to
Cousin Mavis, while Hugie
was downtown & then he read
to me while I sewed.

Sunday, June 8, 1930

Dorothy has today off so
I kept steadily at my
work and left the children
with Heinie while I went
to church. The P. O. S. of A.
were there, so we could
not sit in our own pew.
My peonies on the altar
looked very beautiful.
Then I got the children
cleaned up to go to Ma's
to dinner! Put Henry to
bed on Beanie's bed & he
was delighted - much to
my surprise! Hugie
golfed. I sewed & then
took a little nap. Later
Ma & I walked the chil-
dren over to see Aunt L.
Supper next door. I
left with the dishes
& then came home to read
until Hugie came from
church. We went to bed.

Monday, June 9, 1930

Got up early and at 8:30 Mrs. Haupt arrived to help Dorothy & me clean house. We cleaned the den & our room & were practically through when Hugie came home to lunch. Mrs. H. stayed to lunch, of course. The children were quite a pest as it is raining & they stayed in doors. We had every thing in order again by two and I started to cut out little dresses for dolls. Ma came for a little while. In the evening Hugie had to go out so Heinie came over and served and I cut out little hats to go with the dresses - 3 dozen of them. Hugie home.

Tuesday, June 10, 1930

Again we three got to work early. The children's room, bathroom & halls today. My job is mostly vacuum cleaning. Still too rusty for the children to go out. We were there by lunch time - Hugie at Kiwanis. After lunch, after I had put Hugie to bed in his clean room Dorothy & I cleaned the book case and then I got to work on the drawers & closets down stairs. The children were out but it took me all afternoon. Then I dressed to go with Hugie & Heinie to the club to a dinner of \$6 given by the Sunday School! Miss Williams, rather dull. Then bridge.

Wednesday, June 11, 1930

A beautiful morning at last. I got Richard Winters to come over to play with the children while D. Mrs. H. + I attacked the hall, living - + dining rooms. Some job. and at noon everything was still out of the rooms, so the children + I ate at a little table on the back porch. it was fun. Mrs. H. had to leave so Dorothy + I worked steadily on. At 4:30 I was putting on the finishing touches when Dad + Ma arrived. Ma scolding that I still worked but what could I do about it. Hugie golfing at the college, so D. served me dinner alone. Then Heine stayed here while I went to Oakes to bridge + nearly died with sleep. Hugie not back yet.

Thursday, June 12, 1930

Hugie went off to the "Kiddies Picnic" and Dorothy and I worked on the kitchen. I cleaned the oven till it shined. But lordy, I got tired. I thought it was lack of sleep, but after lunch, and after Dorothy had gone to the Picnic I discovered the reason. And there was a pile of washing! Nothing to do but do it. After that I lay down and Ma came in time to dress Nanny. I sat on the porch sewing with children + Grandma when who should drop up but Dr. + Mrs. Appel + Mrs. Nagle! Nice little visit from them. Dorothy + Hugie returned from picnic. Hugie dealt out 1,950 comes play! Sister to go to bed.

Friday, June 13, 1930

got up at 8:30 after blissful long sleep. Made the beds etc. and then wrote to Beau & in my diary interrupted by children's fights & falls. After lunch I finished pasting the letters started in the morning and after dressing Henry I finished wrapping them. Then I helped Hinnie serve tea to M-D's bridge club & then - sat on porch cutting out the letters for Cousin Marie. Ma came & sat with me. The bridge ladies enjoyed my work. After supper Hinnie wanted me to drive with her to take Mrs. Keller to State College but Hugie got me out of it and I tied up the cards to mail and read a bit. We went to bed - tired.

Saturday, June 14, 1930

Slept late again and leisurely made the beds and then Hinnie took Ellen & me down town in the car to buy presents for Henry. We had a wonderful time - she picked out a little car with a rumble seat & I gave her the 50¢ which she paid to Mr. Hunter. After lunch we wrapped them up and fooled around until time to get Henry up & go down to see Aunt Louise. I took no sewing - just sat - that is, when the children's requirements would let me. Hinnie brought us home. I had sort of a fight with Ma who was there - about servants - a subject on which we differ. Ate supper next door then Martha & Cat came to play duplicates. Hinnie & Cat beat me & me. Hugie came home ^{from golf} with me.

Sunday, June 15, 1930

Happy birthday, Henry! "Nicker"
says Henry. But he had a
beautiful time with his new
mouthorgan, and little cars
from the family. Ellen was
more excited & fortunately
there was a present for her -
soap bubbles - in the package
from Lily Beall - home & bell.
After church we all went to
Ma's to dinner. Henry had a
cake with 2 "fires" on it and
then went peacefully to sleep
on Bill's bed. Dad gave him
a lawn-mower which Ellen
used while he slept! Later we
went over to see Aunt &
she gave him a little wagon
& Hugie came back from golf
to take us all home. Supper
next door - Charley came -
but slept to come over &
peacefully read the Port. Ma
and H. #5 and M. J. #2.

Monday, June 16, 1930

M. J. gave Ellen a lawn-mower
this morning so everything
was peaceful and the grass
well cut! I did my work
as usual and went down
town. After lunch Dorothy
and I got to work on the
glass and silver in the
corner cupboard. Some
job but we got it all
done by five. Dad went
to Lane. and I invited
Ma to dinner hoping
she'd come early & help
us, but she didn't! When
she did come tho we
had supper out on the
back porch in her favor.
Then we sat on the front
porch talking to the
neighbors till Hugie & I
took Ma home. Then we
each read for a while
and went early to bed.

Tuesday, June 17, 1930

A. M. as usual except that
Hennie went down town
with me and she & M. D.
came to lunch. Then
again after I had put them
to bed, Dorothy and I
got to work - the kitchen
cup board today and
Ma came early to help
having been reprimanded!
Mr. D. also helped by
getting Henny up. But, oh,
my, what a silly amount
of dishes I have - that I
own now - but maybe
some day - but is the Valen-
tine house! - we will.
Ma went to Aunt L's
to dinner and after
dinner in spite of my
hard day's work I wrote
to Mrs. Appel, Mary Reynolds,
Betty Beall, Jane Boyd
and Beau! Then bed.

Wednesday, June 18, 1930

Mixed a little mending
in with my morning
work before making my
pilgrimage to Carpenter's
to meet Regie. And after
lunch Dorothy and I
polished silver till our
arms ached. Some of it
we did with a wire thing
+ salt + soda, but all
of it was done and the
house gleams. Dorothy
is nice to work with,
always quiet and yet
ready to talk if I want to.
The children played
in + out of doors - blessed
summer time! After
dinner I set Regie to
work mending various
ironing boards and what
not, while I directed
him and darned a
few stockings. Nice Regie.

Thursday, June 19, 1930

After breakfast Dorothy & I finished this years house cleaning by polishing the brass - even the light switches. Then I did the wash & wallst & Mrs. Gross to get some things that she cleaned. Hugie went off to Mt. Union to play golf & I lunched alone with my children. After lunch Ellen supervised my painting the kitchen boxes blue and the chairs too - Martha came and I amused her by cutting the children's hair on the front porch. Later Betty, Gast & I had dinner at M. D.'s - on the back porch and then played bridge till Betty had to go home to her baby. Then I stitched on the

Ma asked me to go down town with her to help her pick a hat, but we found there was a parade - a circus is in town. Heine got the children in the car & we all sat & watched it, Dad, Hugie, Cat & Puss joining us. After lunch I put a second coat on my blue suit and things and then dressed. Hugie & me three went to see Aunt F. Ma & Dad were there too & Mrs. Chas. Morris. I found some candle shades I once made for Aunt F. After dinner Hugie & I went to call on Caroline Valentine - no heels - so we wandered all over the grounds. If we can only live there some day! Worked on the shades till bed time.

Sixth wedding Anniversary!

Saturday, June 21, 1930

When I came to breakfast I found six dollar bills, one with six pennies on it, one with six nickels, six dimes, six quarters, six halves and the last with \$5 gold + a big silver dollar!!!!!! \$17.46 all from Hugie! Did my work + went down town with Ma + bought her a hat + Hugie a pair of knicker + golf Sox! I paid for his. When we got home I found a cake from Aunt L. and lovely towels from M-D. which I intended to be given to me on my birthday! But we kept the cigarettes from Heinie + a pair of stockings from Ma. Finished Aunt L's Campshades + Ma + Heinie + I had ice cream + cake. Soon I had to dress to go with Heinie, Cat + Jo in Jo's car to the Lake Haven club where we met Hugie + Pete + ~~Charles~~ who - see memo.

Sunday, June 22, 1930

I got the washing etc done so promptly that I sat + talked to the neighbors + consequently was late to church any way! Took Aunt L's Campshades over to her + then we hustled the children down to Dad's to dinner. I took a nap afterward until 3 when I dressed Henry and he + Ellen + Ma + I drove to Beech Creek with Heinie + called on the Hornes. A nice drive. Then I put the babies to bed and went next door to supper. After all was in order I came home + took over my assortment of snapshots until Hugie came from church + took me to see people about food for S.S. Rain.

Monday, June 23, 1930

Did my washing, and attended to my household, keeping one eye on Ellen & Richard within playing in the garden. Then I went down town with Cat. I had a terrific pain at lunch & lay down to rest afterwards got Henry up & then the beer-
ever Aluminium man arrived to cook our dinner on one hot plate without water! Then Hagie came to take the children & me to State College. I got a soda with the children while he bought golf clubs but we were very late getting home. The dinner was delicious & full of vitamins & salts! Then the man came back & persuaded me to buy \$32.75 worth!! I wonder if I'm fat! I'm not. I'm just a fat girl.

(Last word is monologue)
Tuesday, June 24, 1930

Terrible storms & this is the day for the S.S. picnic! But it cleared off later & Hagie went to it, but I decided to keep myself & babies at home. Stew came in for a second during lunch. I put out a dress for myself a blue-rose print and Ellen helped me. It is frightfully hot, suffocating. Betsy Martin called up from her home and at four arrived to spend the night! Yay, but it was nice to see her again. We got ourselves some tea & then I went on sewing and she went on talking. Hagie came home from the picnic & took a bath and children & women. Betsy is a scream. After dinner I had to go to the bridge club at Cat's - Martha's house was there & was up all night.

Wednesday, June 25, 1930

Patsy got up when we did and after breakfast she sat in the bathroom blowing bubbles. I washed etc and then we went down town and had my permanent cut off - & I must admit I am relieved. It is short again, bangs & all like the old days. Then we slept & met Hughie & home. After lunch she made me some pineapple & cherry preserves! Wasn't that dear? Janet came in to see her. I was working on my dress. Ma came too & after while we had tea. Then Patsy went down to Aunt L's to dinner, & I washed my hair. It looks nice. After dinner I went to a "show" for Mary Sebring, took a haulie case I bought at rummage! It was a very nice party & good

Thursday, June 26, 1930

Pete Sheffer took Patsy home at nine - he brought her. And then I got to work and washed dresses for me & Ellen to wear in Laue. and D. ironed them. Then I rushed down town. After lunch Ellen & I went back putting back the sand that Richard dumped out of the sand box. Then we made a dozen place cards. Thunder showers came & went & after we got Harry up we went on Riddies & to see Dad. Ma was working at hospital but came in later. I had a siege with Ellen when she wouldn't obey & flew into a temper instead. Nellie came to drive us home. Hughie & I had for supper so I ate on porch with neighbors. Then I wrote up my neglected diary and welcomed Hughie & Nellie here.

Friday, June 27, 1930

Got busy right after breakfast putting things in order and packing. Kate crushed down town & bought D.'s birthday present, etc. He came to say good-bye. After lunch I put Henry to bed and he knew something was wrong and for the first in his life called "Mumminie," when I was putting on my hat to leave. I wish he could go with us. But Hugie, Ellen & I piled in the Ford and departed for Lave. A very nice ride - Ellen did not even get restless. We were welcomed by Mrs. Appel & the dogs. Ellen did not like the dogs & was very quiet. But after her bath & supper was more friendly & wanted to bed happily. Nice to see Betty & Jimmy again. Kate & Tony came in - much talk of babies. Sewed O.

Saturday, June 28, 1930

Ellen fell out of her bed, but no damage done. I didn't sleep so well in the big double bed with Hugie. Ellen felt quite at home in morning & was very cute. I took her to Tony's where she played with the children while I slept. I saw Laura Watt about the tallies. Hugie went to Phila. & back this A.M! And off to play golf right after lunch. I took Ellen up to see Aunt Ellie and then we helped to get ready for the children's party - Peggy & Tony Brown, Ned Storb, Charlie Rolenz, Dickie Wagner, Betty Allen, and two infants, Hensel Brown & Teddy Long! The latter not pretty but fine. It was a beautiful party & Ellen enjoyed it. After dinner Hugie, Betty & I went out to see Susan!

Sunday, June 29, 1930

Ellen woke at 5:30. sun & street cars. But we didn't get up till nearly nine. Hugo went right off to play golf with Ted. Nelly, Ellen & I made beds, etc and then went out to Millersville to see the Hopkins. Not bad, as we watched Mule Harry feed the turkeys etc. Then we went to Susie's for her & the baby. Poor Tim is in bed suffering from the curse. They were all worried about her. The Nellys, Susie Mrs. A & I ate a large dinner by ourselves. And Nelly & I sat around all afternoon, sewing & playing nurse. Hugo & the D. came home to a late supper & then we went out to see Ray. & Phil who just got home. Had drinks & talk - all sleepy.

Monday, June 30, 1930

Ellen actually slept till 7 & soon after we got up & after breakfast & packed to go home - very sad. Ellen has been a little angel. We stopt at 5 & 10 for a few days before leaving town. It is piping hot. We had lunch at Millin town & struck a storm on top of Pittsburg Mt. Nice to see our home again. But when I got hung up he howled & so did Ellen! And they fought - I wished I was back in Lane! I unpacked & then Ma came & I told her all about the trip, sitting on porch sewing. The children went to bed peacefully and after dinner Hugo and I was for a while & then went to our nice soft beds!

Tuesday, July 1, 1930

A cloudy day & I can't settle down to my big washing - I put various things in order & finally washed a little & went down town. After lunch I paid bills etc. at my desk and put things in order for the arrival of Helen Daigley - all afternoon I expected her. I got Harry up & Ma came in. We picked flowers for the table and had a tea party on the back porch. Then she left & I sat making ties and waiting for Helen. Finally I had to put the children to bed & then Helen & Don came - in time to admire the offspring. Charley & Heino came, too, to a very nice dinner. Then we sat & talked all evening & drank highballs. It is really very nice - I wish we didn't put a

Hugie & I had a water fight when we went to bed!!
Wednesday, July 2, 1930

Got my chores done early and took a box of cherries down to Ma's, then went on an extensive shopping trip. After lunch I was going to weed garden but Jim phoned wanting to make taffies so we did. I was at my house & the children were very little trouble. They are good. Jim & I had tea and cake. She had to leave early & as Hugie came to cut the grass I went out to weed a bit - the children were cutting grass, too. After dinner the guests came to play duplicate - & beat us. It was lots of fun. They had asked us to their house but I can't smoke there so insisted on their

Thursday, July 3, 1930

I went out in the garden to weed from 8:30 till eleven. I did enjoy it too. Then I did my washing and met Ma & go down town. After lunch Hugie went a-golfing. I paid Bills, wrote to Mrs. Appel, etc. until time to dress Henry & then we went to see Dad in the car. We had our usual nice visit there. I began to ask a collar for a dress I shall make Ellen. Finally we drove home and I put them to bed. After dinner Heinie & I walked down town to mail my letter - met Cat & "did" the town. Then we came home & I mended & Heinie read. Hugie joined us after some meeting of his was over. Bed

Dorothy is away until Mon! so I frantically rushed around to get things in order and a bunch packed at ten thirty Heinie took me & the children to Beech Creek. It is a glorious day. We put our best suits at Aunt Gertie's & got many ideas to go with us to a little island up the creek where we delivered the children in sun suits & Heinie & I swam in the nude. It was great! We had our lunch there, the children had a glorious time. We elders lay in the sun & got baked. Children were not so crazy about water. Hugie calls to Beech Creek for us & drove the home. I cooked per. M-D. Heinie came over for

Got check for \$25 from Beau!
my word!

Saturday, July 5, 1930

Oh my, oh my, the children are dreadful today - still tired from yesterday's trip I guess. I did my usual work - set the table, put the lunch on the stove & went down town! Hugie said it was a fine lunch. After I finally got the dishes washed I lay down to rest and Ma woke me soon after three when I had to get Howling Henry up. We sat on porch and I cut out blessings for talleis. I went down for Dad in the car and he sat here with us. Put supper on to cook & then put the tired babies to bed. Hugie helped me try the dishes & then I made 16 talleis for Hamilton News. Hugie went down town. Heine in Phil.

Wrote to Beau in evening, too.

Sunday, July 6, 1930

When I went into the children's room at 8 Henry was running around! Ellen had helped him out of his crib! Hugie doesn't have Sunday School anymore so he spent the time rubbing his head with a wonderful new hair tonic. I did my work and cleaned up the kitchen - to show D. what it ought to look like. The children were most pestiferous, especially Ellen. We went to Ma's & Phil Reynolds was there for a cocktail. Henry went to bed peacefully & was good all afternoon - so was Ellen. We had to stay inside as a bad storm was coming. Hugie & I had supper with M. & D. & then I came home to cut out & finish the talleis & place cards for farces.

Thirty years old today! But

Monday, July 7, 1930

I certainly was well consoled. Soon after breakfast I took the children up to call on Janet & little Charlie. Then I did my washing and went down town with a long shopping list. At lunch I got a \$10 gold piece from Hugie. Then M. & D. gave me the lovely towels I returned June 21st! Henry was in a frightful howling mood - such my babies I have. Wrote in my diary etc until time to dress Henry & then took them down to call on Aunt L. She gave me box of candy & silver polish. Ma & Dad joined us there & gave me \$5 & \$10 - so with Beanie I have \$50! Hugie came for us & then took me to the college to dinner & then to see Colin Clive in "Journey's End" a marvelous war picture. I was deeply moved.

Tuesday, July 8, 1930

Did my work for our plotter and took Ellen with me to call on Grace - and heard all about her health. From there we went down town. Henry & M. & D. came to lunch. I did not put Henry to bed afterward. Went to see if he will sleep earlier & longer at night. I read to them a bit and tried to keep them quiet. Then I mended and did various odds & ends till later when Ma came to sample birthday cake & we sat up in the garden. After dinner we got Dorothy to stay with the children while we went to see a most excellent picture - of Byrd at the South Pole. It was

Wednesday, July 9, 1930

Again I did my work early
+ went down town and then

pads and cotton sponges
for her "lying-in". I had
lunch there with her and
George and then we got
to work again. All

my poor back ached.
But Janet was very nice
and the time passed quick-

he read detective stories

I also dyed a dress + hat!
Today I did not hurry
and did a lot of little
extras with my morning
work. Then went down
town. After lunch I tried
to keep the children quiet
a bit, but finally gave
up and read, until
Martha came and we
sat on the porch to sew.
Then Henry began to act
like a little devil and
hauled most of the
afternoon and I got
my little sewing done
between him and sewing
refreshments for me + Martha.
Dorothy had the evening
off so after I got the babies
to bed Hugie + I ate sand-

Friday, July 11, 1930

H. M. as usual. After lunch I tried to take a nap but these two brats insisted on pestering me till it was impossible. Then Ma came. Tell Wallace rushed in breathlessly for me to do her a favor - Sell her some tally cards! A little later my new aluminum pots & pans arrived and I got all excited & spent the rest of the afternoon studying up on how to use them. After dinner we got dressed up & Charley & Pete & Hinnie arrived for drinks & then we went to the club to a dance given by the siblings. It was very nice, everyone seemed to have a good time.

Saturday, July 12, 1930

Hurriedly got my work done by ten & then lay in the back yard in the sun for 1 1/2 hours with Hinnie & the children. Then down town. Ellen went, too, as we drove home. Pam Miller came to lunch then he & Huggie went off to a golf match. Hinnie took me down town to get some ribbon & I fixed a hat which I decided not to wear to Mary's wedding! Martha, Cat, Gus Hinn & I all went in a bunch. It was very lovely. Cat & Martha came here for tea afterward. Ma & Dad were here taking care of babies. But later I had & went to Martha's to dinner. We ate & finally John & Huggie arrived - a bit tight, but eventually we got to tell Wallace's table bridge party at Mrs. Hayes's apt.

Sunday, July 13, 1930

The babies were quite considerate & I got a bit of extra sleep. I am still feeling fine - baby coming? Forby. I hope so. Went to church as Dorothy came to put things in order. Then we went to Dad's to dinner. I sewed most of the afternoon, but once when Henry fell asleep in my arms I too took a nap. Heine came just as the children were getting fussy & took them for a walk. Then Dad & Ma & I met them all over at Aunt L's. I had supper next door - Hugie had not come home yet - and then rushed off to our church where funny little Lutheran Mr. Arnold preached. I was in the choir. Came home to find Hugie there - early to bed - tired.

Monday, July 14, 1930

Just could not get up when Hugie told me to - but I wasn't so very late. Did my work and went down town to attend Hazel's sale. After lunch I put Henry to bed once more - he gets too fussy if I don't - but, oh, how he chies. Hugie stopped him but he woke at 2:30, interrupting my nap. I dressed him and Ma came & she & I dug up various plants from my garden for her. Then she went driving with Aunt L. & I covered the ironing board & made Henry a new pair of mittens - if only he would stop fidgeting. After dinner Hugie went to an Elks meeting & Charlie came in time & actually sat down & talked to me while I sewed. Nice - o.

Tuesday, July 15, 1930

Quite chilly this morning so I put the children in the sun on M-D's porch to eat their break fast. Did my work and later on met Ma to go down town. Ellen went with us, tho I do hate to leave poor little Henry. Ma did not like the curtain material I selected yesterday so I did not buy it. M-D. was my only guest to lunch. Afterward I took a nap while Henry napped & Ellen played quietly beside me. Then I got H. up & he soon made a sound!! I sat on the porch sewing & Janet came & chatted & ate cake. M-D. there too. After supper in the garden (Dad) Hugie & I called on Molins - (only O.B. home) & had a soda & a little ride.

Wednesday, July 16, 1930

Again quite chilly - funny weather. Richard came to play with Ellen, but she disobeyed me so I brought her in & he went home. And such wails & screams!

Later however as she had recovered I took her to Heine's office on my way down town.

After lunch I again took a nap - out of regard for this baby I think is on its way! Then we went out on the porch waiting for Ma who never came.

But Heine came & after trying in vain to make Henry "golly" we all went for a nice little ride. After dinner Hugie again went to a meeting & Heine came over. Pussy dropt in & paid us quite a nice little visit. Later I read magazine till Hugie came.

Thursday, July 17, 1930

Dorothy helped me wash one of the big blankets from our beds - first bath in six years! It got very nice too. But it tired me quite a bit so I did not go down town. After lunch I took my nap and later after I'd dressed Henry Ma came & we sat on front porch & sewed. At four-thirty Heinie took me & the children to the station to meet the "Fresh-Air" children from N. Y. We took two cute little girls to the Sampson farm to stay. There we saw a cow being milked much to Ellen's delight. Heigie at a club dinner so I ate alone & then wrote to Cousin Marnie. He came home early & read to me while I hemstitched, nice.

Friday, July 18, 1930

Again Dorothy & I tackled one of the big blankets. It is hot today & was a hot job washing blankets. I did the rest of my work & went down town - to Patten Hays mostly to see if they have sec-saws - but they don't. After lunch I rested & then Ma came and we sat in M. I's house so it was cooler in there. Heinie was there part of the time, feeling sick. M. I. made us some lemonade & cake. I worked on that everlasting pillow case, but it wasn't until nearly eleven that night that I finished it - after trying to sew by the little look light Heinie gave me July 7th attached on porch in cool.

Saturday, July 19, 1930

Got my work done by ten
when I went to Williamstown
with Hughie. He played golf
& I had lunch with M. B.
Conyell. She & I went shop-
ping - mostly at 5¢ store
for tea for Ellen's party.
We really melted - it is
very hot today. Then we
went to the beach & made
sandwiches & waited
for the picnic people to
arrive. We went swimming
up the Loyal rock - beautiful
but & cool. We had our
supper there & enjoyed
it immensely. We rode the
I Conyells, Hughie, Rodney & Ethel
Bailey, Margaret Muirhead,
El Baird, Haynes & his
sister-in-law, Tony Jowlin.
They were all very nice.
Hughie & I started home about
ten & I sang to keep awake.

Sunday, July 20, 1930

slept as long as we could
in the heat - then I
steamed around doing
the work as D. is not
here today. Hughie took
the children & me
down to Mass to dinner.
He did not play golf
till later in the afternoon.
We all sat on porch &
just sort of gasped - &
kept the children - they
did not seem to notice
the heat - but they have
my little one. Later we
went over to Aunt L's
to give her her birthday
presents. She was de-
lighted with the pillow
cover. Supper next
door, then we four
sat on the porch &
played "ghost" & tried
to keep cool.

Monday, July 21, 1930

Terrificallly hot when we
got up. I just couldn't
get down to work, picket
flowers, & did any thing
rather than wash. But
finally did wash & D.
helped me with the twin-
ing blanket. Then I rested
a bit before lunch. After
lunch I again tried to
rest, too hot to lie down.
Later I took the children
up to Janet's where Ellen
had a gorgeous time in the
new wading pool. Henry
screamed & kicked when
I put him in. Janet & I had
tea & cake. Charlie came in
& walked home with us.
After dinner. Hugie was in
a bad humor but went
with me to call on Aunt
L. Then he went down
town & I read magazine.

Tuesday, July 22, 1930

Not quite so hot today, so
after I had my work done
I walked all the way to the
planning mill to order a see-
saw for Ellen's birth day.
Hugie came to lunch and
it rained - Thank Heaven!
I tried to take a nap
but Henry was wretchedful
so I had to dress him
early. Then I fixed a dress
and bathing suit sitting
on the porch with M-L.
Hugie went to Boy Scout
camp with Kiwanis club.
And took his Ma with
him to Beech Creek. I ate
alone & then Hennie came
home & sat over here &
discussed plans for our
trip to Canada. Charlie
came in, too, & Hugie & his
Ma came home soon. I
did a pile of mending - O.

Wednesday, July 23, 1930

I feel sort of sick today -
baldy? or the heat? Finally
got my work done and
went down town. Got
so tired that I could
hardly eat any lunch.
Rested afterward until
Henry demanded attention.
Ellen went off in the car
with Helen. Ma came
in and superintended my
cutting Henry's hair. Then
we went up in the back
yard while I painted a
pole for a little wind-
mill. I also stitched a funny
stitch on the machine on
a dress for Ma. Dorothy
came to put the children to
bed and Huguie & I went to
a dinner party given by the
Menschers at the ~~Country Club~~.
It was very nice - & different.

it was done & then met

a most attractive room
luncheon run by Mrs. Ben

Martha were also there.
We went to Winifred's &
played duplicate - Gen & I

lumps. Came home & put
children to bed and ate supper
on porch with neighbors as
Huguie has gone to golf in bright
until Sat! Then Helen & I put
together a cardboard horse
for Ellen & got inside! It is done

Happy Birthday, Ellen!

Ellen received a set of china dishes
from Hennie. While at her breakfast
- then came down stairs to find
the house "Can I live in it?" M. D.
gave her a ~~pottery~~ can & I had one
for Henry, too, & we all went out to
water flowers! Then the sec. saw
came from Hugo but they were a
bit afraid of it. I finally got
my work done & went down
town with Hennie, returning my
dresses & buying things for the
party. After lunch Hennie took
Ellen & Dorothy & I got busy
arranging tables in back yard.
also the fish pond & Jack
Harmer put from which the

had feasted - they had a wonder-

still piping hot, but I got
busy washing dresses I
want to take with me &
what not. Went down town
with Hennie & had my
hair cut. After lunch I
tried to rest but Hennie ~~boiled~~
so I lay on my bed with
him & when he slept I drew
a couple of sketches of him.
But I'm out of practice.
Then Ma came & she &
I sat & sweated on the
porch, mending my
clothes to go away. Later
Hennie took me to the
church with flowers for the
altar, flowers which Mrs.
Purnell sent to Ellen. After
supper alone I wrote to
Beau & to Aunt L. & then
Hugo came home & took
me to the college to see Ann
staying in "Habitat" "nice."

Sunday, July 27, 1930

Hardly a breath of air all night. Dorothy had the day off - but I managed to get everything done in time to go to church with Hugie & Heine. The flowers in Ellen's honor looked beautiful. Then we went to town to dinner - I felt sort of sick & after dinner took a nap. Hugie did not play golf & later took Ellen & Henry & me for a cooling ride. When I left Dad he gave me a check for \$50 - wasn't that wonderful. I was quite overcome. - O. After supper next noon Uncle Fred came to see me & as he left Charley & then Cab & Martha came to say good-bye. Finally I wrote in my diary, etc. & packed

Monday, July 28, 1930

got up at seven, dressed the babies and soon after eight set forth with Heine in her car for Canada! We stopped to say good-bye to the Hays & to Ma & Dad. I was sorry to leave Hugie. At Jersey Shore we stopped for a minute to see Betty Martin - she will come to me in March. We stopped somewhere in a woods and ate our lunch & then at Elmira we got a milkshake. I drove from there to Cortland, then Ithaca. We arrived at the Oronogo Hotel in Syracuse at 4:30. I called up Hugie - nice to hear him. After supper in hotel cafeteria we saw Joan Crawford in "Our Blushing Brides" Good. Went to bed at 9. Fine

Tuesday, July 29, 1930

Slept badly as it was so hot & noisy. We got started in the car finally by 9:30 and drove to Alexandria Bay. A lovely cool sunny windy day. We got a room at 1000 Island House & ate a lot of lunch then to make up for it! Then we took a lovely boat ride all around the many islands. It is a beautiful place. We sat in front with Captain. Then we took another boat to Heart Island to see Robert Castle - wonderful but unfinished as Mrs. Robert died. After dinner we watched the Junior Olympics boys, etc on the docks & then wrote post cards. I wrote to Hugo. I called Liza again today at 2. Bless

Wednesday, July 30, 1930

We had a fine night in our corner room over looking the water. Beanie took the car to be oiled before breakfast and we finally got on our way by ten. I drove 87 miles in 3 hours! over a fine road. We looked in vain for a bush behind which to golly but the country is so damn flat. Finally we stopped at a little hotel. Then we ate the rest of Monday's lunch without stopping! Soon we got into Canada, past the Customs safely and at 4 drew up in front of Thang's cute house. Hey! we were excited! Mary served us tea. Later Fred came. He gave us a cocktail & after dinner we went to a place where a lot of French people played tennis. I liked riding

Thursday, July 31, 1930

Slept beautifully in the downstairs bedroom with Helen. After a late breakfast we all went to the yacht club and sat on a pier watching the steam yachts tied up there. Bernadette Longtin was there too, she is very attractive. After lunch we all took a walk up the tow path by the canal out front & then Bernadette, Helen and Josette Bergeron came to play bridge. We cut in & played for money - I lost 15¢! We had drinks & later tea and sandwiches. After dinner I wrote to Hugie. Fred had gone to play golf and later we then joined him at the country club. Some of the "bunch" were there and we sat & drank and finally when I was sleepy left, only to go to Bernadette & Vernon's house!

Friday, August 1, 1930

We all slept very late and after breakfast Helen & I took a walk to get an appetite for lunch. We went to the station & sent a telegram to Beau - I've not heard from him so I can't go to Shelter Island with him but shall stay here till Sunday if I don't die of strong drink. After lunch Mary, Helen & I went to Montreal to shop. I had a beautiful time spending Dad's \$50 - I bought 2 lovely bags and a squirrel neckpiece. Bought souvenirs for the children and a little gold rabbit for Hugie's watch chain. We had tea and went to the Windsor to meet Ted & Bernadette & Vernon. Lolilo & I were waiting John Porteous, went by & I rushed up to speak to him! Champagne & lobster for dinner! Then we drove out to look at the R. 100 on our way home.

When we finally got to bed
Hennie was most pessimistic on
Saturday, August 2, 1930 life.

After late breakfast I did some wash-
ing etc and after lunch I fell a-
sleep in the living room, having
drunk a bottle of ale! It is raining
& nasty, but later I went
shopping with Mary & Weedia.
Then we went over to the
Bergervins where Mary used to
live. There Albert took Hennie
& me for a "swim" but it was
merely a struggle against
the frightful current. When
we came out he gave us a
very strong like warm drink
which made me feel like the
dickens. Consequently after
dinner I lay on my bed &
slept till nine, then we got
dressed & the "gang" came. We
played bridge & I lost 50¢. I
did not drink, & when we
ate I almost got sick. Then
the party began! I sat & talked in
his chair with René. They left at 3.

had a friendly time with the
customs inspector.

Sunday, August 3, 1930

Hennie seems more cheerful this
morning. We had breakfast
with Fred - who is not cheerful -
& went to church with Mary
& Weedia. Mary & I stayed for
Communion. After dinner Hennie
& I walked all the way to the
station to send a telegram
but it was closed. Then Mary
took us to the yacht club to
go swimming. And it was
wonderful. From there we
walked to the Bergervins for a
cocktail party. & some party
it was - "The crowd" was
plus the three Savoy brothers
& their wives, all of whom
were most attractive. They all
bided me good-bye. After
supper René came in & sat
several times & finally was
at the station when I left also
Bernadette & Vernon. I talked to
many men in both of parties - much

Slept pretty well in my hot dirty
birth - better than the funny
Swede across the aisle. Got
some breakfast in the club car
& met old Dean at the Grand
Central at about 7. We attended
to a few things & then started
on the world's hottest ride.
We had the top down on
the Chevy until I could
stand the blistering sun no
longer. It was interesting
leaving N.Y. - the Holland
tunnel, etc. but after we
had lunch at Edston &
went thru endless hot
dirty coal towns it was not
so entertaining & I got very
tired before we got to Alle-
gheny at 7:30. My, but I
was glad to see Hugie!!
I took a bath & he gave me
some supper & I told him & M.
2. of Canada. They came in.

Tuesday, August 5, 1930

What bliss to sleep in my own
bed again! Nice to be home
again, altho it's frightfully
hot. Unpacked and
finally got all my work
done and then M. & I
came to lunch as Hugie
is at Kivassau. Called up
people for my party on
Thursday & then took
a nice warm nap. After
that I was peepless and
couldn't do much
but sit around and
look at the children. Ma
& Beary came in later.
Then I got ready to go
to the college with Hugie
at 5:30, eating sand-
wiches on the way. We
saw Lewis & Agnes in "All
Quiet on the Western Front"
a marvelous picture, but I
hope Henry never

still so hot & it has not
rained for months - it
is getting serious. Did
my work and then Bea
& Ma came to take me
down town & I walked
home with Hugie. After
lunch I took a nap
until Bea wanted
us to take a ride, but
it is too hot - I'm
still remembering Mon-
day! So be & Ma went
& then Cat came in to
hear about the trip.
We had orangeade &
Hugie came to cut the
grass, it was all very
nice. After dinner I
asked Ma & Dad & Bea
to come & see us which
they did till tea, Charley
was here too - I'm having
a time during my party.

the ladies went next door
where Gen & I was at dupli-
cate. all in all, party a success

Thursday, August 7, 1930

Gave Hugie the little gold
rabbit & he's fast. Went
out to weed the garden in
my bathing suit & nearly
melted. Then did the
wash & finally went down
town. But we drove home.
I was so tired tho that I
took my lunch! Took a
nap, then fixed a few
things for the party & went
over to see Mr. D. He sug-
gested tea & toast for me
& that made me feel fine.
I put the children to bed
early & came down to see
the table was O.K. Hugie
suspected nothing till
Charley came. Then Martha
John Cat Gen & Bridget. We
ate dinner during which
Henry Brodwin arrived.
Later Dad & John Cullen came
& men played poker &

Friday, August 8, 1930

Don't feel a bit sick today - must have been the excitement. Went out in the garden again and finished weeding all this it took till 11:30 and after a bath I washed down town. After lunch I took a nice hot nap in davenport & then slowly & with as little motion as possible got the children ready to drive to the college with Hugie.

It actually rained a few drops, but we got so excited we must have scared it away.

After dinner Hugie & I went down to call on Aunt L. who has returned from hospital with but one crutch.

I drank a high ball in the evening but lost it later!

Saturday, August 9, 1930

Mother L. is not very well - a pain in her "guts" - I hope it is nothing serious. I was over there for a while & then turned thru my work to go down town in Beau's car - the children went too. After lunch I wrote to Mary - a nice long letter - and then it was time to get Harry up. I sat around too hot to do any thing and later Ma and Beau came in for a short call. I put the children to bed and took my sandwich over to M. L.'s table porch - Hugie is golfing for a change. He came home soon & we waited & waited for Beau & the Ray Sisters to come. They finally came at 10 & left at 11.

Sunday, August 10, 1930

We all slept quite late this morning. Huguie went to church but was back soon and mended odds & ends for me. Then we took the children down to Ma's to dinner. I took a little nap afterward and then, Henry awake, Ben took Ma & me & the children to Beech Creek for a swim. Betty Ray was there, too with Edna & some other boys. Anna Hess gave me some cake in the kitchen. It was quite chilly riding home. Put the children to bed and had supper with M-D. Then Huguie & I went down to say good-bye to Pussay who is going to Canada tomorrow. Read until bedtime.

Monday, August 11, 1930

It is cold today! Such crazy weather! Ellen & I went up to the Sheffers to get little Peter, but I had to come back with him & she sat & talked for quite a while. I went down town when my work was done. After lunch I took a nap and then Martha came & I dressed Henry & we sat on front porch & Janet joined us. It was very nice. I made them some hot tea. After supper we got poor M-D on duty again and went to call on Marjorie May Beers who is with Aunt L. She has not changed a bit. Quite a few callers there - and a fire in the fireplace!

Tuesday, August 12, 1930

Hugie woke me in the middle of the night! 'o!' Really, you can't believe how cold it is after the heat of last week! I finally got my work done & went down town with Cat. M. L. to lunch. Then Beau took Sarah Ray & me to Beech Creek to swim! It was not so cold in the sun & we had lots of fun swimming under water etc., although signs tell me I had better not! Don't they had the children started to bed when I got home and that done I dressed for Beau & Mary Hess to come to dinner. We went to see Will Rogers in "So this is London" - funny in spots. Then they drank brandy while I sat with my eyes open until they left.

Wednesday, August 13, 1930

Slept till Hugie went to work. These are such nice nights to sleep. I went next door to see Mary Hess who spent the night there. She finally left and I did a little washing and met Hugie downtown. I tried to nap after lunch but a fly pestered me. Got Henry up & he howled. Gen came in later for a nice call & then Ma & I gave them some cake. It is getting a little warmer & I have no pep at all. Beau came for me after playing tennis. After supper I watered my flowers - Janet sent me a beautiful bouquet & wrote in my diary, mended, and read. It is nice not to have company!

Thursday, August 14, 1930

Hugie was snappy & cross and I was not sorry to have him go to Syracuse for a couple of days to a golf match. I went over to see how M. D. was - she has a pain in her side & wait on the doctor. Then I washed & went down to see Aunt L. - took her about my little "twilio," she was delighted. Then I went on to Ma's to dinner - very nice. But I had to come home right afterward to relieve Dorothy. I took a nap. After I had dressed Helen it was raining so they played in the living room while I sewed - made some mittens for Henry. Rean slept in as he was taking a walk. I started to put the babies to bed but let D. finish as I was going to Aunt L.'s to dinner with the family - very nice. I omitted. When I got home there were

Friday, August 15, 1930

Still slight signs of course as I
did very little work but
slowly downtown in the mid-
dle of the morning & then
came home and rested. M-2.
came over to lunch. She
worries me - she thinks she
has cancer, but I can't believe
it. After lunch I took a nap
and after I had dressed
Hugie & Cay down again. Ma
and Beau looked in on me
& wanted me to take a ride
but I must lay still - oh, God
please don't let me lose my
little kids. I got the children
to bed & then took my ~~car~~ ^{car}
over to M-2's - we had a long,
long talk. Finally Beau
brought Dad & Ma up here &
we sat on the porch talking.
M-2. is getting an oil furnace.
Suddenly Hugie came home
and was very late to see

Saturday, August 16, 1930

My troubles are not better so I stayed in bed and had Hughie telephone Dr. Dale before he went back to Tyrone. Stay in bed + my mind was busy figuring out what to do about the picnic I was planning for today. Poor Dorothy had to do a lot of telephoning. Finally at noon the doctor came + the verdict was as expected - stay in bed. Took a nap and Dorothy stayed to look after the children. Ma came and waited + waited for slow Bean who was to take her for a drive. Hughie came - he got beaten this A.M. poor dear. He consented to go to the picnic up at Martha's + took Bean with him. M-D. stayed with me. She is feeling no better + I think will see the doctor tomorrow when he comes to see me. Hughie home at 8. ^{Picture} ^{a square}

Sunday, August 17, 1930

Dorothy for the first time was late and poor Hughie had to get four breakfasts before he went to church. Dad + Ma + Bean came to dinner but I had to eat alone up here. Ma stayed to look after the children, Bean too, but Hughie went off to play golf. But his turn came later as he put them to bed - gave them their baths and everything! And they were as good as gold! He has a magic touch with them. Then he got our supper with a little help from M-D. She came up here and told us that the doctor said she had better go to Danville to the ^{giving} Hospital to have Dr. Foss look her over. It may mean nothing - oh, I hope so. ^{any} ^{one} seems to be going with

Monday, August 18, 1930

I am still losing great clots
which I carefully keep to show
the doctor and when he came he shook
his head - but, oh, I just can't
lose this baby - I just can't. I
lay in bed reading the Post.
Ma came to see me in the
afternoon & Mr. D. came in
too & told Ma she is going to
the hospital. D. has the curse -
everything seems to happen at
once. Had a milk shake - I am
still so hungry - I am not
losing it. And after dinner when
Hugie read to me I felt much
better. Helped Hugie fix the chair
at bed time - we went early. But
at 1:30 in the night I had a
frightful pain & Hugie got me hot
water bottle. When it was gone I
went to bathroom and, oh, my
oh, my I lost - everything! There was
a tiny baby - 1 1/2 inches - in the potty
and I cried & cried & it is

Steve Conyell of course drops in -
always in a crisis! But he left soon.

Tuesday, August 19, 1930

About 4 A.M. I finally decided to
wake Hugie. I thought I was
having a hemorrhage. He called
the doctor who said to double up
on pills & he changed my bed -
everything a terrific mess. Then
we slept a little. The doctor came
at 8. said not to get out of bed
but after breakfast, having as
yet no bed pan I went to the bath-
room & lost a lot more clots &
nearly fainted. Hugie got me
back to bed. He was frantic, poor
dear - and had to take his Ma
to Danville. My Ma came & kept
phoned from Hillbier but I was
just lying quietly by then. Ma
came in the P.M. - helped me with
bed pan. Oh, how sad I am, my
poor little tiny baby in the potty.
Why did I have to lose it? Dad
came to see me - & Hugie got
at 4. He had his dinner with
& had to see & fixed us all for

Wednesday, August 20, 1930

I started to wake up & realize that I have lost my little twins. The doctor came & said 'I'm sorry, in bed 10 days.' Quite a blow, so D. called up Hugie & he came out - I must have a nurse - I am so dirty. Betty is on a case - of course - everything is wrong. And Bud Morris came in to see Hugie & stayed for ages! He left finally & Ma came & Hugie found a part-time nurse. She came after lunch - Mrs. Hagan and gave me a bath & I felt much better. Ma came to be with me & the children. She will be sick next! I must called but I did not feel like seeing her - nor Mrs. Blain who came later. Hugie was awfully cross before dinner - he has just had too much to worry him. After dinner he was darling to me and read aloud.

Betty phoned after dinner to see how we all were. Nice. Hugie got off party & came in and with me! - I have a baby after all

The doctor came while I was "busy" but he did not seem to mind. Finally Mrs. Hagan came - she is not very prompt but she gives me a nice bath & I like her - in spite of her great talkativeness. Ma came too & Elsie Dorothy came look after the babies. After lunch I read Dorothy Parker's "Tarnments for the Living" - rather morbid and Ma came & fixed Hugie's nighties with the mittens sewed on the sleeves. I guess we've got him now! Gracie came to see me and Dad too. I was tired when they left & wept a bit for my poor little baby. After dinner D. Dale phoned that M. D. is to be operated on tomorrow!! But never theless Hugie went to a ~~place~~ at Brichips for a couple of hours while Gen. ~~was~~ there.

by Alice Grant Roseman
which Aunt L. sent to me.

Friday, August 22, 1930

Hugie went off at six thirty to
be with his Ma during her
operation. The doctor & the
nurse came to see me and
Ma came, too, faithful soul.
After lunch Ellen sat on
my bed and read letters
to me - she is a good little
thing. Then Cat Loue came
in to see me, bringing a
book. She told me all
the latest news and gossip.

Later Ma came back &
looked after the children while
Dorothy went down town.
We listened anxiously for the
telephone news of Mother's.

Dad came, too. Finally
Hugie came. Very tired after
a hard day, but his Ma
got along wonderfully well. It
was a cancer. How sorry
for her. While Hugie attended to
things I finished "Honey and Aunt

Aunt L. sent me a lovely
cake!

Saturday, August 23, 1930

Hugie at last got a little sleep.
The doctor came & then the
nurse and this morning
was taken up. Ma did not
appear until after lunch.

I have a morning nurse, an
afternoon nurse and a night
one! Martha sent me a bunch
of lovely gladiolus. She is so
sweet. I am getting tired of
lying flat on my back. Ma

& the children were in and
out of my room. Ma picked
some flowers which Dorothy
took up to Janet. How Jewish
I had a dear little baby!
Dad came up to see me
late in the afternoon. He seems
pretty well. After dinner

Hugie fooled around fixing
his hair and what not.
He is getting back his old
jolly way. Poor dear, what
a time he has had.

Minie phoned at 8:30 AM from
Danville. It will be nice to
~~have her back.~~
Sunday, August 24, 1930

Hugie went off to Danville at
7:30 and Dorothy came then
to take care of us. Mrs. Hagan
gave me my bath & attended
to my present trouble of
having taken too much
mills of magnesia! Poor Hugie,
I kept him wrestling in the
night. He got back in time for
dinner. His mother is still
very sick but the doctors are
encouraging. He went off to
play golf and Ellen was my
nurse until Ma came. Then
Martha & Hil and Morris came.
The latter, with her children
did not stay long. But Martha
made tea for us. I love Martha
when she left Dad came up
to see me. Hugie finally got
home & gave the children
their bath & supper. Then we
ate sandwiches & read - I still
feel funny from that dose.

Monday, August 25, 1930

Still feel the effects of that dose!
The doctor did not come - but
Mrs. Hagan had gone & then he
sat on my bed discussing
cripples & mentally deficient
babies! He said I could sit up
in bed. After lunch I wrote
in my diary and then
took a nap. Ma came
to look after the children.
She is in distress now too -
Anna is leaving! Jo
sheffer came to see me -
with both her boys which
were left with poor Ma!
Hugie came home early
expecting Minie who
finally came just be-
fore supper. She says
M-2. is feeling much
better. We all three had
supper up here & then
sat all evening talking
of all that has been going on.

Tuesday, August 26, 1930

The doctor isn't coming today.
I shall miss him. Mrs. Hagan
came & fixed me up - that
damn milk of mag. is still
working. Hugie at Kiwanis -
Heinie had lunch with the
children. Then I took a nap
until Ma came. I don't
feel so awfully peppy today.
I'm allowed to sit up but
I lie down most of the time.
I permitted and talked to Ma.
She has found another maid.
Hugie is playing golf - he
just sort of can't get down
to work. I know how he feels.
He called up Danville & heard
that his Ma is improving all
the time. He & Heinie had their
supper up here with me.
Hugie read to me for a while
& then shaved etc. I found
him tonight - tired & looking
in bed I was.

Wednesday, August 27, 1930

Hugie & Heinie went off to Dan-
ville at 7:30 and got back at
1:30 for lunch, reporting that
M-D. is getting much better.
Mrs. Hagan was bathing me
when Dr. Dale came - he said
I could get up for a bit. After
lunch I tried to nap and
later when Ma came I got
up & sat in a chair. My
but I am weak - my legs
tingle. I finished my book
"Exile" by Warwick Deeping -
I just loved it and can't
get interested in any other.
So I finished knitting Hemp-
perts and after dinner I
started to knit a piece to en-
large my old glee & tan sweater.
Hugie had to go down to the
Morris's to catch Bud who
has been drunk & threatens
his going to divorce his best.
Poor thing - crying one's eyes to tears.

Thursday, August 28, 1930

Mrs. Nagan came for the last time and left me sitting in a chair regally clad in blue negligee. I went in the bathroom and rearranged my flowers. Sat at card table for my lunch and then went to bed again for a nap. Ma woke me later and I dressed again and Martha & Ellen Wolstunen appeared with some caramel ice cream which I despise! But I ate it gallantly in spite of the numbings in my tummy. We sat & chattered & I heard all the gossip. Dad came to see me later. Heine & Hugie & I all had our supper at the card table & then I went to bed - tired. Mrs. Blair came over & see me. I read the Post - it's so dear.

Friday, August 29, 1930

Again Hugie & Heine started early to Danville. M. I. continues to improve. I got up later on & was just dressed when the doctor came & pronounced me well! I plucked eyebrows & fixed myself up & then went down stairs & sat on porch till Hugie & Heine came for lunch. I took a nap after lunch and then carefully got Heine up so I had let Dorothy go - she wanted to see the doctor! The children were very good & we sat on porch till Ma came - her new maid is not so good. Heine put children to bed and after dinner Martha & Ellen & Charley came & I enjoyed being about again. I chattered. Very good night!

Saturday, August 30, 1930

Dorothy brought up my breakfast
once more but then I got up &
began ordering much food.
Glen slept in for a moment.
Worked at my desk till lunch-
time. Heine & I helped Dorothy
with sandwiches & then I went
up to bed. Was awakened by Betty
Huntin! So glad to see her.
Chatted with her & Laura while
Heine & Perry changed a tire on
Betty's car! Then Heine & I got
things ready for supper & she
put the children to bed. Kelly
Appel appeared then with
Jacobs & Lou Wessinger. We
gave the boys their supper
right away as they were in
a hurry to get back. Then
the children in bed Heine & I
Tully & I ate our supper. Stay
on down part while they cleaned
up. Peter & Jo came & we
"mishmashed" until twelve!

Sunday, August 31, 1930

I gave the children their orange
juice at 8 & sent them over to
Heine with their clothes! Then
I slept till nearly 10. Got my-
self some breakfast & made
the beds & then sat like a
lady while Heine & the two
Tullys did all the work. I did
shell the beans however.
But after dinner I went to
bed leaving them to the
dishes. Woke up 2 hours
later & found everyone on
Heine's bed. Jo and little
Susan joined the throng.
Oh, how I wish I had not
lost my little baby! When
Heine was putting children
to bed Aunt Gertrude & Mary
Hess appeared! But they
left soon. Heine went out
to my pen so Tully & I
got ourselves something.
Heine returns

Monday, September 1, 1930

Dressed the children & went back to bed while Ellen & Henry paraded around, she singing, "Over the hill & far away!" Took my breakfast next door to eat with Nelly & Heine. Then I was again a lady of leisure while they did the work. I shelled peas on front porch and Ma came to see Nelly & Co. After dinner I took a nap while Henry slept & then we all got into Heine's car & went up to say good-bye to Ellen Whitmer & then went to call on Aunt Louisa. Then, alas, it was time to take poor Nelly to the last train. On our way home we stopped to see Janet & her darling baby. Huggie came home all aglow as he had won the club golf championship. We got lost & came over for a little.

Tuesday, September 2, 1930

Dressed the children & went back to bed until Dorothy - my 'it's nice to see her' - brought my breakfast up to me. It is frightfully hot so I did some washing in my nightie & then lay in bed a while to rest. Huggie has gone to Danville again - his Ma had a slight set-back. To Heine & I had lunch alone - with the children. Afterwards Henry did not want to go to bed if I put him out - mine & I slept on Huggie's - fun! Ellen joined us for a short while. Later when we got up we sat in the living room as there was a storm. I mended. Heine put them to bed and after dinner we all read articles on Thomas Edison in the Post.

Wednesday, September 3, 1930

Terrible dream about marry-
ing a second time & Hugie was
'loving me'. In fact it made me
cry when I woke up but Hugie
assured me every thing was
all right. Breakfasted in bed,
washed and finally went
down stairs & waited on porch
for Hugie. Heine lunch at
school. Then I took a nap
in davenport while Ellen
played beside me. She woke
me at 3! and I dressed Henry
& then Ma came & we sat
on the porch and Dad
joined us later. I put the
olubum to bed - myself and
had a lovely time washing
thin hair & what not. After
dinner Hugie & Heine
read and I finished the
ships for my sweaters &
sewed them in & talked to
the readers & restored them.

Thursday, September 4, 1930

After my breakfast in bed
Ellen came & complained of not
feeling well - a little hot
so I gave her castor oil
well disguised in orange
juice & put her to bed. Had
to be a bit & when she
slept I did my work.
After lunch I dis covered
stores were closed! so
got Hugie to take me
down town before he
went to golf. Then I
dressed & went to tell
Wallis' my nice four
tables of bridge at the
Talleyland. When I got
home Henry was in bed
with Ellen - she was
reading to him!! Mary
Hess came to dinner
and we sat around all
evening. Heine washing
some of the - J. L. L.

Friday, September 5, 1930

Must have stayed in bed too long as I barely had time to do my work. Ellen is all right again and Richard was here playing with her. After lunch I got her to lie on the dancing port with me. Hugie who was golfing with Dr. Bailey at one never got stop for until nearly 3, so we did not do much sleeping. Then I dressed them bath alike gave them their apples etc and we walked down to town to visit Aunt Maud. Nice to see her - 2 years since she was here - she liked the children altho they were not at best of course. Dorothy gave me my dinner alone and Hugie returned late in the evening. Heine went to Bedford

Saturday, September 6, 1930

just as I was about to get up after breakfast the plumber came to fix the spigots. But I finally got everything done. After lunch I took a nap. Got Henry up and cut his & Ellen's hair, gave them their apples & then Martha & Miss Voss, my old teacher, came to see us. Had quite a nice visit. When they left I was doing my mending on the porch & Gen. Stapt in - paa. Dede fell out of a tree but is getting all right. Told Gen. of my plans to make things to sell. After dinner - o. - Hugie read detective stories to me while I sewed. My, but I have a happy home - I am so

Sunday, September 7, 1930

Had to get up & get not only
my own breakfast but
the children's too. But I
am perfectly well now.
Got everything in nice
order, dressed the children
& Hugie took us all
down to Dad's to dinner.
Dorothy was down there
helping the new Ruth.
Aunt Maud of course
was there & it was all
very nice. Hugie did
not play golf but sat
with us for a while &
then went home to fix
shower bathes! We went
over to see Aunt J. & he
came for us then & took
us for a little ride.
Nellie came before supper
& helped me with that
meal. Then we all read
detective stories ^{as I have} ~~had~~ ^{as I have} ~~had~~

Monday, September 8, 1930

Got up for breakfast and got
such a good start on my
work that I decided my
garden a bit before going
down town!! And under
got tired - but it was an
enjoying day. After
lunch I took my nap.
Dressed Henry & attended
to a few chores before
Nellie came to take us
for a ride - we went to
the club to see how the
girls' golf came out. Perry
won - and then returned
borrowed goods to Aunt
J. who was in her garden.
The fire alarm rang & off
we went to see it, but there
was no fire. Finally I got
the children to bed. After
dinner Nellie & Hugie went
out but Cleary came in &
talked while I cut out tallies.

Tuesday, September 9, 1930

Did my work and then Ellen went down town with me and I got my hair cut while Ellen sat entranced watching a man get a shave. Heine met us on the way home & had lunch with us. I rested a bit afterward & then sat on the porch & Ellen & I made Tatties. Before long Gen & little Jane came. We got Harry up & then Ma & Aunt M. came. Later I made tea for them all - quite nice. When they left I wrote on my Tatties but did not finish them until after dinner when Hugie went out & Heine sat here reading. I cut out pictures from the magazines later. Bed early.

Wednesday, September 10, 1930

Hugie & I left at 7:30 to go to Danville to see M-D. It was a gorgeous day & we got there at 10. I was so glad to see M-D. She looked so well - out on a balcony in her bed. At 11 we started home, did a little marketing on the way & got home for lunch at 1.15. Then I rested and Ellen woke me when it was time to get H. up. I sat on porch & mended during afternoon. Gave the children their baths & then went to Cassin Mann's to a fine family dinner party. Hugie not invited! Charley here with him. He played 20 questions! - Won Duke Fred. Then I went to Martha's to a girl's 4 tables of bridge - very nice.

Thursday, September 11, 1930

Stayed in bed a little longer
and consequently was
not thru my work when
Ruth Hayes came to see
the children. She came
up on the porch while I
hung out the wash. Later
Will Wallis came for her
& I rode down town with
them to meet Bugie. After
lunch I finished "Charlie
Chau" in the Post & then
Stew Coryell dropped in for
a few minutes. After I
dressed Henry we went up
to see Janet & her baby.
Martha & Katherine Wolff
& little Kitty were there
too. I stayed till time to
put the children to bed.
Bugie & Al club so Henry
& I got our own supper -
mostly corn pudding. I
cut cards for Tallies

Friday, September 12, 1930

These children have not
been well for days -
many accidents - so I
called up Dr. Dale & he oag
"albumin water." Did my
work & oapt in to see
Betty Gent & her baby who
have just come from sea-
shore. After lunch I tried to
take a nap - too many flies
got Henry up - he feels better.
Then Grace came & we sat
on porch & I held Henry.
Ma & Aunt Maude dropped
in for a few minutes. Then
I arranged flowers on the
porch while Grace became
one of Ellen's dresses for me.
Then I put the poor tired
babies to bed & was ready
when Ma & Dad & Aunt Ma
arrived for dinner. After
it, we all six (Henry) played
until 40

Aunt L. sent us a cake!
Tom Hayes came to call in
Saturday, September 13, 1930

Got the children up as usual
but they would not drink
the albumin and acted very
sick so I put Ellen in her
bed & coaxed Henry to nurse
& sent for the doctor. He
finally came & gave them pills
they were both asleep & frowny.
After lunch I continued my
role of nurse. Henry's pills
came right up again. I sat
at Hugu's desk & wrote a
long letter to Cousin Marnie.
Then Ma came & Martha
& we all three sat in Hugu's
little room & later had tea.
The children slept most
of the time on the first day.
Martha stayed till Hugu
came at six! Sweet of her.
Heinie & Hugu & I ate a pic-
nic supper as Dorothy has
gone for vacation. Ellen lost
all her milk teeth! I sewed.

Sunday, September 14, 1930

Hugu went off to Sunday
school once more. I strug-
gled along with the babies.
They don't seem much
better. I sat in their room
and sewed. They got hungry
so I gave them a little
bath & it stayed down.
Heinie & Hugu went to Mrs.
to dinner & brought me
a large platter full, which
I ate while the babies
slept. Then I tried to nap
but they immediately got
hungry again. Ma came
and after while we put
them on our beds & sat
there & sewed. Poor babies
they look so pathetic, all
eyes. Another picnic
supper. Then Charley
in. I finished my sewing,
mending a dress for the
field which I started in the

Monday, September 15, 1930

I don't feel well. of course it would happen so. I stayed in bed as long as possible & then sent for Dorothy. She is good to come. Things went better & the children sat in their beds & played with my jewelry. After lunch I took a nap on my bed & the babies slept too. It is frightfully hot and depressing the last few days. Ma was here in the A. M. but did not return this afternoon. I had the children on my bed & had a time finding new things for them to play with. Nannie took them over to her bed later. I cut up Augie's old knickers to make sewing bag. Nannie got supper. I feel better. Henry cried & cried till he is returned from church.

Tuesday, September 16, 1930

Dorothy came early & fixed the bath for the children & after that I stayed in bed till nine when she brought my breakfast up stairs. I dressed the children later as they were much better & we sat on the porch in the evening, reading Peter Rabbit. After lunch I put them to bed again & I too took a nap for an hour & half when Henry cried - had time & tapping him. Ma came & helped dress them & take them down from bath. They are both very fussy & their eyes are swollen - look like Chinese. Nannie came. Aunt Maud & later Mrs. Blair dropped in. Nannie & I got supper - pale croquettes & burnt. We all three

Wednesday, September 17, 1930

Dorothy at least having her vacation. The children are much better, especially Ellen. I kept them in bed till I had the upstairs work done & then we all came down & washed dishes, fist flowers & cut finger nails! Then I warmed their lunch & ate grape nuts myself. Hugie is in Danville seeing his Ma who is now walking! After lunch I put Henry to bed & Ellen & I took a nap on the big bed. Ma was here when we woke. Henry quite fussy all afternoon. We sat on the porch. I finally gave them their supper & put them to bed while Heinie cooked a delicious steak & onions. Then I read & Hugie wandered around come slaving of there being nothing to do. Don't know if

Thursday, September 18, 1930

managed to keep the babies in bed until I had eaten my breakfast. They played on upper porch like little angels while I washed, etc. and then we all went down stairs. Had quite a nice lunch for Hugie, who went off afterwards to a golf match. I rested on davenport while Ellen played & talked to herself in the little house on the porch. Got Henry up & then I waited & waited for Aunt M. & Ma to come. Had tea kettle boiling. Richard came over to play with Ellen. Finally Aunt M. came at five when the children were tired & cross. Heinie & I got ourselves a pick-up supper. Then she went out. I worked at my desk a while until Hugie came home in fine spirits.

Friday, September 19, 1930

Got the children up before my
breakfast - they are all right
again. Richard came over &
played with them. I got my
washing done & then started
in to scrub the stove! The first
thing I knew it was 12!! I
nearly broke my neck
getting lunch ready. After
ward I put Henry to bed &
Ellen helped me dry the dishes.
Then I rested till time to get
the little beggar up. Ma came
& we sat on the porch. Later
Hugie came to cut the grass
& when Ma left I went up in
the garden with him & the
children. Heinie & I got
supper - much lima beans
& corn. I got the pitchers all
spick & span for Dorathey &
then sat down to read. Went
over to Heinie's & got her to make
some ^{ice cream} ~~ice cream~~.

Saturday, September 20, 1930

Got up at 6:30 - Dorathey came
back again, praise be!
Went off at 7:30 with
Heinie to Danville. It was
a lovely day - cold & clear
when we started but quite
hot coming home. Mother
& I appeared walking & ~~well~~
dressed! She looks fine
very thin. Her nurse took me
all thru the hospital. Then
Heinie & I started home, stop-
ping to buy beans & corn on
the way - also stop at the
Woodward Inn for our lunch.
I drove after lunch - thru
the Madisonburg Gap. Home
at four! Played with the
children a bit before their
bed time. My, it's nice -
have to wash dishes! ~~After~~
dinner Heinie stayed with the
children while Hugie & I
went to play bridge with Mr.

Sunday, September 21, 1930

The children were very noisy after seven so I got up - got all the work done & went to church with Hugie. Then we all, including Heinie, went to Ma's to dinner. Dorothy was there helping. Hugie went to play golf & after Henry had his nap Heinie took Ma & me & the children for a lovely ride back in the ridges over all kinds of roads. It was great fun & very pretty. Got home just in time for the children to go to bed. Hugie & I ate cereal & fruit - Heinie has a headache, but she stayed with the children while Hugie & I called on Aunt L. who is going back to the hospital tomorrow. Dad & Ma were there too & Stewart got.

Monday, September 22, 1930

Everything back to normal at last - did my work - picked some of Mrs. Blair's flowers & went down town - time to be about the old town again. After lunch I took a nap then got Henry up & got all my pastels from the 3rd floor & had a beautiful time arranging them in one box - thus getting a lot of little wooden boxes which I shall paint & sell! Then Ma came & we did my mending. I had to start cooking supper so D's Ma got sick & she isn't coming tonight! Heinie helped. Ma stayed to dinner as Dad has gone to Lancaster. Ma helped Heinie & me do the dishes - Hugie went out & later Heinie went out & Ma & I sewed & chatted.

Tuesday, September 23, 1930

Got interested in trying to make silhouettes with an apparatus Miss C. Valentine gave me some time ago. I made one of Ellen. Then I took her down town with me & on the way home we met Heinie who had lunch with us - Hugie at Kiwanis. Then a woman came trying to see me "My Book House" - books for children - how I would love them but they cost \$48! I got Henry up & then Martha came & I made a silhouette of her! We sat on the porch sewing & drinking tea. I started cooking dinner as D. is not coming back - & Heinie finished it. After supper she went out & I worked on a sewing bag which I shall sell if I can. It is read to me

Brickley drop in after dinner for a few minutes.

Wednesday, September 24, 1930

Made silhouette of Gen, too.

After I had my work done I made a silhouette of Dorothy. Then I met Ma & we went shopping. Came home with Hugie. After lunch the Book House woman came to see me again. Oh, how I long to get those books - maybe I will yet! I got Gen to come and make talk with me - made a dozen. We had tea & Heinie came in to do some sewing - nice afternoon, altho Henry was cross after his nap. Dorothy was here to cook dinner and afterward I wrote checks etc and then began to sew. Charley came in & we all moved over to Heinie's to hear the radio. Bobby Jones is at

Thursday, September 25, 1930

Mostly muggy rainy day.
Seemed to have trouble
getting my work done -
children a pest & what not -
but finally got down-
town & rode home with
Hugie. After lunch I took
a nap then got Heinie
up and they played in
the living room while
I lazily sat & sewed.
Heinie came home & busily
picked flowers, etc for her
mas return. Hugie is at
the club for dinner but I
had Dorothy come to get
dinner for Heinie & me.
Slew Conell came in while
we were eating. I made
a silhouette of him & then
one of Jo when she came
to play duplicate - Cat
came too & Slew left. We
had sandwiches & cream.

Friday, September 26, 1930

Hugie & I got up at six & sailed
forth to Danville to bring
Mater D. home! It was a
beautiful day & I enjoyed
the ride over so very much.
Coming home I sat in the
rubble, wedged in between
M-2's luggage & 4 doz. ears
of corn! M-2 had lunch
with us - my, it was great
to see her at our table again.
Then Ellen & I filled the
boxes - a job D. hates - &
got Harry up. Ma came &
later Dad & we all sat on
porch - M-2 too! Put the
babies to bed - Ellen is having
troubles again - & I just got
her well! M-2 & Heinie
came to dinner and sat
over here talking it is
hot and stormy. I won't
on my "knicker" bag.
pulling & mending thread.

Saturday, September 27, 1930

Ellen is getting the habit of sticking her fingers into every thing & tasting - it annoys me, especially as she is not well. I did my work & went down town, meeting Hugo to buy a necklace for Heine as it is her birthday. After lunch Ellen & I picked flowers & then sat in the sun reading - it is quite chilly today - until I got sleepy & took 1/2 hours nap. Ma woke me & I woke the boys & patch upstairs & then we went up in the garden where Heine was digging. Later Martha & Rachel came to call. Mr. J. & Heine came to a birthday dinner and Charley dropped in afterwards. Heine left later to go to Martha's but it was too late for me - I went to bed.

Sunday, September 28, 1930

The children woke me at six & at seven I got up to go to church. Corporate communion of the Auxiliary - Ma was there too. Then I came home and did all the work as D. has today free. Ellen is not feeling well, but she & Henry played in the garden while Heine dug. Then we went to Mrs. - poor Ellen could have nothing to eat - D. is order. I did not give Henry a nap & he was most uncomfortable all afternoon. We sat on the back steps in the sun. Daddy was feeling fine, too & played with the children - Ellen just sat. I got a taxi to bring us home. Children bathed & went to sleep promptly & we had supper next door like old times. Ma is reading

Monday, September 29, 1930

Kept Ellen in bed. Tied her
on orange juice + egg but
it came right up. Later
however she slept + bathed
down. I went down town.
After lunch I got out some
toys Ellen had never used
+ propped her up in bed
to play with them. Got
Henry, in fine spirits, out
in the sun and then left
them to Dorothy + went
with Cat + Martha + Rachel
to play miniature golf!
We had loads of fun.
Then tea at the Sollys and
Cat's party - where Helen
joined us. Got home to
find Henry having trouble,
too! Oh dear. After dinner
Martha Cat + Rachel
came to play contract with
Helen + me. We cut in + I
loved it. Henry + Helen cribbled!

Tuesday, September 30, 1930

The babies slept well - but
D. sent word early that
she has the gripe! I might
have known it! So I got
to work. Later I got the
children up, but Henry prompt-
ly wet himself + wanted
to go back to bed! Ellen + I
had lunch alone. Henry
not eating. Afterward I
put Ellen on my bed for
nap + napped myself
till Grace came with her
sewing. Ellen came down
with us but was quiet.
Later when I was upstairs
for a minute she got on
kitchen table + ate cake!!
Cooked some supper for
Hugie at five + he left at 6
for Phila + ball games with
Bridget. Put babies to bed +
got myself some cereal. Wrote
a note to Aunt L. + read till 9

Wednesday, October 1, 1930

Lonely without Hugie, but Dorothy is back & things look brighter. Got Ellen up before her breakfast & fixed Henry on my bed where he was content to stay all morning. Did my work & went down town - gorgeous cold clear day. M-D. had lunch with Ellen & me. Henry wanted to get up so he & Ellen & I sat on back porch in sun. Mrs. Blair came over. But Henry got tired & I put him to bed & then Ellen & I cut out millions of tally dresses. At 4 we came in & Henry came down again. I put them to bed at six & ate the sandwiches D. made me & then cut out hats to match the dresses. Heine came over & read. But only

Thursday, October 2, 1930

Ellen cried at 5 because her eyes wouldn't stay open! At 7 old Badger came to fix the furnace & Henry was very fussy but wouldn't eat & everything was upside down so I decided to make some grape jilly! Later Ma & she walked to the planing mill with me but it was closed! M-D. came to lunch. Henry sat at the table & ate a little toast & a ~~piece of~~ of hotto. I put him to bed. Wrote a few checks & then ~~Ellen~~ & I sat on the back porch to make tallies. Martha & Henry joined us. Henry ate another piece of toast & we had tea. M-D. came over & talked to Martha. Took ages getting them to bed & eating my supper. Finished tallies & read in bed till ~~about~~ 11.

Friday, October 3, 1930

Nice to have Hugie back but my troubles are not over the babies & I am all taking cold! I gave Henry his regular breakfast but he is not well & I took him next door when Dr. Dale was there. Cold pills. The morning was hectic but I managed to go down town. After lunch which Henry slept I stretched with him in his new nighties after taking a little nap. Then Ma came and I got Henry up & we had an awful time with him trying to keep him from whining & amuse him. I was glad when it was bed time. Hugie brought me a darling comb from Phila- & a talster which I ate at lunch! After dinner we read and I served a bit without ambition - my cold ~~was~~ me

Saturday, October 4, 1930

Colds are progressing nicely but it is a nice sunny day so I coaxed the children out & later I went down town. After lunch Ellen & I joined Hiram & Mr. 2. in the back porch sun. Henry cried & I got him up early & he was an awful pest. I kept reaching my hands for things for him to play with. Later Martha & Ellen Whitman came - Ma was here for a short time earlier - and we had tea in the sun & cup cakes Hiram baked. And of course, ~~talked~~ laughter. Sighed with relief, however, later, when I got the babies to bed. After dinner Hugie had to go out & I got inspired to fix a Carole's hair dress. Ma gave me, worked hard and had a ~~beautiful~~ time. A success

Sunday, October 5, 1930

Another sunny lovely day -
Henry is much better but
terribly spoiled. I spent
most of the morning
keeping him out in the
sun. Ellen is fine. I got
everything in order without
doubting, then Hugo took
us down to Ma's & dinner.
He went off to golf and
later Ma & I and the
children walked over to see
the Hays. Came back at
apple time & sat in doors
with Daddy until Heinie
came & offered to carry
Henry home! Not so much
as he has lost such a lot.

Supper next door - Hugo
went off to church and
after helping Heinie with
the dishes I came home
and worked on my little
sewing bag. - I like to sell.

Monday, October 6, 1930

I give the children milk
at ten A.M. - not so much
at supper time. Did my work
after cutting out a bag of
calico and went down
town; as I was early I went
to Schlaw's & there found a
dark blue silk dress which
I liked & bought! ~~Then~~
I was late for Hugo's & he
was cross! After lunch
Ellen & I stitched the "log"
on the machine & then Ma
came. I dressed Henry &
we all sat up in the gar-
den in the sunshine - Ma
helped me with my bag.
Henry sat on my lap most
of the time but is decidedly
better. After dinner I went
to St. Mary's Guild at Mrs.
McGowan's - we decided
on a few changes - heated
discussions - good food.

Tuesday, October 7, 1930

Did my work, gave the children their dolls & put them out to play with Rickman & then I sneaked to the 3rd floor & put away the painting thing in my beloved, never used studio! It is to be a guest room & the guest room to be a play room! Then I took Ellen down town with me & we met Cat who kindly walked home with us. Mr. D. came to lunch. At 2 we, children & myself, went for a lovely ride with Janet Mrs. Scott & little Charley. We took apple-pottery along & had a beautiful time. After dinner Hugie went to a meeting & I was right glad - he is in a bad humor - I worked on my little sewing bags & wondered why anything is.

Wednesday, October 8, 1930

Spent most of my time on 3rd floor figuring how to move the furniture - did my work & went down town with Mr. After lunch I did not put Henry to bed but he & Ellen squabbled in the living room while I lay on the sofa & tried to rest. Then we got dressed & walked way around to Grace's - they rode their kiddie-cars & Henry was slow as molasses. But we had a very nice time with Grace, who gave me tea & helped me make strings for my bags - also helped us down the hill when we left. After supper Hugie who is in a fine good humor today - went to see Dad for a moment & then moved the guest room furniture into his front room.

Hugie home at 4 A.M.!

Thursday, October 9, 1930

I did my washing in a
hurry & then went to the 3rd
floor to fix up the tiny
guest room & the nice
sunny play room. The
children helped me & we
were very busy. Then I
went down town. After
lunch the children played
indoors - rather nasty
outside, while I made
a cover for the "jumping
bed" as Ellen calls it - two
mattresses & a spring for
them to play on. Grace came
in for a little while & then
Fate Olive Cliffe & her two
youngest - so big & healthy
came for a while & Hermin
gave us hot cup cakes. We
ate a sandwich supper
at 7:15 & then Hugie went off
& Jo & Grace came to
play contrast with Hermin.

Cut M-D's hair after lunch!

Friday, October 10, 1930 504!!

Dorothy cleaned the play
& we carried all the toys
up there - it looks nice &
oh how wonderful not to
have the toys under foot.
Finally did a little washing
and met Ma to go down
town. After lunch Ellen & I
sat on the porch cutting
up old "International Studio"
while Henry napped. Then
Janet & little Charlie came
& I never saw a more dis-
gusting exhibit of a power-
less mother - (for a half-
witted son) - which is it? We
had tea but most of it
went on the floor. I was
relieved when they left &
I could get ready to go
a peaceful jaunt with
Hugie to the College to
& see Constance Bennett &
Frisco & res in "Common" 0.

Dress came from Schlow's -
tried it a bit - shall wear it
Saturday, October 11, 1930

The children play in their new
room early in the A.M., but
it is so nice out these days
that after their meals they
have to go out. Did my work
as usual & went down town,
feeling most depressed as
I think Henry is getting sick
again - isn't that the devil?
After lunch Ellen & I again
cut out pictures till Henry
woke & then we sat on up-
per porch & framed cute
pictures for the playroom.
Poor Henry had to sit on the
potty about every five minutes.
Ellen was not averse to it, her-
self. Oh, dear, oh dear! Ma
came up for a while - Bean
is coming tomorrow! Put
the children to bed as usual
- to bed with Dr. Dale & his
stewing. Sewed all evening
Hugie & Heinnie walked downtown

Bean brought Ellen beads to
string, Henry a lovely little
bear Sunday, October 12, 1930
and me, set tray glasses!

The children seem much
better today - I am a good
doctor - just ignore anything.
Hugie went off to church, etc.
& I did all the work & hung
the pictures in the playroom
with Ellen's aid. Then we went
to Ma's to dinner & there was
good old Bean. Very nice
jolly dinner then Hugie went
to golf & Bean got a call
from N.Y. saying he must
go back tonight instead of
tomorrow! Poor Ma! He took
Ma & me & the babies & Heinnie
for a ride - per feet day,
gorgeous coloring. Then we
said good-bye - such a
short visit. Put the babies
to bed - Henry still a bit on
the run. Supper next door.
I went to church with Hugie
& walked to station with him
for Bean left there. Put
to bed - Heinnie

Monday, October 13, 1930

Henry had me up twice in the night & I'm beginning to think the doctor was right! Later in the A.M. he was better however and played merrily with Ellen & Richard - & his appetite is fine. Did my work & wrote Miss Voris, who sent checks for Tallies & to Tamy as Judge Brown has died. After lunch Ellen stuffed the bag for me to finish the bag. So started at St. M's Guild & then Ma came & we got Henry up. Ma dandered my stool up and I finished the fourth bag. We sat on the front porch another glorious day. At noon today I bought a tray at Blair's to send to Cal who was just married. After dinner Hugie went to the Elks & I worked hard at my desk. Cleared it up for further orders.

Took snapshots of the children this A.M.
Tuesday, October 14, 1930

Children bath seen fine today. I attended to my chores & then took Ellen down town with me. She loves it - bought a little incense burner, her own choice at the 5 & 10! Heinie & M-D. came to lunch. Put Henry to bed then did a little washing & later settled on the bench on the porch for a nap. Richard was over here.

Ma came later & ripped him stitching out of my green silk & velvet dress, while I did some mending. It is marvellous warm weather. After dinner Hugie & I worked hard on the 3rd floor, he fixing the lighting system while I repaired the wall where a bluff had been.

Wednesday, October 15, 1930

Another fine day - got the children out in the sun after their 10 A.M. milk. I went down town early leaving an old coat at Betty's & looking for a hat to match my new dress. Met Hughie & home for lunch. After putting Henry to bed, Ellen & I sat on the front porch & worked on the green dress. Ma came & finished it for me while I tried to saw little rooster legs for cigarette boxes I am making. Dad came too & helped with the sawing! He seemed very well today. After dinner Hughie went to bowl & I posted the little legs on the boxes. Mr. D. came over - nice talk

Thursday, October 16, 1930

Stayed in bed until 9:30! I did my wash but I straightened things up a bit & then wrote to Mabel & Stubby - letters I've long intended writing & ordered a pair of shoes for myself. After lunch I took a nap while Ellen was read to on the porch by Mr. D. Got Henry up and settled on the porch to make a hat out of the green velvet that was left over. Mr. D. went out & of course, Aunt Carrie & Ma will came to see her. Past I had a nice talk with them after they left. Hughie came home & said my hat was awful. So after dinner I worked on it again till I got it so both Hughie & Ellen liked it. Quite a job! Then I sat on the davenport with Henry & read.

Friday, October 17, 1930

Again I slept late and when I finally got downstairs + out I played with my children + Richard on the porch. After lunch I again took a nap much to Ellen's disgust - but it had got dark + cloudy + was so easy to sleep! When I got Henry up he came + we all joined M. D. on the porch. It is getting much cooler. I pulled threads to hemstitch another little bag from Hugu's Quilts! We finally came in the house to get warm. Henry quite fussy. I finally decided to go with Hugu to the college to see Ronald Colman in "Raffles" very good. We saw the Monks there. Funny people. Then we ate some supper + had a snug ride home.

Saturday, October 18, 1930

I was not awakened until 9 - after dressing children, of course. And then discovered that Dorothy had not come! So I spent the rest of the morning rushing frantically + getting provoked at the children under my feet when I tried to take a nap for lunch. Afterward Ellen helped me dry dishes + clean up the rooms very nicely. Then I lay down + read to her. Later when Henry was up we made tallies + Ma came - + then the day. Henry is feeling quite better again + I am so dis- I finally got them to bed + then Hugu + I went to the Markland to supper after M. D. + Heinnie had had their tea! Talked to Heinnie for a while about babies. Then finished tallies.

Sunday, October 19, 1930

Henry wouldn't eat any breakfast. He, dear Diva! I know how to cure him! Ellen helped me do the work - really helped and Henry sort of followed us feebly about. Then we donned our winter coats & leggings & went to Daddy's & dinner. Hugie went to play golf & after while Ma & Ellen & I walked in the sun - & wind until time to get Henry awake when I took Ma & the wee ones for a nice little ride. We came back to the warmth - Dad & poor little Henry had troubles - & so did Ellen! I am nearly frantic. Supper next door & then I came home to write in my diary etc until Hugie returned from church, saying Ed Robb had shot himself in the back! Charley came & we all went out down to discuss it.

Monday, October 20, 1930

The children not so well but still on their feet - It is too cold for them to go out & they are certainly under foot. I went down town - went to the bank which was locked & still - all the town is sort of whispering about poor Mr. Robb. After lunch Ellen & I got to work painting boxes for cigarettes - in the kitchen. Henry joined us & then Ma. Sister Heinie came - quite a party, with potties sitting all around & used frequently but I finally got my boxes done. After supper Hugie & I went to the movies to see April Maude in "Gumby". It was splendid - just the price I love. Peggy Allison was here with Heinie when we got back. I sat on Hugie's lap & sewed!

Tuesday, October 21, 1930

Children still no better - I was up with them several times in the night. It is also still too cold to send them out, so I amused them by painting boxes again. Then I rushed downtown, & walked back with Heinnie who made me mad. She & her Ma came to lunch. Later I put another coat on the boxes & Gen came to make Tabbies. I got Henry up & then started to make Tabbies too. Henry was dreadful, insisted on sitting on my lap & had to sit on potty every few minutes. Gen helped to entertain him. Ma came in & talked a bit - Heinnie came in but did not talk - to Gen & Ma. After supper I felt so tired & discomaged over sick babies that I burst out crying! Heinnie comforted me but had to go out.

Wednesday, October 22, 1930

Up fine times with children & Hugo was feeling sick, too! I did not get the children up until eight - rushed them my breakfast so as to be there when Dr. Dale came but he did not come till after I had my work done & was again painting boxes with a young audience. I went down then, met Ma & Hugo & Freddy. After lunch I had to wash a pile of diapers, Henry soils them so fast. Ellen fell asleep on my bed but Henry refused to sleep so I took them both out in the sun & played the mandolin for them! Ma joined us. It is much better today. Quite nice. After dinner Heinnie came over to sew on machine & I went to Hugo & played mandolin. He

Thursday, October 23, 1930 Sun!

The record, I think - I was up
seven times last night - first
one child & then the other. These
pills of the doctors are fine! I
did my work & when I went
down town I stop to ask
Agnes if she will stay with
babies sat. night - yes! After
lunch I tried to take a nap
but Henry woke early. Then
I did some mending for
Hugie before he came to
take me & Ellen for a ride to the
college & to Linden Hall. It was
rainy & chilly but we enjoyed
it anyway. Minnie stayed home
with Henry who is still running.
When I got home I got ready
for my dinner party & put the
babies to bed - Then Gen & Cat
& Minnie & M. D. came to a very
good dinner & later when Hugo
came from club we left Minnie
& went to Wilman's party at

Friday, October 24, 1930

Babies slept all night, praise
be. They seem better. Hugo
went duck hunting (!) at
daybreak so I blissfully
slept & let Dorothy dress
feed the babies. Later I
resumed thru my work &
went down town for a
hair cut. After lunch Minnie
& her sewing came over
but I took a nap in spite
of it. It is dark & raining.
But Henry woke soon &
was a perfect pest. I tried
to do some mending.
Grace came & I showed
her Italian translation.
Ma came & helped me
bless her! Put the babies
to bed - in fine form now.
Then Hugo & I ate sand-
wiches as D. is getting
ready for her party. Then
we read & went to bed early.

Saturday, October 25, 1930

Again the babies slept all night. They are certainly on the mend. I did my chores and went down town with Heinie. After lunch Hugo & I, with Cat & Heinie in the rumble went up to the college to see them get beaten by Colgate - 40-0! It was frightfully cold. I saw Joe Hartley, Lattie Appelo's husband being lines man in the game & Hugo went after him between halves & he came up to speak to me. Nice to see him - he's making home after game. We reached home, too & the Longello, Morris, Haines & Harry Wilson from Winsport & the Sheffers, Louis, Cat, Heinie & Charlie all came in for a drink before we all went to Lake Haven C. club to dinner - a wild party, everyone a little tight. Home at 11:30. Sleep with babies.

Sunday, October 26, 1930

The children slept, but I had to get up myself & lose all the olives I ate on the way home last night! But I felt fine when I got up later - Dorothy came & I went to church. We had dinner at home & Hugo went to walk with Charlie & the children & I went out in the sun with Heinie. It is lovely & warm today. We walked for a while & then I took the children to Ma's to see the Ross Eschelmanns who are spending the night there. I had Henry in the carriage & later pushed him home, Heinie meeting & helping. Supper next door, then I came home to write in my diary, etc while Hugo went to church & to Ma's. Went to bed at nine!

Monday, October 27, 1930

The babies are practically well but I'm keeping up the pills & diet. Richard came over to play with them. I did my clothes & stapt on the way down town to see Aunt L. who has returned from the hospital, looking very well. She showed me some lovely dresses Miss Ruth made for Evee. After lunch as it was so nice, but I did not put Henry to bed but we sat on the back porch & worked at my dammy boxes. Grace joined us. When it grew cool we came in & I cut out dress covers Martha ordered. Then I went to the college with Hugie to see George Arliss in "Old English" - excellent. We had supper afterward. Sewed on machine when we got

Tuesday, October 28, 1930

Right after breakfast I finished stitching Martha's covers - then went to 3rd floor with Ellen & Henry & Richard to frame a cute picture, etc. Before I could get at my work Ma came with some stitching to be done! But as I wasn't going down town I had lots of time. M-d. came to lunch. Put Henry to nap & Ellen & I again got at the boxes - put pretty in them. When I got Henry up it had cleared off & we went "out back" where I painted & they played very nicely. I put them to bed & then Hugie came to take Ma & me to a very nice supper at the church. After that, Hugie bowled & I cut out dresses for 80 tallieskins & some

Wednesday, October 29, 1930

Ellen helped me to wash and then Mr. Badger came & put a register in the bathroom ceiling to heat the ^{room} above. It took some talk to Miss Looney to sell & she gave me a lot of felt. After lunch Ellen & I carried the red boxes out to the back wall to paint. Ma came & when we got Henry up he just stood & howled. Soon it grew cool & we came in & I stitched for Ma again. I sorted pictures out of my big supply to put on my boxes. After dinner I continued with that job while Nugie nailed together the silver box for Mrs. Appel. Then I covered it while he plastered the hole in the bathroom. We are an energetic pair!

Thursday, October 30, 1930

After breakfast I finished covering the box with the children's aid. Then I painted the hole in the bathroom ceiling which was a lovely job. Finally I got down to work - did the washing, etc. When I went down town I took the box to Blain & see if they can get orders for me. After lunch I left Dorothy in charge and went to Gus where I made 28 cards. It was so nice & peaceful - no children around. We had tea & delicious ginger cakes. After dinner, Nugie went to a meeting in Millheim & Heinie had a card game over here. Cab, Grace & Jo, so when he came home we went to dance at the Elks Club for a little while - not

Friday, October 31, 1930

This morning before I gave the children their toast at ten I gave Henry a little cod-liver oil & he liked it! They are still taking pills too. I went down town later. After lunch I started pasting pictures on my ever-lasting boxes - Ellen sat beside me & gave her advice. Then Henry joined us after his nap and still later Ma came in & expressed her approval. Finally Dad strolled in! He too liked them. They do look nice. After dinner Hugie got some of Beau's old costumes from Ma & Pete & Jo came in & we fitted them all out for tomorrow night. Four terrible-looking Halloween costumes came in - proved later to be lost & Pussycat, Patsy & Kate. Charlie's too - finished out

the same was lots of fun
except I fell over a railing

& bent my back! Hameat?

Hugie got up early & went hunting with Pete so I slept till nine, letting D. dress the children. I had time however to shellac my boxes before going down town. After lunch I tried to take a nap on 3rd floor while children played up there. Henry did not want to take a nap so I did not argue with him. Ma came in and I felt groggy & when Henry suggested a walk & Ma said go I left the children with her & went. After dinner Hugie got decorated as an Indian Prince & I as a little girl & Pete, as Harlequin & Jo as Martha Washington, arrived & had plenty of drinks & went to a dance at the Park.

Sunday, November 2, 1930

We all slept late & then I
rushed to go to church
early as I had to fix the
altar & then rushed to com-
plete my work at home in
order to go to Mrs. & dinner.
After dinner Hugie took his
Sunday school class for
a hike and Ma & I took
Henry, in the carriage &
Ellen to see the fish & the
big spring. Then we came
back & sat with Dad,
who rode Henry on his knee
& tried to teach Ellen nursery
rhymes. Hagie & I had
supper next door then he
& Heinie went to church
while I helped M-J. with
the dishes. Came home to
write in diary & Cat &
Martha dropped in - then just
back from Philadelphia - with a
fine pair of eyes she knit for

Monday, November 3, 1930

Hugie went hunting again -
with the Purnells - this
time he got a rabbit - and
again I blissfully slept
till nine - did my work
& went down town. After
lunch Henry howled when
I put him to bed so I
dressed him & took him
& Ellen around Curtis St.
& down to Aunt L's - where
they played in the yard
while I had tea with Aunt
L, Ma, the boys & Dad!
Then they came in & were
very good. I started a pin
of habteen for Stubby. I
took some of my boxes to
show Aunt L. & she bought
3.43. After supper I went
to St. Mary's Guild at
Grace Dr's - quite a lot there
& ~~Martha~~ Thompson
most of the talking -

Tuesday, November 4, 1930

Again Hughie hunted & I slept -
a nice hauls rainy morning
later did my work &
then took the children
with me when I went to
note - for Humphill, not
Pinchot. Mother I came
to lunch. Then I settled
down to make 16 more
tallies of Miss Voss's order.
Martha came with her
sewing & later Janet
came with hers, and
we had a nice gossiping
time & some tea & store
cakes. Heenie came in, too -
the children glad & I got
the cards finished before I
had to put the children to
bed. As shredded wheat
as midday Hughie was D. L.
She came later to take care
of children while I went to
go to a very nice little

Wednesday, November 5, 1930

Things more or less
back to normal again.
I did my work, put
the children out to
play with Richard
and went down town.
After lunch I sat on
the back porch in the
sun while the children
played around. I was
working on Martha's
dress covers. Then Ma
came & wanted us
to go down town with
her - so off we went
with Henry in the baby
carriage. He gets tired
walking. After supper
I wrote to Miss Voss
and Elsie Hershey about
little chair & sofa. Hughie
went to bed. But Heenie
came over & I finished
the dress covers & chatted.

Thursday, November 6, 1930

It is snowing today,
much to the excitement
of the children - Richard
came over & they played
outside. I did my washing
& a little mending &
then went down town.
Deborah Valentine had
2 tables of bridge on the
spur of the moment
but I got her to take
care of the children
while I went there - &
won the prize - a lovely
box to keep darning in.
After dinner Hugie had
to go to bowl and I
had to go to choir practice
so Heine sat over here
& continued to do so
when I came back in
spite of my singing! I
worked on one of the
little linen bags - O.

Friday, November 7, 1930

Ellen did not want to
stay out, altho it is ~~not~~
cold. I have at last
stopt giving them pills
but they are still on a
diet. I did my washing
& then scrubbed the stove
and went down town.
After lunch I put the
children out & settled
myself to make tallies
but they did not want
to stay out & when Jo
came with little Peter
& Susan I had to put them
in the linen closet till
would they. We tried to
make silhouettes of
Jo's children but they
wouldn't hold still. I
had enough of babies
by supper time. Afterward
finished the tallies - Peter
was in. Later I wrote to Tom & Father.

Saturday, November 8, 1930

Hugie went hunting again with Pete - 20 Doleps & Dmottley took charge. Later, after I had my work done I took the children down town, Henry walking, too. Fortunately we met Dad & Ma who waited for Henry while Ellen & I went to the bank to deposit her 100 pennies with Charley! Hugie drove us home. After lunch he & I went to the college to see them play & recess - wither side scored & it was quite exciting. It was a beautiful clear day & I love going off with Hugie alone. After dinner he & I came over & talked while Hugie went down town for her. Then I read the Post & wrote in my diary. I am going to have a party for Ma & Dad on Nov. 12th - O.

Sunday, November 9, 1930

The children slept till the alarm at 8. I leisurely dressed & ate & made the beds & then D. came & I went to church where I fixed the altar & then sang in the choir at the impressive service we had for the American Legion & members of the troop. We went to Ma's to dinner after which Hugie went to walk & Ma & the children & I took a ride in the ford to Storms town. It is a lovely mild fall day. When we came back to Dad. We had supper next door in spite of Heinnie's gripper & I washed the dishes in a hurry & then went to church with Hugie & Dan. Altar Guild meeting afterward. Wrote in my diary.

Monday, November 10, 1930

Had a large washing which I did promptly - put the children out in the balmy air and went down town. After lunch I sat out on the porch in the sun, knitting while the children "sleep" for me. Then we walked around Cortin Street to Martha's. They played on rather stood outside for a while. I knitted booties & Martha gave me tea & cake and I enjoyed the visit thoroughly! So did the children, especially the radio. But when I put them to bed Ellen was very cross. After dinner Hugie had a meeting. Heime came over & I worked hard cutting cardboard into little cards & talking.

Tuesday, November 11, 1930

We slept late as this is Armistice Day & Dorothy dressed the children & made pear preserves before we were up. I did my usual work and went to 3rd floor with the children & parted Tallis. Mother & I came to lunch after which I again worked on 3rd floor until Heime & I went to meet Hugie at the movies to see the & many brothers in "Animal Crackers" which was very funny in parts. Then I finished my talking while Hugie played with children - nice. Later I went to Betty Gato's to supper & I talked bridge. Cat & I won by big score. Agnes stayed with Helen.

* Aunt L. & Uncle F. left at 9.
 then the rest of us played
 Wednesday, November 12, 1930
 for the color telephone party. "Kuchugen"
 slept late and managed
 to get food for my party
 by telephone - appearing
 all the while because I
 couldn't go down town. I
 did my wash and finished
 the table I made yesterday.
 After lunch I wrote in diary
 till Huguie brought lovely white
 chrysanthemums for the table
 & afterward to go to the office
 then & Grace came in &
 gave her opinion. We sat
 & dined - raining, so the
 children were in. In I brought
 the angel food she baked &
 sat down to table to Grace
 about operations. Finally
 I began setting table. Ma &
 Dad came before children
 were in bed & came upstairs.
 Aunt L. & Uncle F. & Ma & Min
 then came & surprised Ma &
 Dad! It was just for

Thursday, November 13, 1930

Dressed the children & then
 slept late. Dorothy did my
 wash. I wrote in my diary and
 attended to matters & my
 acct. After lunch I fixed
 a box for Grace and then
 got the children ready to go
 to Look Haven with Ma &
 Huguie. Saw Mrs. Green first,
 after she no longer has
 bookshop I hoped for. Then
 we went to see Uncle Dick
 & Aunt Dorothy & finally
 found them in the penals
 nursing their poor sick
 Pekinese - distemper. They
 are a scream and very
 nice. We stop to see Uncle
 George on our way thru
 Birch Creek. After dinner
 Huguie went to church card
 party & I to see Ma & Dad.
 Jim Cook there. He is kept
 babies. I wrote Ma Beebe.

Friday, November 14, 1930

Slept again - did a little washing and then went to third floor with the children and started pasting the last 2 dozen tallies of Miss Fors' order. At 12:30 I stop & got ready for Martha's lunch con party at the Tallys and in honor of a Mrs. Hughes and her little boy, visitors to town. Gen & Cat & Deborah were also there & afterwards we went to see John Boles & Laura La Plante in "Captains of the Guards". D. brought the children down the street & we went in to see Aunt. But there were too many callers there to be nice. He walked home with me. After dinner Hugie bawled & I made tallies. M-2. was here for a while & then Mrs. C.

Saturday, November 15, 1930

Hugie went hunting - no luck - so again I slept. Did an enormous load when I finally got up. Heine & the children went down town with me & I mailed Miss Fors' 104 cards! After lunch I rested a bit & then Heine came in to sew & then Ma & then Martha! Heine took children washing, then Martha & I had tea & then Ma left. I knitted Mrs. Jim Frost came to see M-2. who was out so came in here. She is nice. Put babies to bed early - Ellen is catching a cold, Jim afraid. After dinner I wrote to Aunt D. (!) & Miss Fors & then Heine read to me.

Sunday, November 16, 1930

I went to early church and put the altar things away afterward - rather enjoyed it. Then I came home to my starving family and spent the rest of the morning feeding them & was using dishes it seemed. Ellen has a terrific cold - had a very bad night. We all went to table to dinner where I ate so much - & the cocktail, too, that I fell asleep on the couch. We did not go out - too rainy and the children got sort of restless - poor Ellen with her runny nose. So I put them to bed early. Supper next door - helped with the dishes & then came home to write in my diary & knit when my tea time. Bea

Monday, November 17, 1930

Hi dear, oh dear - Dorothy couldn't come today. So I was busy all morning, washing, making custards & what not with two valiant helpers. After lunch I lay down to rest a bit and when tea came we all went to the third floor where the children played most happily and we mended my box & I knitted. That is a very nice room up there. Ellen's cold is still pretty bad - Din trying hard to prevent Beulah's catching it. After dinner Augie helped me with the dishes, like old times & then read some stories to me while I finished the booties. O

Tuesday, November 18, 1930

Attended to my duties promptly & went down town at 10.30
as we are having early
lunch so Hugo can
go off with Mr. Gost & try
articles to Harrisburg & the
church convention to elect
a new bishop. After he
left the children & I went
upon the back porch in
the lovely warm sun - 70° -
I mended & later the
jailed us - we stayed
there till five - every one
perfectly happy - the sun
is a marvelous thing.
Mr. D. & Heine came to
dinner & then Dorothy
stayed with the children
while I went to Grace's
to the bridge club - till
evening - then afraid I'm
catching cold - closed
myself well at bedtime.

Wednesday, November 19, 1930

Slept late and let Dorothy
attend to the children. I
feel rather lousy from
lack of sleep & sneezing
cold. Did my usual
work & then made Ellen's
blouses larger by ma-
chine until time to go to
Mae's to dinner. Heine's
fortunately picked us up
on the way or we would
be strolling there yet!
Took a little nap down
there while the set on
the floor & played with
the babies. He stayed
indoors as it's damp
outside. Heine came
for us at five. I ate
some sandwiches & gave
the babies to bed but
at 8 Hugo returned. I
of how they elected Bishop
Robert to take B. Darling's place.

Thursday, November 20, 1930

Henry had me up most of the night - he too has the cold now. I kept drinking preserve some pears and later when I went downtown with Ma I saw Dr. Dale go in his office & I went in & had a nice talk with him & came out with cold pills & something like cod-liver oil-vitrol or something. After lunch the children & I walked up to Martha's in the nice sunshine & then she came back with us & we came inside & sewed. Clit Ann saw pretty well. After supper Hugie went to bowl & I wrote to Bea - Harry cried so that I brought him downstairs for a while. M. D. came over too. I started a bag for Martha & her.

Wrote to Billy Appel to get me same thread for my bag.
Friday, November 21, 1930

Everyone slept beautifully. Did my work, including my Friday cleaning of the stove, then I met Ma for an extensive shopping trip but we did not finish so after lunch I took the children and again met Ma and we finished - materials for my Christmas presents. When we got home we needed & had refreshment & then I wrote on my bag & Ma left us. But Hugie came & he transplanted my little pussy willow tree from the flower bed to the back grass plot. After dinner Henry kept the children while Hugie & I went to the movies to see Nancy Carroll & Fredric March in "Daughter" - good. Then we sewed & read & talked.

Saturday, November 22, 1930

A.M. as usual except that I struggled to put away the little house the children have had on the back porch till next summer. Went down town on the run. After lunch I bundled the children, with their colds, and we went out to work in the garden a bit - to get it ready for winter. Then Ma came & we came in & I started cutting Tallies for 44 more than Miss Frio has ordered. Ma stayed with the children while I went to church with Heinie to fix the altar. Children are in fine spirits - I wonder if it is all the vitamin D they are getting! After dinner Augie tried in vain to get up a poker party for Dad - but I was glad he couldn't as he made hash. While I made '2 Tallies

Sunday, November 23, 1930

The children - & myself still have these old colds but we are pretty cheer ful. I did my work & then went to church leaving the children to Heinie. Dinner at Ma's - the last for many months, ha-ha. Ma & I took the children walking to see the spring & fish & then Aunt A. Then we went back to Granddad and Iacved. Marched the children up the hill at five & I got ready to go to the club with Heinie in Charlie's car, leaving the children to Dorothy to put to bed. Augie & Charlie had already walked to the club. Two supper. We were greatly tempted by nickel machines down there. Came home early & Iacved.

Monday, November 24, 1930

Washed & attended to various odds & ends. Went down town & ordered a vase for Ma & a frame for Hugie for Xmas. After lunch I got to work on a satin & gold evening bag and really it turned out to be beautiful. Ma came in and agreed with me. The children seemed to be especially plouferous - it's a wonder I even get anything done. Peenie came in, too & admired it. It is lots of fun making such pretty things I paid \$2.50! Hugie thinks I'm clever too - a boy! After dinner he had a poker party for Dad & I went to the bridge club at Pussie's where Jo & I beat them all five times. O

Tuesday, November 25, 1930

Sewed licenses on Hugie's hunting coat etc, etc - he is getting all excited - and I, blue. Went down town. After lunch Jim & little Jane came & we all went to the 3rd floor where Jim & I made dolls - I made 20. The children were marvelous. didn't trouble us at all. We came downstairs to tea & then went up again. It was nearly five - thirty when Dorothy phoned she couldn't come! I was frantic but Hugie helped me & we managed to put on a good meal. Afterward he went to school & I went with Peenie & Nina to the church to collect brass for I Love!

Wednesday, November 26, 1930

Snowing this morning! And
Din supposed to drive him
to Tyrore! Did my work
as usual & went down
town. After much deliberation
Hugie decided to drive him
and I went with them. We
were back again by three
thirty & so Dorsetty had
the children I got off at
Ma's & called Mimi, making
handkerchiefs for Evie.
Ma & I walked over to
see Aunt L. Miss Mary
Blanchard was there &
ordered 2 doz. Tallies & Dr.
Hale was there & ordered
women pills for Henry! - after
dashed him. After supper
M-2. here - Hugie packed
up & left with Pete for
hunting camp. I made
the last of Miss H's cards &
then drew a Tuna card!

Thursday, November 27, 1930

Strive to get the house
warm - of course it
would get awfully cold.
Gave Henry another women
pill - he doesn't seem
so well today. Went to
church at ten & Mima
helped me put things
in order there. Then I sent
out dresses for Tallies &
M-2. came over to a
chicken dinner with the
children. I left at one thirty
for Aunt L's where Ma &
Dad & Beau & Phil were
also dining - most sumptu-
ously. Beau & I came
up here for children & took
them down to Ma's where
we stayed till six. Beau
is going right back to N.Y.
Put babies to bed & Miss
Miss Iris Tallies & then
made 12 more for Aunt L. M-2.

Friday, November 28, 1930

Started working on the cellar at six, but the terrace was still cold at ten! ~~Figures~~ and a tool chest for Hugo and later when I went down town to mail the Tallies, I tried to find Mr. Mendel to make it. Lunch with the babies and then we cut out a pink calico cat to match the blue dog for the church sale. Ellen helped me stuff it. Henry counted to ten out of a clean sky! Ma came in later. Time to see her, but she looked tired. After I got the babies to bed I ate some grape nuts & then M-2 came over and I worked on the cat. George & Janet came to call and we had a really very nice evening. I sent out cards for Tallies.

Saturday, November 29, 1930

Henry actually slept all night. We all slept till seven and the house was nice and warm - I did my chores and went down town. M-2 came to lunch. Hugo came home about two - he got a doc - it was fine to have him back - he went up to take a bath and Ma came. I cut out and sewed up three dress covers for Minnie's shoes. Later Dad came too - walked all the way up. When Dorothy came I walked down the street with Dad - my bag gone - & went to the church to arrange the flowers which are in Dad's memory. After supper Hugo & I went to ~~call~~ Lo to call on Dad & Ma.

I sent out 53 Tally dresses in
the evening!

Sunday, November 30, 1930

Got the children dressed -
Thank Heaven I don't have
to tend the furnace! Then
I went to early church
with tea, & put away the
Communion vessels afterward.
After breakfast I did a few
shoes & then slid down
to Ma's - it rained & then
froze & the walking is
the worst I've ever seen!
I tried to help close the
house & then went with
them to Aunt L's where they
had dinner while Huguie
& I sat & talked to them - I
ate a drumstick! Then they
went to their train - boo-boo.
Me - I had dinner with us. I
worked on Heinie's covers all
afternoon while Huguie plays
with the children or quivers.
Heinie came home at six - supper
not done. Huguie & Pete went off

tried in vain to get a taxi
to take D. home at 11, so
Heinie got her car & we
drove out in the cold morning.

Monday, December 1, 1930

The children seem much
better and we all slept
till Dorothy came. I did
my work and then made
& covered partitions for
Huguie's bureau drawer - to
be present by Henry at Ma's.
Then I rushed downtown.
After lunch I got ready
for my tea guests - Peg
Warner & Olive Cliffe
who brought little Katharine.
The children had a trolley
time on 3rd floor while
we had peace downstairs.
I was making Tallies.
We had tea with the
silver tea kettle! Peg brought
2 boxes. I ate supper alone
& Mrs. Blair came over &
brought a bag! Good
for me! Then Heinie & I
to St. Mary's Guild at
dinner. Then home - a rare

Tuesday, December 2, 1930

Again we all slept long & well. Henry certainly is improving. Dorothy & I got the house nice & warm finally - I did my regular work & then took the children over to play in Richard's yard. I came back to work on my Xmas card. Later the children & I walked down to visit Heinie. After lunch I again got to work on the tallies I started yesterday - 2 doz. of them. Grace and Martha came & we had much gossip and tea. I enjoyed it more than yesterday. I got a pair of stockings from Ma in the mail - she gave me a pair before she left too! Supper next door then I came home to write to Ma & finish tallies. Heinie came over too & helped me quibble the olivish furman

con. - the Gundle shades I once made for me which I am now going to give to Aunt L. Wednesday, December 3, 1930
nice hat to have to put pressure on! O

The little fire was out when I got up - I'm glad Hugie is coming home today! Did my chores, put the children out with Richard & went down town, stopping to say goodbye to Aunt L. who has to go back to the hospital. After lunch I took the children down to the Mc Gurney Studio to have their pictures taken. It was quite an ordeal, although they were very good. Then we walked in the nice sunshine up to Grace's where we visited & had tea. Martha was there too & Janet came apologetically in. I started a bag Grace ordered. Hugie was home when we got back, he has a truck now besides the dog. Glad to see him but he had to meet me after dinner. I wrote on Xmas card & replied

was ever glad to have Hugie
come to make me! I got
busy ironing lot of church
things and Hemied dress
cases. Then I wrapt later for
Hugie also Aunt Li's shades.
Finally took the children
down to the P.O. with me -
Richard, too. After lunch -
Hugie away again to get his
deer head - I went to the
Parrish House to help sell
the fancy work - but we
did not have a good
crowd - every one is poor
this year. I spent the morn-
gave me for that purpose.
All my things sold except
2 linen bags. Donally had
the children on their way to
bed. After dinner Hugie had
to go to a Kistey meeting
so I made a dozen place
cards & Hemie came out with me.

Friday, December 5, 1930

Did my work promptly
and wrapt up a few more
presents, such as the
interest of Ellen & Richard.
Went down town early as
night after lunch Hugie
took me to William's port.
He took his buck head to
Beck's to be mounted & then
we went to the gift with
my husband and, then
did a little radio factory
shopping and came
home just in time for
dinner. It was a lovely
trip, I enjoyed every little
bit of it. After a reunion
dinner Hugie got busy
dividing the deer meat
and delivering it to
many friends. And I
got busy trying to make
a storing box for Ma
out of cardboard & silk.

Saturday, December 6, 1930

Henry sleeps all night now
and both of them seem to be
fine. Richard came over to
play with them upstairs
and went down town when
my chores were done. After
lunch I settled down to
make Tallie and Heini's
came over & she & Ellen
made scrap books - Henry
did a little of every thing -
it was raining & snowing
outside & nice and cozy
within. Later Passy came
with her work and we
all had tea. Finally I
put the children to bed
and at seven Hugo & Heini
& I went to Janet's to a
delicious dinner beginning
with oysters. Charlie was
there too and afterwards we
just sat & talked and I
worked on Emie's hairbrush. Nic

Sunday, December 7, 1930

No trouble keeping the children
asleep these dark mornings.
I did my work and then
retired to the third floor
with the children, where
I put out 4 dog. tally hats
& dresses. After a very
good new year's dinner, I
again made Tallie's
and Heini's & Ellen scrap
books. Heini & I were
kept amused by the
chatter of the children -
"Din making a book, Henry
say 'are you?'" "yes!"
Supper first floor
as usual and then
I went to church with
Hugo, and stayed to
hear practice for the
midnight service. ~~Wrote~~
is my diary, etc when
I got home. Wrote a
O. Long letter to Ma - ^{so much}

Monday, December 8, 1930

Had to wash bath babies at 7-
large washing and extensive
shopping trip filled my morn-
ing. After lunch Grace came
& I followed her down to run
the sewing machine and
then I left her & the children
to Dorothy and went down
to Gen's to make tallico. I
got busy on two dozen.
Later Grace joined us there
and we had tea and
much gossip. He stayed
late - we were enjoying
it so. Dorothy had the
children bathed when I got
back. I think she likes to
do it! After dinner Hugo
went to bowl & M-2. came
over & I dined with her for
a bit & then went next
door to the bridge club -
the cards were very puzzling
and we had a good time.

Tuesday, December 9, 1930

Stayed in bed after dressing
children until nine thirty.
After eating breakfast I
put the children out
with Richard, made
the beds and then settled
on the davenport to sew
Hugo's at Kiwanis, so the
children & I had lunch
alone. Then I stretched
my legs on davenport
& began to sew again.
Soon Grace came to
sew on machine and
we had very pleasant
afternoon - Grace talking
most of the time about
"willard". M-2. came in
with the proofs of the
children's pictures - a bit
disappointing but not so
very bad. After dinner I
hemstitched & Hugo bent
wires for my lamp & read the

Wednesday, December 10, 1930

Again stayed in bed, but
when I was finally up
& thru my chores I cut
out three white satin &
gold bags to fill my
orders. After lunch I
got to work on them.
I put Ellen & Henry out
again, this time on the
upper porch where they
were happy till three
when they came in - then
at four Henry's phone
for Ellen to go down town
with her & Hugo came home
to take off the screens & Henry
wanted to go out & watch
him so I seemed to spend
most of the afternoon
taking off & putting on bags.
After dinner Mother & Gage
stayed here while Hugo
took me to College to see that
Morris in "Bat Whiskers" Nice.

Thursday, December 11, 1930

I slept late again but
did a little washing and
went down town taking
the proofs back to the
Gannets to be printed.
After lunch I was
working on the satin
bags again, longing
for company, when I
sent Ellen over for
Mother & who came
with her sewing
and we had a very
pleasant time. She
could not get over
Henry's bouncing spirit,
he certainly is a
different boy than he
was two months ago.
After dinner I suddenly
remembered choir
practice & rushed to the
church. When I came home
I put the finishing touch on

Friday, December 12, 1930

A.M. much as usual
with a big was tieing
and a trip down town.
Richard over to play
with the children as usual
too. He is most convenient.
After lunch I got to
work on a dozen Tallies
the children playing
around contentedly. M.D.
came over for a little while
& then Winifred Challcross
came for her orders, and
we had tea, Heinie joining
us later. It was very
sociable, but I had to
wait till after dinner to
finish the cards. Then
Heinie & I went up to
Grace's to a party. But
I must be tired for
every one irritated me
and I could not win
any of the desirable prizes.

Saturday, December 13, 1930

Heinie went bear hunting
at six so the children
and I stayed in bed
until nine! Rushed to
get my work done
and take Henry down
town with me, also de-
livering some bags & talies.
Ellen went with Heinie.
Heinie's house to lunch
but no bears! Then I
settled down to make
Tallies - Heinie had the
children and it was
quite peaceful. Grace
came in for a while
to use sewing machine
but I am a bit tired of
her. After dinner I
wrote to Ma and
then Heinie & her Ma
came over to play
bridge - I had written
but hands - not evening

Sunday, December 14, 1930

Dorothy came in time
for me to go to church.
The Bullock baby baptisms.
Dorothy brought the children
down to select me and
me went to P.O. & delivered
letters to Peg Warner & Mrs.
Curtis. After dinner Charlie
came for Hugie and Winnie
came over here. I put the
tassels on Jo's bag and
finished prayers. It took
me all afternoon altho
I had expected to have
time to do my piled-up
darning - Darned Ma! The
children as usual kept
Winnie & me in silent
hysterics. The vitamin D
medicine certainly is
helping them. Supper next
door. Hugie went to church
and I, at last, had time
to sit down and read! O.

Monday, December 15, 1930

Did my large washing
and attended to my house-
hold and went down
town, stopping to see
Aunt L. for half an
hour - she doesn't
look much better - and
getting a hair cut. After
lunch the children & I
walked to Gault's for my
boxes, to Blanchard's
for baby breath and to
Linn's for Martha who
came back with us.
I worked on Ennis's tankin
and spent most of the
time eating the good
sticky prunes with
which Martha presented
me! We had tea, too.
After dinner Hugie took
me to the college to see
Marie Dressler in "Min
& Bill" - a wonderful one.

Tuesday, December 16, 1930

Did my work as usual. Had a time keeping the children out - it is very cold - but finally got down town to spend 18 buying things for Hugo. I was very late getting home - Hugo at Kiwano and M. D. & the children had already started to eat. After I had finished I put the children out in the sun on the upper porch while I washed diapers that had boiled this A. M. Finally I got to work ripping an old dress of Aunt Maud's & trying to recut it to a pattern. And I got dead tired - (baby?) After Hugo went out I again got to work & sewed up the dress it was no good! Heine

Wednesday, December 17, 1930

Got thru my work early and then Ellen and I framed pictures for Ma & Heine with celophane and passe partout. Then I went down town. After lunch I attended to a few things down stairs and then the children and I went to the third floor where Ellen & I tied up packages. She wrote the labels herself and we had a fine time. Later I came down stairs to rest but the kids fatigable played on. After dinner I wrote to Ma then Hugo tied up Ma's & Heine's packages for mailing and we addressed the Christmas cards in short order & to bed - o

Thursday, December 18, 1930

Didn't seem to get much done except my usual work & to tie up a couple of packages for mailing before I went down town. I spent a lot of time stirring the Mc Gervys into action with a photograph for Dad but Hugo was very late & finally I walked home without him. He came at one! business. After lunch Fred Haupt came to fix some windows. I wrote in my diary etc & dressed in my green array to go to Martha's sewing circle & tables of bridge. Martha's parties are always nice. After supper I worked a bit until time to go to choir practice for the midnight service. While Harry Ray & Pete came in.

Friday, December 19, 1930

Did my work promptly and met Hugo early to buy toys for the children. He kept fussing about how much work he had to do but he stayed right with me. We had a lovely time in fact. After lunch I tied up the rest of the packages for mailing and finally got to work on Grace's red dress which she insists on my taking, so I'm making it into a very snazzy affair. Nellie came over for a little while. Hugo went out to dinner & ate & read - & then went on with the dress - on and on until eleven when Hugo came home. But I think it will be ok.

Saturday, December 20, 1930

It snowed all night and a beautiful world showed itself in the morning light. The children, much excited went over to "Coast" with Richard. I went down town with Heinie after my chores were done. Lookt everywhere in vain for an iron train for Henry. After lunch the children went out for a while again and I lookt up mailing addresses for Xmas cards & washed some diapers that had been soiled. Then we got out the big sled & coasted down to Aunt L's. Mrs. Beach & the Hays were there & Henry met the dog! Cousin Nan helped me with my darning. Aunt L. doesn't look very well. After dinner Hugie & I licked the cards. 0 & Charlie came in & we all had tea.

Fred + Mary + children arrived
at 4:30 at Aunt L's - great

 To have them back again

Henry woke me at 5:30 saying
he had hurt himself! The
little rascal. Later when
Dorothy came I went to
church. When we came
out Henry was playing
with the two children on a
sled & when Henry saw
me he burst into tears!
After dinner I pleached
chekrows, etc, tied up the
photographs and then
painted the iron boxes,
getting paint on the
dining room table so
that I had to clean &
polish it. The children
were good & played
with each other but
under my feet of course.
Supper next door wrote
in diary etc, while Hugo is
used to sleep. Then I went to
clean & wash. - There is a

Wednesday, December 24, 1930

We slept a little later this A.M. and after I had my work done I took the children on the sled to get Hugie's topchest. And got it home just before he came in with presents for me! I went down town then & walked home with Linette. After lunch I took the children to the third floor & there I took a nap as well as I could. Hugie came home for a nap, too! I read "Loves night before Xmas" to the children and did a little mending, etc. When the children went to bed they hung the stockings from Mrs. Appel. Very calm. After nice supper at home Hugie & I put together the velocipedes from Bean - delivered our presents and got to work on the tree. Chaly came in. Dorothy came at 4 & stayed while we went to beauty: at service. Filled...

Thursday, December 25, 1930

Children woke at 7:30, kept them in bed till the house warmed up. Then they came in over beds & we all looked at our stockings - fun. They ate upstair while Hugie & I dressed & then we went down & saw how very generous Santa Claus had been. Everything was crowded. Henry went straight for some little cars and Ellen jumped from one thing to another. I managed to eat some breakfast some how. I spent the rest of the morning opening & helping to open presents. People came in for egg-noggs - house overflowing. Delicious dinner just cloa & then I took a nap while the children played beside me. Rey holds took arrives at about 4 - Late supper next door (avocadoes no sent) then Odance at C.C. while Heim stayed.

Friday, December 26, 1930

The children went downstairs to play with their new toys when they were dressed so I went back to bed & slept till afternoon. Did my washing and went down town. After lunch I took a nap in the davenport until time to take the children down to Aunt Louise's where they got more presents and played with Bill & Emce. Aunt Louise looked very badly - she is suffering. Today at noon I took poor little Richard Winters' measles present over to him - he has chicken pox. I hope mine don't get it. After dinner we, Hagie & I went to Grace's then tables of bridge, expecting to be bored but had the whole of our lives when Willard Osborne, Grace's beau, passed out my ~~big~~ balls.

Saturday, December 27, 1930

Again I slept late although I feel remarkably well after my troubles last night. I did my work & my shopping. And after lunch Aunt Gertie & the two Hess girls came to see us and then Mary, Fred, Phil & the children and still the house not being full enough Martha came and then Janet!! You could hardly move or think in here. Heine made tea at her house & brought it over. When they had all finally gone I put the tired children to bed. After dinner I wrote a long long letter to Ma & one to Papa. Then Mary & Fred & Phil came but we gave them nothing to drink so they didn't stay.

Sunday, December 28, 1930

Slept late again but got to church on time to sing in the choir. We had an early dinner as Hugo could take a walk with Charley before his Sunday school at four. Beautiful! I took the children out calling - first to see Janet and all her presents and then up to Martha's where we took off our things and had tea. John was wonderful, playing with the children the whole time. He made a great list - and finally brought us, sled & all, home in his car. Supper next door then I settled to write letters but Jo & Pete came in. Jo & I figured out the numbers to make plain tallies in my log.

Monday, December 29, 1930

Did my washing early & made an extensive shopping trip for my party tomorrow - mostly looking for little tooth brushes! After lunch I framed a picture of flying geese with cellophane and gave partout - had to do it twice before it was O.K. Then I tied up 16 tooth brushes and 8 knives, the latter for Hugo's Sunday school class, and the prizes for tomorrow - it was quite like Christmas timing! Put the children to bed and after dinner I wrote the names, etc. on the lovely etching tallies. Martha once gave me. Then we went to Heenie's & Pussio's party at the club - 40 three-red arrow money to play roulette etc. - great fun.

wrote in diary + to Kelly A.

Wed. early!

Tuesday, December 30, 1930

Started right in after breakfast getting the upstairs in order for the party. Then did the wash. Then set the tables. Then helped D. make sandwiches + before I could dress my guests arrived - Minnie, Mary, Martha, Cat, Gen, Grace, Pussay, Janet, Jo, Betty, Becky, Deborah, Peggy, Winifred + Olive! I gave them lemon camp, coleslaw, potato chips, sandwiches, tea, Tapioca pudding, cake. Each place had a red package to be opened at end of meal - the tooth brushes! They laughed at that. Then we played bridge - 1 table in dining room, living room, children's bedroom + the little den! Everyone seemed to enjoy it. Gen was first, a pair of jacks. Toivels - Jo, the picture of the goose. They left at 5:45. Huddled the children to bed - put things away, ate left overs. Mary's out + I

Wednesday, December 31, 1930

Feeling fine today but not able to get down to much work. Skut the children out and went down town.

After lunch I fell asleep on down port, Minnie beside me reading. All of a sudden she realized it was 3:30 + time for Cat's party! We rushed + got there not so very late - it was very nice - we played hearts for a change and had a great time - three tables of six each. Out the children + then Fred + Mary came to eat the version we had saved for them. They enjoyed it. Later the crowd gathered here, but we went next door to drink so Dr. friend's came to keep her company while we went to the Bell - not too

were playing golf. There we had a fine dinner given by Charlie, Jim Home and Steve Conyell - our tennis partners. Other guests were Mairan Home, Margaret Conyell, Dan & Helen Griffin and Lawrence Williamson from Winthrop. We had plenty to drink and later on in the evening we went over to the Legion Park where we rode the merry-go-round & danced. I was particularly entranced with the merry-go-round & once when Jim & I were all alone I rode two horses standing up & afterward was called Ben Hur. I seemed to drink a lot but just felt happy & unexpressed! Why shouldn't I be happy? Home & I drove home alone - happy - happy - O.

L'Envoi.

Good-bye 1930! You were
a rather disappointing
year - no little baby, but
lots of sickness. However,
I am glad you were no
worse! You brought
lots of happiness, too,
along with your worries!
But I am just as glad
to leave you behind and
start into 1931, hoping
for a little baby boy, a
strong luscious Henry and
an improved Aunt Lavinia.
The, poor soul, is starting
this year steeling herself
to have her big arm potato
and I pray that it may
not have to happen.
Good-bye! You, 1930, will
melt into the rest of the
past years and your dis-
appointments will melt.
